## CURRENT HAPPENINGS

### FAITHFUL CHRONICLE OF ALL IMPORTANT ITEMS.

### RIDERS ARE GUILTY

### JURY BRINGS IN A VERDICT ON MURDER THURSDAY NIGHT.

Although Jurors Pleaded Mitigating Circumstances in Case of Six Found Guilty in First Degree, the Court Will Sentence Them All to Hang.

With a verdict of guilty the jury in the night riders' trial at Union City, Tenn., reported at 8:45 p. m. Thursday night. The twelve men found Garrett Johnson, Tid Burton, Boy Hanson, Fred Pinon, Arthur Clear and Sam Applewhite guilty of murder in the first degree, and fixed their punishment at twenty years in the penitentiary.

The punishment of the six first named defendants was left to the court, and maybe death or life imprisonment. The court has indicated an intention to pronounce the death penalty.

The defense made a motion for a new trial, which was set for hearing Saturday, and which will then be overruled. Sentences will then be imposed.

The jury was out since 2 p. m., but because of the illness of Juror Rosson had not been able to consult until 6 p. m. There was a difference of opinion among the jurors as to the degree of guilt of the defendants, but an agreement was reached quickly.

The court was convened at 8 p. m., and the jury sent word that it would be able to report shortly. At 8:45 p. m. the bailiff called for the county physician. Juror Rosson was in a state of collapse and needed attention.

It was half an hour before Rosson was revived, the jury filed in and six dentures were summoned to carry in the bed upon which the sick juror reclined.

The foreman announced the verdict. The defense called for a poll, which was made, and the judge dismissed the jury.

Rosson's condition is such that it was deemed not advisable to move him. The defense demanded until Monday to move for a new trial, but the state opposed it and the court fixed Saturday as the day, intimating that the motion was a mere form anyway, which would be overruled.

The defendants received the verdict calmly, as they had been expecting it since the closing of the arguments. Attorney Pierce turned to them when it was announced and said: "We will fear this case to pieces in the supreme court."

The state expected a verdict of first degree murder in all eight cases and was disappointed.

"Bob" Huffman, one of the men to escape with twenty years, is the one who, according to the confession of Frank Rehringer, fired the shot which killed Capt. Ranken as he was being drawn up by the rope.

### FOUR BOYS ARE CREMATED.

### Perish in Fire Which Destroys Home—Rest of Family Have Close Call.

Four boys, aged 8 to 16 years, sons of Christ Lee, near Rice Lake, Wis., were burned to death in a fire early Thursday which destroyed their home. Mr. and Mrs. Lee and three small children escaped from the burning house in their night clothing. With the thermometer registering 32 degrees below zero, Lee and the members of his family who escaped started for the nearest neighbor's house, a mile distance. Mrs. Lee and two children collapsed when within a quarter of mile of the neighbor's house and the husband was compelled to carry the three. The third child had both feet frozen.

### Vanderbilt Must Pay \$100.

The civil court of the Seine, in Paris, ordered Harold S. Vanderbilt to pay \$100 to a peasant named Gulgard, who was struck recently by Mr. Vanderbilt's automobile near Nice. Mr. Vanderbilt had already given the man \$300 voluntarily.

### One Killed and Three Hurt.

One man was killed and three injured in a wreck on the Missouri Pacific railroad, eleven miles east of Kansas City, Mo., when a local passenger train collided with the caboose of a freight train which was being side-tracked.

### Bomb Wrecks a Saloon.

A bomb thrown by an unknown person partially wrecked a saloon of John Morris in Twenty-second street, Chicago.

### Sioux City Live Stock Market.

Thursday's quotations on the Sioux City live stock market follow: Top beefs, \$6.00. Top hogs, \$5.95.

Big Fire at Texarkana, Ark. Shortly after midnight fire in the Hayden Dry Goods company and the E. L. Chatfield Hardware company's establishment and Cassidy's saloon at Texarkana, Ark., caused a loss estimated at \$200,000.

