The operation occupied almost an hour, and some of the stones removed were as large as walnuts. Owing to the age of the patient, 65 years, her condition is still doubtful. Last evening she was reported as resting easily. The operation is regarded as remarkable. Not in years have so many stones of such size been removed by Sioux City physicians. Sioux City Journal 1: Mrs J Willmann, of Jericho Springs, Mo., from whom over 100 gallstones were removed Friday, is convalescing rapidly. The Consumers Ice company will finish harvesting ice today. The last cakes will be hauled over the runways into the houses. The harvesting of ice this winter has been difficult for Sioux City ice dealers, and the crop promises to be exceedingly short. The Consumers Ice company reports that the houses have not all been filled, but that work must stop because of the poor quality of the ice. The weather during the last month has been particularly hard on the ice men, for during most of the cold snaps snow fell, which greatly hindered the work, and during the thaw periods the surface of the ice was unsafe because of the melting snow. For several weeks ice cutting was suspended altogether because of warm weather.

Emerson Enterprise: Mary Ryan, of Jackson, spent a few days at home this week. W G Merten and family have moved to their new home in Sioux City. Miller Bros of Hornick, Iowa, have purchased the Geo Cook farm 8 miles northeast of Emerson paying \$58 per acre. They moved out the first of the week. Mrs Fred Stolze passed away Sunday at the home of Herman Stolze. She had been in poor health for some time and of late had suffered greatly from asthma and complications. The funeral occurred Wednesday from the Lutheran church conducted by Rev E V Nusbaum and was largely attended by sorrowing friends and relatives. Maria Stolze was born Jan 23, 1839 in Dahlen, Saxony, Germany. She was married to Fredrick Stolze in Germany, in 1864. They came to America in 1870 and first lived in Chicago. Since 1883 they have resided in Emerson. Three sons, Herman, Charles and Henry and her husband survive her death. Mrs Stolze was a model wife and mother, her memory will long be cherished by her relatives and friends.

Sioux City Journal, 2: Suffering from a gunshot wound in his right arm, self inflicted while out rabbit shooting, John Christopherson, the 16-year old son of T Christopherson, of Crofton, Neb, arrived at St Joseph's hospital yesterday for treatment. The muscles of the right arm were torn away, but it is believed the arm will be saved. Last night the boy was resting easily after the wound had been dressed. Although Dakota City is a convenient place in which to get quietly married, developments in the district court of Wood-

bury county indicate the marriages are not always successful. Divorce petitions were filed by Mrs Clara Johnson and J A Westcott. The Johnsons were married in Dakota City on December 21, 1908. Mrs Johnson says that within a week afterwards her husband, H B Johnson, assaulted her and beat her over the head with the butt of a revolver. She claims that he has since brutally assaulted her with his fists and weapons, and that on January 16 she became afraid to live with him and left him. Because she threw flat irons at him, tried to hit him with glass and shined chisaw in his direction with no small degree of accuracy J A Westcott asks for divorce. The Westcotts were married at Dakota City, Neb, April 19, 1905, and lived together until July, 1908. The wife is accused not only of exercising her throwing arm, but of calling the plaintiff "vile epithets in the presence of others" and threatening to kill.
