

REPUBLICAN TICKET

For President, William H. Taft. For Vice President, James S. Sherman. For Governor, George L. Sheldon. For Lieutenant Governor, M. R. Hopewell. For Secretary of State, George C. Junkin. For State Auditor, Silas R. Barton. For State Treasurer, Lawson G. Brian. For State Superintendent, E. C. Bishop. For Attorney General, William H. Thompson. For Commissioner of Public Lands and Bluffs, Edward B. Cowles. For Railway Commissioner, J. A. Williams. For Representative, Third District, J. F. Boyd. For State Senator, Eighth District, George W. Wittsc. For Representative, 16th District, John W. Hazlegrove. For County Attorney, Fred S. Berry. For County Commissioner, Edwin Morgan.

Organized labor is awake to the fact that Republican victory means unemployment on full time.

To restrict production, as the Democracy proposes, would be to hamper industry and penalize invention.

That work "over-time," for which organized labor demands extra pay, is far preferable in Republican times to the half pay, or no time and no pay results of the Democratic blight of paralysis to American industries.

The wage-earners of the country are not alarmed about the guarantee of their deposits. What they desire is the guarantee of earning those deposits, and Republican policy toward American industries affords the guarantee.

When democrats solicit a "complimentary" vote from a republican friend for their candidates for governor and state officers, how many stop to think that they would be aiding a change from present efficient management of state institutions and state departments back to the chaos and extravagance of democratic days when state institutions were a mere object of plunder to the hungry hosts of demo-pop politicians? Yet that is true and would be one of the results of a change of state administration. The wards of the state, the insane, the feeble minded, the reformatories, are all now in charge of men expert in their duties and responsibilities and of years of experience. A change in state administration would retire all these competent and experienced managers of all state institutions in favor of the hungry horde of politicians who want "jobs." Today every state institution is maintained efficiently within the appropriation made by the legislature. In the last biennium of demo-pop control appropriations were extravagantly overpaid to an amount in excess of \$180,000 which the legislature of 1901 was compelled to supply by means of deficiency appropriations. This over-lap has been caught up and disposed of and no deficiency is in prospect for the present biennium. This is the record of republican management compared to democratic incompetence and extravagance. Does any sane taxpayer, in the light of this record, desire to turn the state institutions over to democratic control? A vote for the democratic state ticket is a vote to do that very thing.

Compare These Records Before You Vote

CONGRESSMAN BOYD'S RECORD FOR FIRST SESSION OF SIXTYTH CONGRESS. Length of session, 138 days. Boyd attended, 137. Boyd absent 1 day, which was a memorial session on Sunday. Introduced forty-three bills, of which twenty-three were enacted into law. Secured \$127,000.00 in appropriations for the district. Aided in securing more than 500 increases of pensions. Aided in securing more than 150 new pensions. Voted for every measure before Congress approved by Roosevelt, except that he voted for two battleships instead of four, and he voted against every measure disapproved by Roosevelt.

SENATOR LATTI'S RECORD IN THE STATE SENATE. Length of session, 65 days. Latta attended, 49 days. Latta absent, 16 days. Latta excused from 25 sessions. Absent without excuse from 4 sessions. Introduced two bills, both of which were indefinitely postponed. (Sen. Jour. pp. 79 and 80.) Made two motions, one of which was a motion to adjourn. (Sen. Jour. pp. 84 and 85.) Voted against the child labor law

(Sen Jour. p 1064); against the direct primary (Sen Jour p 1169); although his party platform pledged him for it, against bill to prevent unfair discrimination in freight rates between different sections, (Sen Jour p 368); against bill regulating sleeping car companies, (Sen Jour p 1082); against bill for publicity of prices paid for grain by elevators (Sen Jour p 951), and he cast the only vote cast against the pure food law (Sen Jour. p 923). He did not vote at all on the bill to prevent railroads going into Federal courts and enjoining the State from collecting taxes (Sen Jour p 864); on the bill making it a misdemeanor to solicit money for vote (Sen Jour p 431); on bill to prevent bridge companies from pooling (Sen Jour p 548); on two-cent rate bill (Sen Jour p 653). (Mr Latta's platform pledged him to most of the above reform measures, for which he did not vote.

Mr voter, compare this record of achievement on the one hand with his long negative record on the other, and if you believe in the "square deal," if you believe in fair play, if you believe "one good term deserves another," we believe you will decide without a moment's hesitation that Judge Boyd's return to Congress is not only for the best interest of the district, but is in full harmony with the Roosevelt and Taft policy of progress and prosperity.

Items of Interest from our Exchanges

Pender Times: John Ashford was in town Wednesday evening enroute to Omaha.

Lyons Sun: Mrs Lewis Jeep was down from South Sioux City for several days last week visiting relatives.

