SOUTH SIOUX CITY

From the Record—
Roy Wilson, of Omaha, spent a week with his brother, Ora Wilson.
Miss Ida Jeep was an over Sunday visitor at Lyons with relatives.
Work on J. W. Haslegrove's new tenant cottage was commenced this week.
Mrs. Dora Gill, of Alliance, Neb., is visiting relatives here this week. Mrs. Gill formerly resided here.
W. C. Metz, of Three Trenches, Mont., is here visiting his mother, Mrs. F. A. Metz, and other relatives.
Mrs. Julia Mikessel and daughter, Miss Gertrude will leave this week for a visit with relatives at St. Petersburg.
Harry Dierking, son of Mr. and Mrs. Lewis Dierking, will leave next week for Atchison, Kan., where he will enter the Lutheran college there.
The rear part of the old Record building is being moved this week to the front part of the lot and will be filled up for a small cottage.
H. M. Tollinger and family have been enjoying a visit this week from Mr. and Mrs. E. L. Carson, of Glenwood, Ia. Mrs. Carson and Mr. Tollinger are brother and sister.
A new roof was put on the Lutheran church this week. The work was for the most part done by members of the congregation and from appearances they did a good job.
Agent F. B. Cooper of the Omaha, moved this week into Mrs. Martha Shans's new house on East Bradford street. F. B. Kellar and family will occupy the companion house when it is finished.
Mrs. Martha Shans last week purchased two lots across the street from the South school and will commence the erection of a new home in the near future. Mrs. Shans will then rent her present home.
Professor H. Raubach moved this week from the Jeep cottage to the Tollinger house on Frederick street, just vacated by Charles T. Westcott, who moved his family into his new residence south of the Omaha track.
At the morning service of the Presbyterian church Sunday Rev. George Bray, who has been coming down from Ponca every other Sunday for the past five years and preaching to the congregation here, resigned from the pastorate. Mr. Bray stated that his resignation would take effect October 1. Services will be held every Sunday during September. Mr. Bray will leave for Colorado, where he has been tendered several charges, and where he will occupy the land with a view of investing in irrigated land.
Mrs. M. B. Sloum has returned from a trip through Kansas and Missouri, going by the Burlington to Kansas City. She says that after leaving Dakota county the country is very far from Omaha; from there to Kansas City it was quite fair; in eastern Kansas the farms were exceedingly fine. Mrs. Sloum inspected several cities, going into one over 500 feet. On the way home she visited Mrs. U. G. Barnes in Kansas City, Kan.; Mrs. S. A. Carroll, in South Omaha; Mrs. Charles Yates and Mrs. Fancher, in Council Bluffs, Ia., all formerly South Sioux residents.
The Methodist congregation here have closed a deal with the board of trustees of the Salem Methodist church whereby the South Sioux city church purchases the building of the Grace church at Salem. The building will be moved to this city and placed on the east side of the present Methodist church. The tower and bell are two things long needed by the Methodist church at this place. The addition will double the seating capacity. There was talk last spring of moving the Grace church to Walker's island, but the difficulty encountered in crossing Crystal lake caused the plan to be abandoned. Grace congregation was at one time a thriving and prosperous country church, connected with Dakota City, but of late years the attendance and support has declined until a few years ago services were discontinued. The combination of two churches here in South Sioux City will furnish a fine church with a seating capacity of about 700, ample Sunday school rooms and will make a valuable addition to the city.

GAVE WIFE POISON

PROSECUTION REVIEWING CASE SAYS EVIDENCES OF OPERATION WERE FOUND.

TYPIST ESCAPES AS SLAYER

Crown Decides That She Had No Guilty Knowledge of Woman's Death and Lessens Allegation—Large Crowd at Trial.