Movements of Warships. The battleships Georgia, New Jersey and Nebraska have arrived at

### GRISCOM GIVES SHIP.

### Italy's King Presented with Steamer Bayern.

The report from Messina that typhoid fever has broken out there has filled the authorities with alarm and apprehension. It is realized in Rome that unless proper sanitary precautions are taken at once the disease may spread far outside the ruined districts. Even though the present cases may prove to be dysentery, it is well known that this disease under such conditions as prevail at Messina and Reggio would be likely to prove just as fatal as typhoid itself.

According to well known medical authorities it is the latter disease that has been responsible for the death of almost whole armies in time of war, and the exciting cause is unwholesome drinking water and the indigestion of articles unfit for food.

Physicians are inclined to think that dysentery is more to be feared than any other disease in devastated regions.

King Victor Emmanuel Tuesday received Ambassador Griscom, who presented him with the steamer Bayern in the name of the American relief committee, representing the American people. The Bayern is loaded with provisions and medical supplies and is ready to proceed to the strait of Messina. The king was greatly pleased and said that the Americans were always first.

His majesty advised the ambassador as to where the steamer should proceed as to the best means of distributing its supplies to the unfortunate.

Thirteen thousand refugees have arrived at Naples up to date, of which some 6,000 are wounded. They are receiving the best of care, but many have died of their injuries and others have gone mad.

More than 50 per cent of those taken out of the ruins after three days did not have strength enough left to survive their terrible experiences.

The United States gunboat Scorpion left Naples Tuesday carrying supplies, principally of sterilized milk, for distribution at Messina under the direction of the American committee.

The latest news from Reggio shows that earthquakes occurred there Tuesday, the shocks being about twenty minutes apart. One of the heavy shocks caused the collapse of a number of broken walls and added to the terror of the survivors who remain there.

### HAS MARRIED 2,811 COUPLES.

### Rev. Alfred H. Burroughs Built Hotel to Accommodate Couples.

The Rev. Alfred Harrison Burroughs, of Bristol, Tenn., known as the "wildcat parson," because of the remarkable record he has made at marrying people, closed the year 1908 with a record of 2,811 ceremonies in eighteen years. This represents the number who have eloped from Virginia and West Virginia to be married in Tennessee, where the laws are more favorable for the marriage of minors.

Mr. Burroughs had a hotel erected for the purpose of entertaining bridal couples. This building contains twenty-two rooms, including a bridal chamber. He is now past 75 years of age, but is still active, being enthusiastic about his unique business. He meets all trains from Virginia and carries on his arm from three to four umbrellas as a means of accommodating his patrons with shelter in the event of a shower.

### Did He Exceed Authority?

Whether the secretary of agriculture exceeded his authority in creating the board of pure food referees and whether he acted in conformity with the spirit of the law in setting aside \$100,000 for the work of the board is the subject of an investigation that the house committee on agriculture is now carrying on. When Secretary Wilson comes before the committee he will be questioned on the subject.

### Experimenting with Oil Burners.

The United States monitor Cheyenne, recently the Wyoming, steamed out of San Francisco harbor Tuesday bound for southern California ports, where she will probably remain three months. The vessel recently was fitted with oil burning furnaces and the present trip is in the nature of an experiment to determine the effect of fuel on the boilers.

### Carrie Nation to go on Stage.

Carrie Nation is to be seen on the stage of a London music hall. She has accepted an engagement to give a series of lectures for a vaudeville syndicate, which pointed out the excellent opportunity she would have in advancing her campaign, and guaranteed, as far as lay in its power, courteous and attentive treatment.

### Big Loss by Fire.

The plant of the Putt Sound Mills and Timber company, of Hollington, Wash., the biggest shingle mill in the world, burned Monday night. Loss, \$415,000; insurance, \$150,000. W. L. Cleveland, a saw filer, was burned to death and several other persons had a narrow escape. The fire started from a hot box.

