

## Cure Your Dandruff

Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Get more, too, at the same time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!

Do not change the color of the hair. Formula with each bottle. Show it to your doctor or ask him about it, then do as he says.

**Ayer's**

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid, nature completes the cure. The scalp is restored to a perfectly healthy condition.

Made by the J. C. Ayer Co., Lowell, Mass.

## Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn boys grown back to flesh again. That is impossible, but I can now surely kill the pains and paings of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. These sand-like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer with out help. We sell, and in confidence recommend.

Word came by telegraph Sunday to John Robertson announcing the death of his son, Verne Robertson, at Seattle, Wash. Death was due to heart failure. The remains were laid to rest in the cemetery at Seattle, where the death occurred. Deceased had been a sufferer with heart trouble for many years, and about fifteen years ago went west to try a change of climate, but received no benefit. Guy Cheney, a Dakota City boy, was with him in his last illness and was notified by telegraph to look after the funeral arrangements. The deceased young man was born at Blue Springs, Neb, in December, 1882. The family soon afterward moved to this place, where Verne received his schooling and grew to manhood. He entered the drug store of Ed J Raymond in this place when a mere boy, and later became a registered pharmacist. He and Guy Cheney were associated together in the drug business in Seattle for several years and only recently sold out. The sympathy of the community is extended to the bereaved relatives in the sad hour of gloom.

Piles are easily and quickly checked with Dr. Shoop's magic ointment. To prove it I will mail a small trial box as a convincing test. Simply address Dr. Shoop, Racine, Wis. I surely would not send it free unless I was certain that Dr. Shoop's magic ointment would stand the test. Remember it is made expressly and alone for swollen painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all dealers.  
The well known Grand Island Business and Normal college of Grand Island, Neb, has just announced that 250 more young men and 250 more young women will be admitted to the College this year and that no payment whatever will be required for school expenses until the pupils have time to graduate. They will then be placed in positions in banks and business offices and allowed to pay the college a small amount monthly until the bill is settled. This certainly is a grand opportunity and those who are interested should write for their circulars. This college has been established twenty years and is one of the biggest and most substantial schools of its class in the United States.  
Heat prostrates the nerves. In the summer one needs a tonic to offset the customary hot weather nerve and strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, listless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a failing appetite; it aids digestion; it will strengthen the weakened kidneys and heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by all dealers.  
The silver medal contest at the M E church on Sunday evening was a decided success in every way. The church was filled just about to its utmost capacity with a very appreciative and sympathetic lot of people. Each contestant evidently did well, as the markings of the judges show that they ranked very close together, which made the work quite difficult on the part of the judges. And since they sat in different parts of the church during the contest it is evident also that the contest was correctly decided as all the judges agreed on the superiority of the winner, Miss Myrtle Boston. The judges are to be praised for their impartial manner in making the award, and they have the thanks of those in charge of the contest.

Passing of the Winnebago Industrial School.  
Winnebago Agency, Neb., June 26, 1908.  
EDITOR HERALD:—  
Feeling in a reminiscent mood tonight I want to visit. As you know I am in the employ of the Interior Department this year, commencing the first of March. My business is additional farmer and stock man. I am detailed part of the time looking up leases and appraising lands that are offered for sale. But I will tell you all about that in another letter some time.  
What I wanted to tell about this time was a farewell party to Rev. Scudder and family, who leave in a few days for their new home in Oklahoma. There were about fifty friends who gathered on the beautiful lawn of our head clerk, Theo. Sharp. Our good agent, Oscar M. Waddell, made a very nice talk and in behalf of the many friends presented Rev. Scudder with a silver carrying set and Mrs. Scudder with a set of silver spoons.  
Rev. Scudder accepted in a most little speech. Lunch was served on the lawn and it consisted of all the good things you could think of. Mrs. Findlay, of Bellevue, Neb, was one of those present. Rev. Findlay, now deceased, was stationed here for years. There were others from abroad, but I can mention only a few: Craig Spencer, of Winnebago; Mrs. Dora, of Des Moines, Ia.; the banker and his wife of Winnebago; Prof. ——. I cannot tell his name, but he is one of the advanced students of Columbia University, who is studying the Winnebago language, and I want to say right here that he is a fine scholar and a gentleman.  
Living here is, in a measure, unsatisfactory. For instance, when I came here there was a full set of employees, but as this school was discontinued in June they were scattered far and wide. Our industrial farmer and his wife went to Oregon, our seamstress went to New Mexico; in the meantime Mr. and Mrs. Spicer came here and were transferred to Wisconsin. Mrs. Spicer is a daughter of the late Wm. Holsworth. Miss Crocker, teacher, goes to Oklahoma; Mrs. Morris, children's cook, goes to Arizona; Mr. and Mrs. Helm go to Pine Ridge agency; S. D. Mr. Helm was head teacher. Mr. Bradley, the engineer, goes to Leach, Minn. Miss Pierson, matron, goes to Kansas, and Mrs. Cook, field matron, to Ohio.  
So you see, one of the best sets of employees is scattered far and wide, and only one of all I have mentioned will be returned to this place. This school, that has cost many thousands of dollars and was fully able to take care of from one to two hundred and fifty scholars, is abandoned. It has not yet been decided to what use the buildings will be put. The Government will put up a day school, such as they have on nearly all reservations. It will take only a small force to run it—a man and wife and one teacher—the man to take care of things outside, his wife as matron and housekeeper and the teacher. The children will all go home at night.

