## Physicians Recommend Castoria

CASTORTA has met with pronounced favor on the part of physioians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Sooond-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and perfect substitute for Oitor Oil It is absolutely safe. It does not contain any Opium, Morphine, or other narootic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Codfrey's Cordial, eto. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent childran through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are ontitled to the information.-Hall's Journal of Health.