London.—The prosecution made the announcement, when the trial of Dr. Hawley H. Crippen, who is accused of murdering his wife, Belle Elmore, opened here Tuesday, that there were evidences that the woman had been subjected to an operation and that large quantities of a most deadly poison had been found in the body of the slain actress.
Ethel Clare Leneve, the doctor's typist, who accompanied him in his flight to Canada after the disappearance of his wife, and who has been held on the same charge, also was brought to the bar, but the crown stated that it had been decided to confine the allegations against the girl to that of an accessory after the fact.
This relieves Miss Leneve of any fore-knowledge of the crime and is in line with the belief of her family and friends that she did not share Crippen's confidence up to the time that his wife dropped out of sight and was said by him to have died in California. Interest in the Crippen case, which was intense during the search for the doctor, by no means has worn out, as was shown by the crowd which gathered in the vicinity of the Bow street police court when the trial was opened.

COOL FOR THE DELICATE MEMBER OF THE HOUSEHOLD.

ONE DIES IN WRECK

PASSENGER TRAIN ON ILLINOIS CENTRAL IS DITCHED NEAR GALENA, ILL.

ENGINEER SCALDED TO DEATH

Every Coach Except Diner Leaves Rails—Wild Panic Among Passengers—Fifteen Persons Are Injured, Three Probably Fatally.

Galena, Ill.—Illinois Central passenger train No. 5, which left Chicago at 2:30 o'clock Monday morning, went into the ditch at a point between Council Hill and Scales Mound, 16 miles east of here, killing Engineer Frank Tucker of Freeport, Ill., and injuring 15 passengers, three probably fatally.

The accident occurred on a sharp curve and all cars except one left the track and fell over their sides. Tucker was caught on the gangway between the tender and the locomotive when the engine plunged through the open rail and turned over. He was pinned by a steel plate that held him suspended by the feet until he was scalded to death by steam escaping from a broken pipe.

In the first confusion it was reported that four passengers had been killed under one car and a mail clerk killed when the car was smashed. All were later accounted for.

Every car but the last, which was a diner, left the track. The train turned over, throwing many passengers across the cars. A wild panic ensued. Screams and moans were heard above the loud hiss of the steam escaping from the engine and passengers in terror fought their way across the berth and seat sides to doors and windows.

Several passengers in the diner narrowly escaped serious injury when china and glassware was scattered over the car. Flying glass in other cars added to the scenes of terror.

Train No. 5, the fast mail, the popular Illinois Central train for western Iowa and South Dakota points, carries three sleeping cars, one chair car, and a through coach to Sioux City.

The train was said to be a few minutes late and was making up time when the accident occurred.

The heavy steel back of the mail coach broke the shock and prevented a much worse disaster. Doctors from here were rushed out and relief and a wrecking train from Dubuque was sent to the place of disaster with doctors and nurses. The injured were taken to Dubuque hospitals.

SENSATION IN I. C. HEARING

LETTER FROM HENRY C. OSTERMANN IS INTRODUCED.

Warns His Chief Clerk Against Giving Out Information Regarding Billing Methods.

Chicago.—During the preliminary hearing of the three former officials of the Illinois Central railroad charged with car repair frauds, a letter written by Henry C. Ostermann to Clarence H. Polley, formerly chief clerk of the Ostermann Manufacturing company, was introduced and caused a decided sensation.

Attorney Walter L. Fisher introduced the letter by showing it to Polley and asking him if he recognized the signature. Polley said that it was Ostermann's and that he received the letter and saw it first when he was in Sierra Madre, Cal.

It warned Polley against giving any information to the Illinois Central in regard to the billing methods of the Ostermann Manufacturing company and the West Pullman company. The letter in part follows:

"I have learned that you intend to return to Chicago for the purpose of giving the I. C. information as to our methods of billing at the West Pullman plant. I take this opportunity to advise you that you want to hold your tongue, as they are making every effort to get statements, 'stopping at nothing' from former and present employees, giving every inducement to advise you that up to the present time no one of us have given them any information whatever, and should you be approached by any one I wish you would advise me. Kindly let me hear from you by return mail without fail."