Texas Panhandle.  
Do you know that the well informed, far-seeing, conservative land buyer is now investing his money in the Texas Panhandle, and he does it because he knows that land there will positively double and likely triple before two years hence. Our company owns every acre of land they offer for sale, they buy in large tracts at wholesale prices—thus the low prices and easy terms at which we sell. The Findlay ranch, the tract we are now selling is in Deaf Smith county and contains over 100,000 acres of nice, smooth, fertile land. It abuts right up to the new C R & P Ry, now in operation, reasonably close to the main line of the Santa Fe and with two new railroads to be built through this tract of land, work on one is already in progress and two new towns located in the Findlay ranch. The following taken from the Panhandle Progress has this to say of these new railroad projects:  
"Just as we go to press we are in receipt of a letter from the secretary of the Hereford Commercial Club in which it is stated that the city has raised the \$60,000 required of it by the promoters of the Colorado & Gulf railroad, and that work is to begin immediately upon that line from Hereford north.  
This road is of great importance to the whole Panhandle country, and particularly so to Deaf Smith county.  
"Continuing, Mr. Elliott writes—The Club has under headway another road from Tucumcari, N M, through Deaf Smith and other counties to the Orient railway in Knox county. The sum of \$200,000 has already been offered for this line. Hereford will put up \$60,000 or \$70,000 if the construction begins here and goes west to Tucumcari. The road as outlined would touch Kelso and go directly through the Findlay ranch.  
"At this writing the road seems to be among the probabilities of the near future."—Panhandle Progress, May 1, 1908.  
There is no nicer, richer or better located land in the Panhandle than the Findlay ranch. Price, and you have your choice of selection, only \$15.00 per acre—\$4.00 per acre down, and the balance in ten payments, 6 per cent interest. Remember we run our special train of Pullman tourist cars from Kansas City, eat and sleep on train at reduced rates. Our special train has right of way over track both going and coming, shortening the trip about 16 hours.  
Join our excursion July 7 and see for yourself the wonderful possibilities the Panhandle affords for profitable land investment.  
READ ON—  
Later information, on the excursion of July 7. Our company, in addition to the 35,000 acres in the Findlay ranch yet unsold, will open up for sale for the first time a new tract of over 90,000 acres. This new tract is located right along side the main line of the Santa Fe Ry, between Friona and Hereford, and is positively the choicest and best located tract of land now offered for sale in the Panhandle. The towns of Friona and Summerfield on the main line of the Santa Fe are in this tract of land.  
If you intend to go to the Panhandle at all this year come with us on July 7, or at least not later than July 21, and get in on the ground floor in this new opening of choice land.

Heat prostrates the nerves. In the summer one needs a tonic to offset the customary hot weather nerve and strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, listless, spiritless feeling will quickly depart when using the Restorative. Dr. Shoop's Restorative will sharpen a failing appetite; it aids digestion; it will strengthen the weakened kidneys and heart by simply rebuilding the worn-out nerves that these organs depend upon. Test it a few days and be convinced. Sold by all dealers.  
The silver medal contest at the M E church on Sunday evening was a decided success in every way. The church was filled just about to its utmost capacity with a very appreciative and sympathetic lot of people. Each contestant evidently did well, as the markings of the judges show that they ranked very close together, which made the work quite difficult on the part of the judges. And since they sat in different parts of the church during the contest it is evident also that the contest was correctly decided as all the judges agreed on the superiority of the winner, Miss Myrtle Boston. The judges are to be praised for their impartial manner in making the award, and they have the thanks of those in charge of the contest.
