Continued from last week

Our next stop was at Forest Grove, where we visited the home of Mrs Wattrons, nee Kate Fair.

From there we returned to Portland where we spent a week seeing the sights of the Rose City and saw more and finer roses than we had seen in all our lives before. We stayed longer because there had been planned that we might be there during the rose festival and we were more than repaid. We went to the rose show, and to one who loves flowers, it was worth going almost any distance to see. We left Portland Friday morning, and reached Seattle that evening. The next day we went out to the A T P Exposition where we found many fine exhibits from California, Oregon, Washington, Alaska and Yukon. Our Government building is fine, and contains so many things of interest for both old and young. On Sunday we met John Stinson, and part of that day and the day following we spent with him viewing the city. We found John looking fine and very favorably impressed with the west.