Evidence that Illinois Central railroad officials demanded stock in the Ostermann Manufacturing company from Henry C. Ostermann himself was given by Polley.

The witness admitted that at the order of Ostermann he had gone to Memphis, Tenn., to go over the books of the Memphis Car company with a bookkeeper of the Memphis company named Prieback. He declared also that the Memphis company was a branch of the Ostermann company and that the same average for computing labor costs was used by both companies.

BILBAO IN STATE OF SIEGE

Strike Situation Becomes Alarming—Martial Law is Declared—Strikers in Ugly Mood.

Bilbao, Spain.—The strike situation is alarming. The funds of the men have been exhausted and the strikers are in an ugly mood. Collisions with the police, gendarmes and nonunionists are constantly occurring.

Many factories are being closed and the work in the harbor has been wholly suspended. Dock employees who are on strike have issued an appeal to their foreign colleagues asking the latter to refuse to handle merchandise intended for shipment here.

The government declared Bilbao in a state of siege. This action was taken after consideration at Madrid of the rioting that has taken place there as a result of the strike.

A cordon of soldiers has been thrown about the city to prevent the entry of strikers from other districts.

ACTION OF STATE TREASURES

State Normal Board Will Endeavor to Collect From Crabtree—Other Matters at the State Capital.

Colorado Springs, Colo.—Engineer Frank Stewart of the west-bound Colorado Midland train No. 3 killed an unidentified bandit with a rock when he attempted to hold up and rob the train early Friday four miles west of Divide. Stewart was shot in the leg by the would-be robber.

Sterling and Charles Martin, two young men who were found near the scene of the holdup, are held for investigation. Sterling Martin was slightly wounded in the head by a bullet.

The highwayman crawled over the tender as the train slowed up at a siding to meet the east-bound train. As he stopped the train Stewart turned to see his freeman, Paul Bachman, standing with his hands above his head and heard the robber say: "Put up your hands or I'll blow your head off."

The robber then forced both men to leave the engine and marched them before him to the express car.

According to Stewart, the robber ordered them to tell the express messenger that they were in peril of their lives; that the train had been held up and that the robber was determined to have the money in the express car. Stewart says that the robber fired several shots at the passengers who looked out to see what was happening.

"When we got to the express car," said Stewart, "my freeman dashed under the car and crawled to the other side. The robber leaned under the car to shoot at him and when he took his eyes off me I struck him with all my strength with a rock I had picked up as I jumped from the tender."

"As I did so he whirled and shot at me, the bullet striking me in the leg. I guess my blow finished him, for he never moved after the rock hit him. I must have fainted then, for the next I knew the conductor and express messenger and a group of excited passengers, were standing about me."

When the remainder of the train crew heard shots they seized weapons and rushed to the head of the train, firing as they came.

Shortly after the hold-up Sheriff Von Pahl and a posse searched the surrounding country and discovered the Martin brothers.

200-MILE RACE TO AITKEN

Vins Big Event at Indianapolis Auto Meet—Hearns First in Free-For-All.

Indianapolis.—Aitken, in a National, won the 200-mile race, two laps ahead of the field. His time was 2:47:54.74. Dawson's time in the last 200-mile race for the Cobe trophy at the speedway in July was 2:45:20.13. Dawson dropped out because of a broken coupling. Livingston in a National was second; Barndollar, in a McFarlan, was third, and Greiner, in a National, fourth. Twelve cars started.

Eddie Hearns, driving a big German Benz car of 120 horse-power, ran away from a field of eight starters in the 50-mile free-for-all open race, finishing in front of his nearest competitor, Harroun, in a Marmon, by more than half a lap. Al Livingston, in a National, finished third, and DePalma, in a 200 horse-power Fiat, fourth. The time was 38:02.35, a fraction of a minute short of the national speedway record of 37:55.53, set by DePalma of the Los Angeles track.

