Nervous Worn-Out
 If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerve will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.
 "Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nerve, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."
 H. C. CLINNINGHAM, 108 Ellisworth Ave., Altoona, Pa.
 Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will be refunded if it fails, he will refund your money.

 Two weeks ago an item appeared in the Salem correspondence in the Herald saying that "Miss Susie Knox had lost her understanding while going home from school on foot." It was meant as a joke, and referred to that young lady losing her rubbers in the gumbo while going home from her school.  The Mother and Her Girls.
 "Do not be unduly disturbed, dear mother, at the dawning of a day almost sure to come in your experience with your girls," advises Mrs Sangster in Woman's Home Companion for April. "If they have strong characters, if they are able to stand on their own feet, they will reach a station where the train they take may lead them away from you. Girls have said to me, with a shade of sadness, that they regretted they must sometimes make decisions of which their mothers did not approve. One of the temptations to which we fallible mothers are liable is that of ignoring the obvious fact that grown up daughters or daughters nearly grown are not babies any longer and are not to be compelled to yield their individuality to ours. There are crises in young lives, and the only thing for a mother to do, having given such counsel as she thinks best, is to leave her daughters entirely free to work out their own problems. Enormous trouble and overwhelming disaster may follow interference in the management of other people's lives, and although daughters are part of your own existence, yet you cannot treat them as if you were an autocrat. Give your daughters room for individual expansion and liberty of choice."

One Dollar Cheaper.
 During the one week of April 22 to 27, inclusive, the Lincoln Daily News will accept \$2 from mail subscribers for a whole year to May 1, 1908. The regular price is one dollar more than that. This cut price is good only during this Bargain Week, and all you have to do is to mail your \$2 to The Daily News, Lincoln, Neb, during that time, and you will receive the paper until May 1, 1908.
 The News does not receive any free railroad tickets, and has out of several traveling solicitors. Instead of paying out railroad fare, hotel bills and other expenses, these savings will be given to our subscribers direct by this big bargain offer. More things are being done this year for the people in Nebraska than ever before. The new deal seems to suit everybody who has not had some sort of pull. The Lincoln News keeps in the midst of the fight and wants every man who believes in a square deal on its list.
 At \$2 for a whole year there is not a family in the state that cannot afford a daily paper. The News has the reputation of printing the truth and printing it plainly, no matter where it hits. Its the liveliest, snappiest newspaper proposition in Nebraska and if you become a subscriber at this cheap rate, you will stay with it for a long time to come. Remember the bargain week—April 22 to 27. The price will be \$3 after that week.