### To Keep up Fight.

After March 4 next the activities of Senator Foreaker will be transferred from the United States senate to the courts. While no definite understanding has been reached concerning his course, it is believed he will become attorney for some of the Brownville soldiers in an effort to test the constitutionality of the president's action in

### IN PLAIN LANGUAGE.

### President Rebukes Senate's "Presumptuousness."

President Roosevelt Wednesday informed the senate in plain terms that he had approved the absorption of the Tennessee Coal and Iron company by the United States Steel corporation and had instructed Attorney General Bonaparte not to respond to the senate inquiry as to the reason for his failure to prosecute the steel company. The president declares he does not conceive it to be "within the authority of the senate to give directions of this character to the head of an executive department."

The message is in response to a resolution introduced by Senator Calhoun calling on the attorney general to state whether he had brought an action against the steel company because of its acquisition of the Tennessee concern.

While the resolution was not directed to President Roosevelt, his attention was called to it by Attorney General Bonaparte.

Commenting on the attorney general's letter, the president says: "As to the transaction in question, I was personally cognizant and responsible for its every detail. For the information of the senate I transmit a copy of a letter sent by me to the attorney general on November 4, 1907.

"I have thus given to the senate all the information in the possession of the executive departments which appears to me to be material or relevant on the subject of the resolution. I feel bound, however, to add that I have instructed the attorney general not to respond to that portion of the resolution which calls for a statement of his reasons for non-action. I have done so because I do not conceive it to be within the authority of the senate to give directions of this character to the head of an executive department or to demand from him reasons for his action.

"Heads of the executive departments are subject to the constitution and to the laws passed by congress in pursuance of the constitution and to the directions of the president of the United States, but no other direction whatever."

### POWERS MAY WAIN CHINA.

### Situation Brought About by Dismissal of Yuan Shi Kai.

The American, British and Japanese ministers are acting upon the principle that the situation brought about by the dismissal of Grand Councilor Yuan Shi Kai at Peking, China, resulted in a strong attitude on the part of the powers and a warning to the prince regent against any administrative act that might endanger peace. The German, Russian and French ministers appear to be without instructions from their governments and are awaiting developments.

The officials of the Chinese government have intimated inquiries concerning the treatment of Yuan Shi Kai on the part of the legations would be unwelcome, and that, moreover, the Chinese government is not prepared to receive representations from foreign governments on the subject.

### LOSS IS QUARTER MILLION.

### Fire Does Much Damage in the Business District of Springfield, Mo.

A fire early Wednesday at Springfield, Mo., destroyed the Baldwin theater building and a number of other structures in the business district and badly damaged the \$400,000 Colonial hotel. The total loss is a quarter of a million dollars. Fire Chief Kananda was painfully hurt. The fire was caused by an explosion in the basement of the theater, which was a five-story structure. It was occupied by offices as well as the theater. From the hotel over 200 guests fled to the street. All escaped in safety.

### ENDS MOVING PICTURE WAR.

### Said \$15,000,000 Merges Will Crowd Many Places Out of Business.

A \$15,000,000 merger, according to announcement made, will end a moving picture war that has been in force for many months. The merger will result, it is stated, in crowding out of business nearly 50 per cent of the moving picture places. It is planned, it is stated, to do away with the sale outright of films, which heretofore can only be rented from the Film Service association.

### Gates Is for Free Trade.

John W. Gates has joined the ranks of those who are asking for free trade in iron, coal and lumber. In a letter to Speaker Cannon, which was referred to the committee on ways and means, Gates declares these articles should be put on the free list and that a cut of 50 per cent in the steel schedule would not affect the manufacturers of iron and steel in this country.

### Operates Line by Telephone.

The Atchison, Topeka and Santa Fe railroad Tuesday at Chicago stated that it would operate its entire main line from Chicago to the Pacific coast by telephone instead of telegraph. The cost will be about \$2,000,000, but the company believes it will insure more safety.

### Dogs Attack Refugees.

Dogs now constitute one of the dangers to earthquake refugees at Messina. These animals, starving and often rabid through lack of water, gnaw corpses like hyenas and frequently attack the refugees themselves.

