SUMMARY OF THE NEWS OF THE WHOLE WORLD.

TEXAS COAST STORM

HUMAN TOLL OUTSIDE OF GALVESTON IS TWELVE.

Razed Buildings, Prostrated Wires, Demoralized Train Service and Destroyed Crops Left in Wake of West Indian Gale.

The West Indian hurricane which swept from one end of the Texas gulf coast to the other Wednesday claimed a toll of twelve human lives outside of Galveston, fatally injured four others and seriously wounded sixteen, according to the details of the storm available in Houston, Tex., Thursday night. Whole towns were devastated and the wreck and ruin to property will amount to hundreds of thousands of dollars.

Some of the towns along or near the Texas coast where it is feared great damage may have been done, but from which nothing yet has been heard, are Lavaca, Indianola, Rockport, Galena, Victoria, Columbia, Edena and Matagorda.

In Louisiana points in Cameron parish are reported to have suffered severely from the hurricane.

At Bay City about 50 per cent of the business section was damaged, including the opera house, one bank, the courthouse, the new high school building and the city jail. In the jail the cages were left standing and the prisoners were exposed to view, but were safe. Every building in Velasco near Bay City was unroofed or practically demolished and the town is under four feet of water.

Engle Lake seems to have suffered on a par with Bay City. But few houses there escaped the fury of the storm. The same situation is reported from Lissie, Nowatta and East Bernard, though there were no fatalities. Corn fields were leveled, but cotton withstood the storm well.

At El Campo the electric light plant is wrecked, all elevators are badly damaged and almost every church in town is demolished or partly wrecked. In the oil field around Marshall derricks were blown down and wells stripped of machinery.

BODY FOUND IN TRUNK.

Grotesque Discovery in Lodging House at Lynn, Mass.

A body, believed to be that of an Armenian, was found in a trunk in a lodging house at 148 Liberty street, Lynn, Mass., Thursday. The head was mutilated and there was a bullet wound over the heart. The body was fully clothed and in a pocket a bank book was found bearing the name of Minas K. Morjian. The room was rented eight weeks ago by Frank Jones, a shoe factory worker, who, it is said, had not occupied it recently.

The body was discovered by Mrs. Beattie Rollins, the lodging house keeper, and her husband. On May 30 a new trunk was brought to the house for Jones.

Mrs. Rollins said that there never had been any disturbance in the room and that nothing ever had been noticed there to arouse suspicion.

In the bank book was a note which read: "If anything happens to me notify L. E. Adams, 388 Center street, Jamaica Plains."

How long the body had laid in the trunk is not known.

PROGRESS ON CANAL.

Work Going Forward Rapidly All Along the Line.

Substantial progress in canal construction all along the line is shown by reports coming to the Washington office of the Isthmian Canal company. Excavation work approximates 80,000,000 cubic yards, almost as much as the total quantity of dirt taken out by the French during the period they were engaged in operations there. Less than 100,000,000 cubic yards of earth remain to be removed from the ditch. Col. Goethals has estimated that the great waterway will be ready for the transit of ships by January 1, 1915.

Four hundred and eighty concrete monoliths had been laid when the north section of the floor of the great Gatun dam spillway was completed recently. Thirty thousand cubic yards of concrete were used in this section, each monolith being thirty feet long and twenty feet wide. The section, which is one of three necessary to complete the spillway, is 960 feet long and 300 feet wide.

GALE AT GALVESTON.

Tempest of Hurricane Volume Strikes City.

Ten dead is the total number of lives lost, so far as is known, in the hurricane which swept over the gulf of Mexico and struck Galveston Wednesday morning and continued until after mid-day. While the city of Galveston was held safe against the fury of the storm by the government's \$2,000,000 sea wall, far out in the gulf on the Tarpon fishing pier, seven miles from the city, where the storm whipped over the jetty into the bay, ten persons were washed from the rocky promontories into the gulf.

Those drowned were members of a fishing party and employees of the Tarpon pier marooned in the jetty.

Fortified behind her 17-foot sea wall and elevated to a point above the danger line, the city passed safely through a hurricane which resembled somewhat in intensity the disastrous storm of 1900.

Part of the island upon which the city is situated was again inundated, the overflowing sea water reaching a height of seven or more feet. That portion of the island which has been protected suffered comparatively little harm. No lives were lost and the property damage will not be very large.

The water backed up into the main streets of the city and for a time heavy losses were feared. The principal damage, however, was confined to the beach front, where bath houses and pleasure piers were swept away, but shipping was undisturbed.

It is reported that there has been considerable loss of life at Palacios and Blessing, two small towns on the gulf in Matagorda county. It is also reported that Bay City suffered greatly from the hurricane.

Dawson surrendered to the police and Zeelig went to the police station to appear against him.

BUTLER STRIKE OFF.

Standard Steel Men Return to Work.

The strike which for four days tied up the Standard Steel Car company's works was settled Tuesday at Butler, Pa. The 2,500 employees of the plant will return to work. Both sides yielded points in an effort to reach an understanding.

The strike was brought to an end through the efforts of Rev. Father Bezweski, of the Polish Catholic church in Butler, under whose advice the men have been acting almost from the beginning. Following the presentation of an ultimatum by the men, Attorney Levi M. Wise and Father Bezweski were called into consultation with company officials. The latter agreed to take back all of the workmen and consented to a reduction of 8 per cent on delinquent rents taken from the pay envelopes of the men each week. Father Bezweski, acting for the strikers, then agreed to abandon the men's demand for an increase in wages and consented to the company's statement that it would follow its usual custom in such matters. An agreement was drawn up, which was ratified by the strikers.

Following the announcement of the settlement of the strike, it was agreed that the twenty-three men in jail in connection with the labor troubles be released immediately on a nominal bail.

The first effort ever made in the United States to enjoin both the principals and the commonwealth failed Tuesday when Judges Ford and Brown, of the common pleas court, sustained the demurrer of the Pressed Steel Car company to the petition for injunction made by the Public Defense association of Pittsburgh against the company, the striking employees and the sheriff of Allegheny county.

Clemenceau and His Ministers Send in Their Resignations.

On a vote of confidence in the government the vote stood 176 in favor and 212 opposed.

M. Clemenceau and his fellow ministers immediately proceeded directly to President Fallieres and offered his resignation, which the president accepted.

NEBRASKA STATE NEWS

FATHER MURPHY WINS.

Court Refuses to Grant Order of Bishop Bonacum. The injunction case of Bishop Bonacum, of the Catholic diocese of Lincoln, against Father Murphy came up in the district court at Seward Tuesday. That tribunal refused to make permanent the restraining order against Father Murphy which was made as a result of the bishop recently attempting to take charge of the Ulysses church. The court declared it had no power to restrain Father Murphy from performing duties pertaining to his calling, and refused to make permanent the restraining order issued against the priest. The result of the court's action leaves Father Murphy in charge of the church at Ulysses. He stated in a brief opinion that he had no intention of leaving the church in the edifice Sunday morning. What further action Bishop Bonacum will take was not stated.

TAXPAYERS SCORE EXTENSION.

Thurston County Residents Do Not Like Addition to Alotment.

The extension of ten years in the trust period of the Omaha allotments has caused no little disappointment among taxpayers of Thurston county. Most of the allottees, they say, are living on the land except what is put there by the renters in most cases. Taxes exempt from taxation. These lands have become valuable under the cultivation by the white people. The rents each year are increasing, varying from \$2 to \$7 per acre, with no improvements on the land.
