Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.

Does not change the color of the hair.

Ayer's — Formula with each bottle. Show it to your doctor. Ask him about it, then do as he say

The reason why Ayer's Hair Vigor stops falling hair is because it first destroys the germs which cause this trouble. After this is done, nature soon brings about a hair recovery, restoring the hair and scalp to a perfectly healthy condition.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Items of Interest from our Exchanges

Pender Times: Mrs J B Walden was up to St Paul last week with a sister.

Waterbury items in Ponca Leader: Mrs H Sayre is on the sick list. She is able to sit up but little, and is very weak.

Pender Republic: Mike Hicky who attempted to wreck a train south of town last spring, drew six years in the pen last week at West Point for his fun.

Lyons Mirror: Wm Phillips went to Dakota City Saturday....Our old friend C E Hedges is the N W station agent in the absence of S E Reed in California.

Emerson Enterpise: Our birth reporter announces the arrival of a daughter at the home of Mr and Mrs Henry McPherran....Geo Wallwey is assisting in the Farmers State Bank during the busy season. He is well educated, is a fine young man and ought to make a good clerk....The funeral of Etta Francis Whittecar who died October last from scarlet fever will be preached next Sunday morning at 11 o'clock by the pastor. Relatives and friends are invited.

Ponca Journal: A A King, of Homer, spent Sunday in Ponca.... Geo H Haase and Editor S E Cobb were courting in Ponca Tuesday. This is alright so long as their wives don't misunderstand what kind of courting they were doing....Jas Garner, living down between Hubbard and Homer, but who is now working at Brock's livery barn in this city, has one of the best trained horses we have ever seen outside of shows and better than a great many traveling performers have. The mare will weigh about 1000 pounds, is a dark dappled gray, a perfect beauty and answers to the name of Lilac. Among some of the many things her owner has taught her are to shake hands, tell the days of the week and also how many she will work, lie down and roll over, cake walk in harness and answer questions yes or no by a shake of the head. She has only one bad habit and that is that she smokes cigars.

Sioux City Journal, 14th: George L Carter and A M Green, deputy fish and game wardens, left yesteday to seine out the small ponds and bayous in the vicinity of Crystal Lake. All the game fish taken from such ponds will be transferred to the waters of the lake, so they may live through the winter. The small ponds generally freeze to the bottom, thus destroying many fish that might be saved....A marriage of interest to Sioux Cityans was that of Mrs Katharine J Van Hoven, formerly of Sioux City, to Daniel J Splane, of Chicago, on the evening of December 11, in the rectory of the Holy Name cathedral, North State and Superior streets, Chicago, Rev M F Fitzsimmons officiating. The bride, who was gowned in a handsome white broadcloth suit, was attended by her niece, Miss Nelly Davey, of Jackson, Neb. Her older son, Harry J Van Hoven, acted as best man. The ceremony was witnessed also by her younger son, Frank Van Hoven, and a few immediate friends. At the the auditorium annex a wedding dinner was served. Mrs Van Hoven is the widow of Theodore Van Hoven, a pioneer cattleman of this section and one of the founders of the Sioux City stock yards. She has been a frequent visitor to Sioux City and is still a taxpayer here and in Dakota county Nebr. Mr Splane is vice president of the Panama Portland Cemenent company, with headquarters in Chicago. Mr and Mrs Splane left for a short trip through the south, after which they will take up their residence in Chicago.

South Sioux City Record: Mrs Geo Boals has been visiting at the home of her son, Porter Boals, at North Salem this week....Mrs. Rose Bachman departed this week for Chicago, where she expects to remain this winter.... Mr and Mrs Albert J Sinkey left Monday morning for their home in Cherokee, Iowa, after a two weeks' visit at the home of Mrs Sinkey's parents, Mr and Mrs Frank Church.... A crowd of young folks gathered at the home of Miss Ruth McCormick Tuesday evening and a social session was had. The McCormick's are going to move to Wynot, where Mr McCormick has established a newspaper. They expect to go right away....The railroad from Ferry Switch to the Omaha depot in South Sioux Sioux City will be double tracked. At present the Burlington trains are switched to the Omaha track at Ferry Switch, and it is necessary for the roads to keep day and night operators at the switch, and to register all trains on both roads at that place. By building an additional track on the north side of the main line of the Omaha it will be possible to get the Burlington trains to the Omaha depot in South Sioux City without interfering in any way with trains on the Omaha line, and at the same time do away with the necessity of stopping at Ferry Switch and maintaining a station there When that change is made, all the work can be done at the Omaha depot, and the roads will keep day and night men on duty there. It is expected to handle the business in that way until the new bridge, the Burlington says it is going to build is completed.