San Francisco.—Dr. P. K. Gillman, surgeon in chief of the Philippine general hospital at Manila, whose newly discovered treatment of cancer is said to have worked remarkable cures, has given a demonstration of his system at the Southern Pacific hospital here. He operated on two patients in the presence of several local physicians, some of whom afterward expressed their confidence in the efficiency of the treatment.

DISPOSAL OF BONDS

APPLICANTS FOR NEBRASKA SECURITIES ACCOMMODATED.

ACTION OF STATE TREASURES

State Normal Board Will Endeavor to Collect From Crabtree—Other Matters at the State Capital.

Will Endeavor to Collect.
The state normal board will endeavor to collect from J. W. Crabtree for two barrels of gasoline bought when he was at the head of the Peru State normal and which, it is alleged, were never delivered to the school and have resorted to the text book fund \$497.43 which Crabtree paid out in interest without orders from the board. The matter was referred to the attorney general to take such steps as may be necessary to secure this money. The money paid out in interest by Crabtree was interest on money borrowed with which teachers were paid pending the decision of the supreme court in the legality of the law which created a new normal board. The auditor, on advice of the legal department, would recognize neither board so he refused to issue any warrants for the payment of the teachers until the court decided which board was the legal one.

State Treasurer Brian has succeeded in caring for practically all of the applicants for the sale of bonds to the state by the various school districts and cities of Nebraska. When money was plentiful and investments hard to find for state funds, the treasurer bought \$800,000 of Douglas county court house bonds. Shortly thereafter the eastern market tightened up and the small towns of the state began to issue bonds for internal improvements. Then when they applied to the state treasurer for funds he could do nothing for them and they could not place the securities in the east. The Douglas county bonds looked good to eastern buyers, so Mr. Brian took the case up with those who had city securities for sale, with the result that he has now, with the assistance of the various cities, placed practically all of the Douglas county bonds in the east and has bought as an investment for the state the bonds issued by the school districts and the small towns. These bonds net the state 4 1/2 per cent annually and at the same time this rate is lower than the towns would have to pay, were the bonds floated elsewhere.

May Make no Appointment.
W. T. Thompson, attorney general, who was recently appointed to a position in the treasury department at Washington, has leased his house here and expects to go to Washington about the first of October. It is probable Mr. Thompson will not resign his office as attorney general, and that if he does so Governor Shallenberger will not fill the vacancy until after election. The governor and Mr. Thompson have become good friends, and because of this the office may not be declared vacant.

Committee Announced.
Chairman Husemether of the republican state central committee announced the appointment of the following executive committee: First district, S. W. Burnham, Lincoln; Second district, A. W. Jeffers, Omaha; Third district, Burt Mapes, Norfolk; Fourth district, Clarke Robinson, Fairmont; Fifth district, H. G. Thomas, Harvard; Sixth district, T. T. Varney, Ainsley.

Lots of Sheep on Exhibit.
Secretary Mellor of the state fair board announced that the sheep entries at this time numbered 460, the largest entry in many years. In fact, this is three times as many sheep as have been exhibited at the fair since the early days, if not in the history of the association.

Demand for Homes.
Real estate men report that the demand for vacant houses has increased materially during the past week. The demand comes annually at this season and is caused in part by the near approach of the opening of Lincoln schools.

Appeals to Supreme Court.
Thomas Brown, convicted in Clay county for stealing seven cows worth \$719 from Thomas Byron, has appealed to the supreme court on error, admitting frankly that he didn't get a square deal when he was sentenced to spend seven years in the penitentiary.

Honors Iowa Requisition.
Charles Brown had to go back to Iowa to the county of Polk to stand trial on a charge of wife desertion. Governor Shallenberger honored a requisition issued by the governor of Iowa for his return. Brown was under arrest at Omaha.

Pays Money to Douglas.
State Treasurer Brian paid to Douglas county \$150,000 and took over that amount of court house bonds. This is a portion of the \$800,000 purchase made some months ago.
