Phillips and son, Jess, came down from South Sioux City, Monday morning and drove from here to Deatrice, where Jess has accepted a position in a store.

Sioux City Journal, 17th: Preparations are being made to fix the Nebraska draw of the combination bridge so that it can be opened when a steamboat desires to pass up or down the stream. Last week when the government boat Mandan whistled for the draw it was found to be so badly rusted that it could not be opened. The channel is on the Nebraska side of the river and it is necessary that the draw be put in working order. Last night a force of men from the Sioux City Service company under the supervision of David Long, an expert, readjusted the bridge trolly at this point so that the draw can be swung without interfering with traffic. New iron rollers were set, and it took the men until early this morning to make the improvement.

Pender Times: Miss Leona Smith went to Hubbard yesterday. Mrs. Harry Pounds, of Hubbard, was down to Pender this week returning home Wednesday. A quiet little wedding occurred at the home of Mr. and Mrs. G. Graves near Nora, on Wednesday, April 7, 1909, when their daughter, Belle Emma, was united in the holy bonds of matrimony to Cyrus O. Twiford, just as the clock struck the hour of 12—noon. The bride leading arm of the groom, and accompanied by Mr. and Mrs. McGuire, Pender, marched into the parlor and in the presence of a select company of friends, Rev. J. Lonsberry Phillips, of South Sioux City spoke the words made them husband and wife. The bride was raised in this vicinity, is a most estimable young lady, and has a large circle of friends who will join the Times in extending congratulations to the happy couple.

Emerson Enterprise: F. F. Haase was a Sioux City visitor Monday. Mrs. Ryan returned to school at Jackson Tuesday. Miss Mayme Eckerman returned to Jackson Tuesday morning, where she is attending school, after a short visit with her parents. Augusta Schopke was born Sept. 4th, 1826 in the Prussian Province Brandenburg, Germany. He died last Sunday, April 4th, at 4 p. m., of old age. He was married first in 1848, six children were born to them of which four have since died, one in infancy. He brought his family to America in 1876 settling in Iowa, where his wife died the same year. He was married again and came to this part of Nebraska in 1885. Last year his wife died here and since that time he has been living most of the time with his grandson, H. Stark Jr. Two children, Mr. Rudolph Schopke and Mrs. G. Messerschmidt survive him, also 23 grand-children and 14 great-grand-children. His age was 82 years 7 months and 8 days. The funeral was held from the residence of H. Stark Tuesday at 2 p. m. in the Lutheran church, Rev. Von Nusbaum conducting the services, interment at the

Emerson cemetery. Many friends and relatives attended.

Sioux City Journal, 18: Miss Jennie Bridenbaugh, of the senior class of Morning Side college, left last evening to take the position of principal of the Battle Creek high school for the remainder of the year. Miss Bridenbaugh has a sufficient number of advanced credits so that she can drop out at this time and still be graduated in June. She will have charge of the department of mathematics at Battle Creek in addition to her duties as principal. At a meeting of the teachers' committee of the college a few days ago Miss Bridenbaugh was elected to the position of mathematics instructor for the academy at Morning Side for next year. Believing that the coming season at Crystal Lake will be one of the best in the history of the resort, the work of electrifying the lake is being pushed by the management. Workmen have commenced putting in place the copper wire connecting the rails. The work was started at the South Sioux City terminal. The new cables with the arms, which will keep the line in position, have arrived, and beginning early the coming week the work of hanging both will be commenced. Two new electric cars and two trailers have arrived. They are as large as the largest of those now in use on the Sioux City Service company lines, and it is thought they will accommodate the crowds moving lakeward. The old gasoline cars will be used on the Dakota City line to the lake. The managers of the enterprise are of the opinion that traffic to the lake would have been much heavier last year with better transportation facilities. An innovation at the lake this year will be the new bath house, which will be erected by the Foye line management. It will be a two story structure, 70 by 30 feet in dimensions. The lower part of the building will be devoted to the bath-rooms, while in the second story it is proposed to serve meals and light refreshments, such as are demanded by the visitor to a pleasure resort of this kind. The new bath house will have also a double balcony on the lake front. Several boats have been launched at the lake during the last few weeks and several more are being built. The cottage grounds have been nearly all leased to residents of Sioux City and the managers take this as an indication that the season will be a good one.
