The readers of this paper will be pleased to learn that there is at least one diseased disease that has been cured in all its stages, and that is Catarrh. Hays' Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hays' Catarrh Cure is taken internally, setting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and sending nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
