After an illness of about ten days duration Mrs Mary J Triggs passed peacefully away at her home in this place, on Saturday evening at 8 o'clock. Her death was the result of a complication of diseases, and was entirely unexpected until the last few days of her life. The most of her children were with her at the last and did all in their power to comfort her as the sad messenger of death approached.

Deceased had been a faithful member of the Methodist church during her long residence in Dakota county, and her home was cheerfully given to aid the cause of christianity.

County Clerk W L Ross received notice the first of the week from the state board of equalization that the assessment on the lands in Dakota county had been raised by that august body 10 per cent, and this in the face of vigorous protest by some of the owners of real estate in the county that their assessment is already too high. How would you like to be on the board of county commissioners?

Parties who are thinking of looking over the Texas Panhandle ought to read what W T Bartlett has to say in another column in this issue about the Lower Panhandle country. His company has just opened for sale a large tract of land at Iatan on the Texas Pacific railroad which, according to Mr Bartlett's account of it, was greater merit than the Upper Panhandle country, which is now conceded to be very good in itself.

The footprints of dyspepsia have been directly traced to the stomach nerves. When these "inside nerves" fail, indigestion and stomach distress must surely result. For this, druggists everywhere are supplying a prescription known as Dr Shoop's Restorative. First, these tiny inside stomach, heart, and kidney nerves fail. Then gas belching, heart palpitation, or falling kidneys follow. Don't drag the stomach, or stimulate the heart or kidneys. That is wrong. Strengthen these failing nerves with Dr Shoop's Restorative. It is the nerves, not the organs that are calling for help. Within 48 hours after starting the Restorative treatment, you will realize the gain. A test will tell. Sold by all dealers.

Interstate Fair Notes. We are informed by F L Wrick, secretary of the Interstate Live Stock Fair, that he is daily receiving requests for space reservation in the Live stock department. He says that judging from the way inquiries are coming there will be many more exhibitors this year than last. He assures us that the live stock show will be better than ever and urges everyone to attend the Interstate Fair, which will be held September 7th to 12th inclusive.

If you want an outing this summer why not go to the Interstate Fair, which will be held at Sioux City September 7-12 inclusive? We are informed by the management of the fair that the grounds are being fixed up and put in condition for the entertainment of the ever-growing and thriving population in Sioux City's territory. The Management has recently secured reduced railroad rates over all roads coming into Sioux City. The fare will be only one and a half cents per mile, or 3 cents per mile return. Tickets may be purchased any time during fair week and they will be good until Sept 14th. The railroads have finally given in on their fight against excursion rates since the two-cent rate went into effect. They did it reluctantly and it is not likely that there will be excursion rates to Sioux City for any other occasion than the Interstate Fair for at least 12 months! If, therefore, you have some trading you would like to do in Sioux City it would be well to manage to do that at the time of the Interstate Fair and thus save part of the traveling expense. Notice has just been received by Secretary F L Wrick from the Parker Carnival company to the effect that the Interstate Fair will have the best shows this company has on the road this year. At no other fair will the Parker company make such fine exhibitions as they will at Sioux City. They will bring with them eight free shows and one of the finest brass bands in the Northwest. Their other shows will contain many new features such as have never been seen on the stage in this section of country.