Ponca Leader: County Attorney Pearson was attending court at Dakota City Friday. Mr King of Homer spent Sunday at the home of Mr and Mrs J R Pomeroy.

Emerson Enterprise: Attorney F S Rorry was in Kansas City this week on real estate business. Ed Maurice and Lars Sorenson have greatly improved their homes by having new enclosed porches built and new cement walks laid. H O Armour was in Emerson Tuesday and Wednesday greeting his many friends. He is now a traveling salesman for the Boland Book & Stationery Co. of St Louis.

Walshill Times: Little Mable Beam has been seriously ill the past week. Ed Lane was taken to Sioux City, last Friday, where he was operated upon for appendicitis. He is rapidly recovering now, although for a time his condition was considered very critical. Deputy United States Marshal Sides took Furnas Robinson to Omaha Monday, on a warrant charging the Indian with having introduced liquor on the reservation.

Pender Republic: Mrs Moll Niebur was down from Sioux City the first of the week to visit home folks. J A Shors of Homer, formerly of Thurston, has gone to Canada to look the country over with a view to locating there.

William Howe of Winnebago was arrested a few days ago, brought to Pender and lodged in jail on a charge of committing an assault with intent to murder. The complaint was made by Henry Niebur and his daughter Helen, was the party against whom the offense was committed. No hearing has been held and therefore no evidence is available but "they say" that Howe has had some domestic troubles and seeing Miss Niebur, mistook her for a sister-in-law and fired at her several times with a pistol. Fortunately his aim was bad and Miss Niebur escaped unhurt. Howe's hearing will come off today before County Judge Smith.

Sioux City Journal, 13th: Mrs O J Valentine will leave today for her home at San Bernardino, Cal, after a visit among old friends at South Sioux City. Last week she was given a surprise party at the home of M Higgins and was presented with a beautiful tablecloth. Mrs Valentine left South Sioux City about five years ago, after a long residence. She was well known as a good church worker. M O Ayres, of Dakota City, Neb, who is building a new bank building at that place, was in Sioux City yesterday conferring with the Lytle Construction company, which has the contract. When Mr Ayres first commenced the building it was planned to make it a one-story structure, 23 by 40 feet in size. Now he has decided to make it two stories, 30 by 50 feet in size. The upper floor will be arranged for lodge purposes. It will be known as the Bank of Dakota City.

Dakota County Record: Miss Minnie Swanson arrived here Friday evening from Omaha to spend a week at the home of her uncle, J A Williams. She expects to leave Monday. Mrs O J Valentine, who has been spending several weeks in this vicinity visiting relatives and friends will depart next Tuesday for her home in San Bernardino, Cal. Miss Zoa Harris, of Ponca, visited friends here several days this week returning Thursday. Miss Harris was clerk in the postoffice here several months the past spring and winter. Mrs Chas Church, who has been in a Sioux City hospital several weeks, recovering from a surgical operation, has sufficiently recovered to permit bringing her home. She will be brought home Saturday. Sunday afternoon the sailboat belonging to Ray Hamilton, of Sioux City, was capsized in the middle of Crystal Lake, throwing its occupants, Ray Hamilton, Elmer Soney, and Alfred Slayter, of Sioux City, and Oscar Stamm and Alfred Savige, of South Sioux City, into the deep water. Bert Bradford, deputy game warden, was near the boat when it went over, and hurried to rescue the men who were floundering in the water. The wind was blowing harder than usual, and that added to the narrowness of the lake made it very difficult to handle the craft.

Does the farmer and business man fully realize the great value to them of the railway commission legislation enacted by a republican legislature and how many abuses have been righted by application to the commission, thus avoiding the tedious, expensive and long-delayed litigation formerly necessary to establish individual rights when contested by a railway corporation. Hundreds of cases of complaint from Nebraska citizens have been adjusted by the commission when the delays and expense of former conditions would have left the complainant practically helpless and forced to endure what he was powerless to cure. The republican policy of performance, of promises kept and carried into effect, is responsible for the new and changed conditions.

A GOOD INVESTMENT

Nebraska Reaps Large Returns From Republican Rule in the State.

When a man invests his money in any enterprise he usually does so with the expectation of reaping something of profit; of drawing something in the way of dividends from his investment. The people of Nebraska have "invested" in the republican party in recent years. It is reasonable that they ask what have been the profits to the people; what dividends have the people received for their investment of confidence in the republican party? To name all the valuable returns the people of Nebraska have received would require a volume.

The Nebraska republican platform of 1906 contained seven important pledges to the people of the state, everyone of which were "redeemed" by being enacted into law by republican votes in the legislature and approved by governor Sheldon.