### Leads in the Graft Inquiry.

George W. Guthrie, mayor of Pittsburg, is now in the public eye on account of his alleged connection with the

## NEBRASKA STATE NEWS

### ELOPING COUPLE ARRESTED.

W. A. Brown, of Lincoln, and Grand Island Woman Found at St. Louis.

A pathless scene was enacted in the Central District police station at St. Louis Sunday afternoon when William Brown, aged 2, entered the cell of his father, W. A. Brown, traveling salesman, of Lincoln, Neb., aged 29, who grabbed the child and kissed him repeatedly. Brown's wife, who followed the boy, gazed a minute at the scene, then stretched out her hand to her husband. Brown had been arrested in company with Miss Mildred Cramer, of Grand Island, at 209 Washington avenue, where they had lived three weeks as Mr. and Mrs. W. H. Kilham. Both women are 20 years old, pretty and look enough alike to be twin sisters.

After Brown and wife had conferred, Brown said: "I will return home with my wife. I do not know what possessed me to leave her. We had been happy continuously. I met Miss Cramer at Grand Island, where she lived with her father and mother. She said her mother last night if we had not been arrested through a letter she wrote home."

Miss Cramer told Chief Detective Smith that when she boarded Brown for deceiving her by telling her he was unmarried he promised to marry her as soon as he could get a divorce. She said she did not expect to return to her father and mother's home. She said her mother first informed her she was living with a married man (Brown) in a letter.

Mrs. Brown announced she would not prosecute.

### POOL IS CHOSEN SPEAKER.

### After Close Contest He Wins Out at Lincoln.

In a long and bitterly contested caucus held Monday in the Lincoln hotel, after sixteen ballots had been taken, in which the result was in doubt to the very last, 65 democratic members of the Nebraska lower house elected Charles W. Pool, of Johnson county, speaker of the house of representatives over his chief opponent, H. R. Henry, of Holt county. Pool's election is a victory for the anti-local optionists, Henry, his strongest opponent, having made his campaign for the speakership on this issue.

Henry led on the first ballot by 3 votes, Pool, defeated Henry Richmond, of Douglas county, another strong anti-local optionist, 12.

On the third ballot many of Stocker's supporters switched, and combining their strength the anti-local optionists elected Pool in the lead until the final ballot.

Mr. Pool is an editor and publisher at Tecumseh, 55 years old. He is a devoted follower of W. J. Bryan, and regarded in sympathy with Mr. Bryan's position on the monetary policy of deposits and other measures advocated for in the democratic state platform.

The twenty democratic senators in caucus elected W. H. Smith, of Scott and E. A. Walrath, of Osceola, assistant secretaries.

For clerk of the house the contest was most bitter, three ballots being cast before Tremaine Cone, of Saunders county, defeated Henry Richmond, formerly editor of the Fremont Herald, by a vote of 35 to 32.

### TWO CITIZENS LEAVE.

### Arrived on Same Train Almost Eight Years Ago.

By a singular coincidence State Auditor Barton and Charles E. D. Hamlin, both terminate on the same day a residence in Grand Island that was begun on the same day. Mr. Hamlin has resigned his position as cashier of Commercial State bank and will take a position with a bank at Julesburg. Mr. Barton has resigned his position as grand recorder for the Ancient Order of United Workmen and leaves for his new duties at Lincoln. Both came in the same train on July 1, 1901.

### Some Bad Dollars.

Several pieces of counterfeit money have come to light in the last few days around Kearney. Two or three supposedly silver dollars are now in the hands of local police. The money is a coarse imitation, apparently being made of lead and babbitt. It is thought that the work is being done in the immediate vicinity.

### Good Price for Land.

George Townsend, of Tecumseh, has bought James M. Mayer's 300-acre farm, two miles west of that city. The price was \$20,000, of \$100 per acre. It is claimed this is the first tract of Johnson county land of over 100 acres to bring \$100 per acre.

### Farmers' Institute at Humboldt.

The two days' session of the Humboldt farmers' institute, just closed at Humboldt, is pronounced by many of those in attendance the year's best and most profitable meeting of farmers and their wives ever held in that part of the state.

