

You May Need It

Ask your doctor about the wisdom of your keeping Ayer's Cherry Pectoral in the house, ready for colds, coughs, croup, bronchitis. If he says it's all right, then get a bottle of it at once. Why not show a little foresight in such matters? Early treatment, early cure.

We publish our formulas from our medicine bottles. We urge you to consult your doctor.

Ayer's

Many a boy is called dull and stupid, when the whole trouble is due to a lazy liver. We firmly believe your own doctor will tell you that an occasional dose of Ayer's Pills will do such boys a great deal of good. They keep the liver active.

As announced last week The Herald was awarded the privilege of furnishing the Official Program for the Pioneers and Old Settlers twenty-eighth annual reunion to be held August 26th. The privilege was let by the privilege committee on sealed bids, and The Herald's bid was several dollars higher than any other. So if anyone solicits advertising for an official program other than the one issued by The Herald they are not only trying to bunco you, but are also trying to deprive the Old Settlers association of one of its sources of revenue.

The musical recital under the direction of Miss Ada Hart at the M E church Saturday evening was a decided success, every way. Each child and young person who had a part on the program did well. Perhaps we ought to make special mention of little Miss Grace Hartzell, who delighted the audience with her pleasing and efficient character delineation. Mr F A Wood, whose singing is always heard with pleasure and profit by Dakota City people, was up to his usual standard and many comments of a favorable nature were heard of his singing. That Miss Hart is not only an efficient but a very painstaking teacher of music was proven in the efficient manner in which each pupil acquitted themselves, and everybody regrets that such an able and patient teacher is to leave our midst. As an evidence of appreciation on the part of her pupils they presented her with a beautiful cut glass tea set at the close of the exercises.

Carrie Hausen, of Omaha precinct, visited friends in town Wednesday night.

The Homer ball team will play the Black Knights at Crystal lake park Sunday.

Carl Fredericksen slipped away from his Hubbard friends Thursday and was married to Mrs Marie Beck by Judge D C Stinson. The Herald joins in wishing them happiness.

Ross Hammond, internal revenue collector, returned to Fremont today after spending a delightful month at Crystal lake. Ross seems to think he has lost his cunning as a fisherman, as they were not overly fond on fish during their stay here.

Jas D Foster of Walker's Island, was arrested and brought before Judge Stinson Monday on a charge of bastardy, preferred by Lucy Martin, the 18-year-old daughter of Fred Martin and wife of South Sioux City. Foster was held under bonds of \$500 to appear before the district court.

Miss Emma Evans of Rockwood, Pa, cousin of R E Evans; Edith McCaskey of Onawa, Iowa, and Louis McCartney, wife and daughter of J. A. Mabel, of Wilmerding, Pa, arrived here Tuesday for a few weeks visit at the home of Judge and Mrs R E Evans. Mrs McCartney is a sister of Mrs Evans.

To my many friends and patrons:—Here I come with the best and most complete line ever handled in Dakota county. Still on the road doing business. Her husband departed this life twelve years before.

Teachers Institute

The annual session of the Dakota county teachers institute convened here on Monday with a very "fair" attendance. County Superintendent Mary V Quinn is being ably assisted in the work by Miss Nellie May Schlee, of Peru, who has assisted in institute work here before with the best of satisfaction, and Prof C F Garrett, of Saco, Iowa, who has had considerable experience in institute work and on the lecture platform. His lecture, "Lighthouses and Lanterns," Wednesday evening at the court house hall, was very interesting and was thoroughly enjoyed by all. The session closes this afternoon.

Following is the enrollment:

Live Stock Exhibit at the Interstate Fair

No more practical exhibit ever was made at an agricultural and live stock fair than that which the United States government will make at the Interstate Live Stock Fair, which will be held in Sioux City, September 20th to 25th.

The exhibit will be made under the direction of the Department of Agriculture, and of itself furnishes an illustration of the sensible way "Tama Jim" Wilson of Iowa, has of administering the affairs of his office.

The exhibit will consist of pathological specimens, showing diseases and infections of live stock. Diseased glands, diseased tissues, diseased blood, and in short, specimens of every disease with which domestic animals are afflicted, will be exhibited in hermetically sealed containers. The causes of these diseases will be explained in the talks of the experts, who will also point out the way to prevention. The importance, to the breeders of live stock, of such an exhibit with the accompanying lectures by government experts can hardly be exaggerated.

The Federal display will be in direct charge of Dr G A Johnson, chief of the Western Division of the Bureau of Animal Industry, with headquarters at the Sioux City Stock Yards. It will be located in the same building at the Fair Grounds with the exhibit of the Iowa State Agricultural College, which will be presided over by Prof P G Holden.