The principal pledges were: 1.—A memorial to congress to enact a law compelling railroads to pay their taxes at the same time and in the same manner as private persons are compelled to do.

2.—Twenty-four republican senators, fifty-six republican representatives, a majority in each house, enacted the bill. 3.—Anti-Pass Law. Twenty-five republican senators, sixty-three republican representatives, a majority in each house, enacted the bill.

4.—Railway Commission Law. Twenty-six republican senators, sixty-two republican representatives, a majority in each house, enacted the bill. 5.—Employers' Liability Law. Twenty republican senators, fifty-nine republican representatives, a majority in each house, enacted the bill.

6.—Municipal (Terminal) Taxation of Railway Property. Twenty republican senators, fifty-one republican representatives, a majority in each house, enacted the bill. 7.—Pure Food and Dairy Law. Twenty-six republican senators, fifty-six republican representatives, a majority in each house, enacted the bill.

Each and everyone of these measures were promptly approved by the republican governor of Nebraska, Hon. George L. Sheldon, who has again been selected by the republican electors of the state at the recent direct primary election to head the republican state ticket as the candidate of the party for re-election to the high office he has so ably filled during the past two years.

The legislative vote above given by which these important measures were enacted shows plainly that the republican party is alone responsible for this progressive legislation and is entitled to the credit for these meritorious laws. While the time since their enactment has been comparatively short, it has been long enough to indicate conclusively the enormous importance of these policies to the people of the state and many of the direct benefits flowing from them to all the people of Nebraska. The Railway Commission law alone has already proven to be of immense importance and has, without injury to the railroads in their legitimate earning powers, saved to the people of the state millions of dollars in freight and passenger rates, cutting off the free-pass evil and equalizing railway charges between persons and places on a practical "square deal" plan, whereby the humblest receives substantial justice and the most powerful are helpless to force an unjust discrimination in their own special interest. If the Railway Commission would have been well repaid for their investment of confidence in the republican party of this state. But this is not all the republican record, in fact but a fraction of republican achievement of the same period. The careful, business-like and economical administration of all state institutions under republican state officers has kept them all at a high standard of efficiency, as the people desire them to be, yet at a cost demonstrating careful and economical supervision; state funds have been kept invested earning larger interest returns by thousands than ever before in our history; the state debt has been reduced from two and one-third millions to less than half a million. In a thousand other ways, too numerous to mention here, the people have profited by their investment of confidence in the republican party of Nebraska.

Democratic Inconsistency. The democratic leaders have been for years making loud declarations against corporations and trusts and railroads and have, nevertheless, instituted legislative steps in all this time for the purpose of restraining abuses. They are now indignant that the republican party, in carrying out the promises of its own platform, is putting into practice the principles which they, with a superb self-complacency, claim are really covered by a Democratic patent.—Hon. Wm. H. Taft, at Greensboro, North Carolina.

Six Out Stacks Burn

While the Barnett machine was threshing at Guy Sides' place Thursday afternoon sparks from the engine set fire to the grain stacks and six stacks of oats went up in smoke. Being short of coal wood was being used for fuel, and the sparks are more numerous when wood is substituted for coal.

Society is Sound.

In spite of the general comfort, there have been made manifest by signs not to be misunderstood, a quickening of the public conscience and a demand for the remedy of abuses, and the outgrowth of this prosperity, and for a higher standard of business integrity. Every lover of his country should have a feeling of pride and exaltation in this evidence that our society is still sound at the core.—Hon. Wm. H. Taft, at Columbus, Ohio.

HIGH SCHOOL NOTES

Mrs G L Town, of Lincoln, one of the editors of the Nebraska Teacher, visited the High school Monday afternoon and gave the members of the high school room a very interesting talk.

RE Evans and Mesdames Spencer and Bouton visited the several rooms of the high school last week.

The four grades in the high school room were organized into a literary society of three divisions Friday, each division having a president and a secretary. The first division, of which Esther Leamer is president and Ethel Strong Secretary, will give a program Oct 23.

The 9th grade are studying civics now.

The pupils of the grammar room were divided into sections for the purpose of doing regular rhetorical work. The first program will be given November 6th.

Oswald Lischke is absent this week. Mary Hiersche expects to go to Luverne, Minn, to visit a few days with her mother and other relatives who expect to meet there.

Frances Avres has re-entered school after a week's absence. Earl Sides is absent this week on account of sickness.

The following have been absent at least one day this week: Nana Neiswanger, Lettie Helkes, Vera Bougous, Margaret and Hal Bredenbaugh.

The 2nd and 3rd grade made a change in their program Friday afternoon by darkening the room, lighting jack-o-lanterns and indulging in various games and songs. R E Evans and Mrs Von Hagen were visitors.

A number of the county pupils are absent gathering potatoes.