### Rob a Hardware Store.

Breakers broke into Nelson & Mack's hardware store at Oxford near York Thursday night, securing a number of razors and revolvers.

### Farmers' Institute at West Point.

The annual convention of the Commercial Farmers' Institute for the west point district will be held at West Point on Thursday and Friday, January 14 and 15. Sessions being held in the afternoon and evening.

Hotel Almost Complete. The third story of the new National hotel at Falls City is now enclosed and has been turned over to the plasterers.

### FIRE LOSS AT ARAPAHOE.

### Most Destructive Blaze Takes Large Amount of Property.

The most disastrous fire in the history of Arapahoe occurred Saturday afternoon at 2 o'clock, burning the Hartman, Pugh, Saylor and Clark 170-story brick buildings and entire contents. Owing to the storage of a large tank of gasoline near the source of the blaze if any property was saved. The loss on buildings was: Hartman, \$5,000; insurance \$5,000; Pugh, \$2,500; insurance, \$1,800; Saylor, \$5,000; insurance, \$1,500; Clark, \$2,000; insurance, \$1,200; heaviest loss, Sherburne, \$2,500; insurance, \$2,000; Motman, \$2,000; insurance \$1,800; Olson, \$500; insurance \$400; Larson, \$500; insurance, \$450; Deobner, \$500; no insurance; Pugh, \$1,000; insurance, \$500; and several other losses. A building owned by R. E. Pugh, valued at \$500, was torn down and destroyed to stop the spread of the flames and the stock was moved at great damage. The origin of the fire is unknown.

### MOTORISTS HAVE CLOSE CALL.

### Automobile Wrecked on Missouri River Bridge.

Five men from Rockport, Mo., were at Nebraska City Saturday in a large automobile one of them, being the sheriff and the other a physician. They started home late in the evening and crossed the Burlington bridge across the Missouri river at a high rate of speed, and when near the east side failed to notice the short turn and struck a post and all were thrown out and the machine turned over on them. One of the men had his collar bone broken, another part of his ear and all of the party were more or less injured. The bridge men started the machine and they were taken home. Had the machine gone a little farther it would have broken the guard rail and plunged the men and machine off of the bridge to the ground, some fifty feet below.

### EXCITEMENT CAUSE OF DEATH.

### Young Man Drops Dead Account of Worry Over Accident to Father.

Ray Palmer, aged 19, fell dead in the street in Gibson at 2:30 Friday afternoon. Excitement over his father's accident in Grand Island Tuesday morning in which Mr. Palmer had both legs cut off below the knees by a locomotive train, together with heart disease from which he has suffered for several years, is given as the cause of his death.

H. P. Smith had been to Grand Island to see his father and was coming in on No. 13 and Ray was on his way to meet him when he dropped dead. Everything possible was done to revive him, but nothing could be done.

### SHELDON'S HOLD CONVENTION.

### Omaha Selected as Place for the Next Meeting.

The schedule of the state closed their semi-annual convention at Grand Island Friday. The principal topic of this meeting was in reference to salaries and salaries in the smaller counties and a committee was appointed to prepare a schedule of salaries for the coming year. Omaha was selected as the place for the next convention in July.

The following officers for the coming time were elected: President, James D. Hildner, Grand Island; vice president, J. M. Babbs, Nance county; secretary, H. S. Page, of Fillmore.

### MANY BUSINESS CHANGES.

### Two Important Business Changes at David City.

Two important business changes took place at David City Saturday. J. F. Fritter, who was formerly in the drug business, bought out Dwight J. Reed and will continue in the drug business at Reed's store. Curtis Young leased the Peoples hotel from L. E. Doby for a period of ten years. Hardy Streeter, the present lessee sold all the hotel furniture to Mr. Young and will give possession in a few days. Mr. Young is an old resident of that place.

### Court in Twelfth District.

The terms of district court in the Twelfth district will be held by Judge B. O. Hestler as follows: Jury Term—Buffalo, May 3 and December 4; Custer, February 8 and October 4; Dawson, March 8 and November 8; Sherman, September 14; Equity Term—Buffalo, March 1; Custer, May 24; Dawson, June 7; Sherman, April 6 and November 30.

