ST. PAUL, MINN. Deal direct with the largest and oldest house in the West. Highest prices and immediate cash returns. Write for price list, tags and TRUTH has one good friend left anyway, Time.

Time is the revealer of truth, as well as falsity, Time proves the truth and exposes the faults.

And you can ride down any country road in this country, or any village, town, or city street and see for yourself what Time has done to bring out the facts about paint. Over there you see a muddy, bleary-looking house - dulleyed, as it were—low vitality, paint that is

dying—dead, may be. And there in a stone's-throw away, one that fairly gleams with the reflection of living light, bright, clear, with that brilliant sheen and radiance of gloss that tells you the story of what's in it just as truly as if you

were looking into a mirror to see your own self. Time has proven absolutely that Horse Shoe Brand House Paint, manufactured by the Mound City Paint and Color Company of St. Louis, is the truest paint manufactured in this country or any other country. It's the one paint that does what good paint ought to do, and so much more than you expect that any paint will do. This is because it is made of nothing but the highest quality white lead, zinc, and best aged linseed oil. One gallon goes twice over a surface as high as a six-footer and 50 feet long - and stays there at least

three years and sometimes ten. It pays to know what's good in paint. It pays to know where to get it. All we have to say is that we know absolutely that Horse Shoe Brand Paint is the straightest, highest quality, honest priced paint for honest work that we can get hold of. Made by the same

house for twenty-six years. Sold on its merits; on its character. Remember, too, the Mound City Paint & Color Company manufactures a complete line of the highest quality paint specialties - a Horse Shoe Brand paint for every use: Floor Paint, Barn and Roof Paint, To-Wauk-On Stain, Screen Paint, Wagon and Implement Paint, etc., Grecian Enamel for the Bathroom, Iron Beds and the like. And so we claim it pays to know that there's one paint store in this town where you can get good paint advice; and there's some color cards you ought to have, too, if you're going to paint-they're

free - to you - here at the store - come and get them. Dakota City Pharmacy W. L. ROSS Before the Cold Spring Rains