### The Cattle Steal at Uten.

Twenty-five head of cattle were stolen Wednesday night from M. Lovell, who lives near Uten, in Seward county. Mr. Lovell was away from home at the time. The work was done so quietly that no one of the cattle was set being found by the officers.

### Pale Charged with Robbery.

On complaint of Frank Thieler, a resident of Arapahoe, 70 years of age; R. A. Martin and Harold Nyboe, pool hall owners, were arrested at Grand Island

## STATE FINANCIAL

### Secretary W. R. Mellor, of the state board of agriculture has mailed out a statement of the needs of the state board and also what has been accomplished during the last few years at the state fair grounds in the way of permanent improvements, together with the appropriations made by the state legislature. Among other things the statement says: There are three buildings which the state fair management cannot hope to erect on the state fair grounds without legislative help. They are a live stock pavilion such as other states enjoy; a steel and reinforced concrete grandstand to seat 10,000 people, and a machinery hall. It is possible for the management to permanently erect, out of its profits from time to time, a recreational hall, horticultural hall, ladies' rest room and domestic products building, dairy, poultry, bee and honey buildings, burns and such smaller structures which can be erected with less than \$20,000 to \$30,000 each, but it is entirely out of the question for the management to ever hope to secure a surplus necessary to erect any one of the first three mentioned structures. The appropriation to the state board of agriculture is but \$2,000 per annum and the printing of 5,000 copies of a manual of 4,000 of which are distributed at our farm institutes, sent out by money furnished by the state board of agriculture. This board, out of its funds, has also furnished practically all the money for promotion and running of our various state corn shows, and contributed the first \$500 to the Nebraska corn commission, which was the funds used for all the early Nebraska promotion of the National Corn exposition at Omaha. This board has for years been an advertising agency for the promotion of the agricultural interests of Nebraska and in such capacity gives information to thousands outside as well as inside the state. It has initiated, fostered and proposed nearly every meritorious agricultural law on our statute books and its influence as a factor for Nebraska's public upbuilding has been without a peer.

### CHICAGO

Commerce settled into the usual quiet attending the close of the year, but not without further evidence of substantial recovery and encouragement for the future. While pressure upon weak concerns added materially to the trading deficits reported, the elimination makes a healthier credit situation, and it is significant that no especially serious crisis occurred to disturb confidence. Payments through the banks make a gratifying exhibit, those for the month being the greatest since October, 1907, and nearly 40 per cent greater than for December, 1907. The weekly gains recently noted are well sustained, and the loss for the entire year is seen to be hardly 2 per cent, a result which is remarkably good in view of the adverse factors. Unusually extended holidays in part account for reduced movements of commodities and crop marketings at this time, but retail trade was well maintained in seasonal merchandise and stocks have become low. Failures reported in the Chicago district number 63, against 22 last week, 28 a year ago, and 29 in 1908. Those with liabilities of more than \$5,000 number 11, against 6 last week, 1 a year ago, and 9 in 1908.—Dun's Review.

### NEW YORK

Seasonable quiet is reported in wholesale and jobbing trade, traveling salesmen preparing to start out next week. Confidence in good spring business is general, results of inventories thus far available indicating that reports of depleted stocks were not exaggerated. Conservative buying during the past year made the statistical position very strong among dealers. Open weather retards sales of heavy-weight wearing apparel. The same influence operates, on the other hand, to facilitate outdoor work, and estimating rooms are busy on plans for future construction. After some overhauling and repairs the leading industrial plants will resume next week with larger forces than at any time during 1908.

A quiet closing of the year was expected in the markets for iron and steel, but an improved demand is anticipated early in January.

Few buyers are in the primary markets for textile fabrics, stock-taking and the holidays combining to make the past week the duller of the year.

Hides are quiet, but prices are maintained, packers and dealers anticipating that tanners will soon enter the market and operate on a liberal scale. Leather has continued dull.
