In the county exhibits at the Interstate fair this year Dakota county ranked fourth. The exhibit would undoubtedly have ranked higher if a better display of corn had been made, as it seemed to be lacking in this particular department—the very one in which we shine. Those having the care of the exhibit in charge, Messrs E O Dorn and H W Mosker of South Sioux City, are to be complimented on the excellent work done by them. It is hoped that more interest will be taken another year among the farmers, which would help materially in placing Dakota county where she should be—in first place.

A GOOD POSITION—Can be had by ambitious young men or ladies in the Railway or "Wireless" Telegraph service. Since the 8-hour law became effective, and since the extensive developments of wireless telegraphy, there is a shortage of 10,000 telegraphers. Positions pay beginners \$70 to \$90 per month. We operate under supervision of Telegraph Officials and all graduates are guaranteed positions. Write for full details to the Institute nearest to you. In the list of appointments of M E pastors made at the session of conference held at Fort Union, Neb, the past week, the following will be of special interest to our readers: Rev J G Shick, McCabe church, Omaha; Rev G F Mead, Oakland; Rev D W McGregory, St Edwards; Rev Earl Bowen, Creighton; (Rev D K Tindall, district superintendent, Norfolk district, Norfolk; E T Antrim, Beemer; W R Warren, Dakota City; G E Von Hagee, Hartington and Spring Valley; J L Phillips, South Sioux City, Homer and Hubbard; F M Druiner, Madison; E E Shafer, Walthill. The Dakota County Homemakers' club held an interesting meeting Thursday afternoon at the home of Mrs S A Stinson (as the court room was being repaired.) Owing to the inclemency of the weather, many of the members were unable to attend. The discussions "Jelly making," led by Mrs S A Stinson, and "recipes for pickling cucumber pickles" led by Mrs Geo Miller, occupied most of the afternoon. Both subjects were thoroughly discussed. A vocal duet "Our Beautiful Homes," by Mrs Mell A Schmidt and Miss Elizabeth S Haase, with Mrs Ada Sherman as accompanist, was much enjoyed as was also "The Lilly of the Nile" waltz by Mrs C H Bryant. A short story, "The Head of the Firm," read by Mrs A J Kramper closed the program for the afternoon. A pleasant hour of informal visiting followed.

Another unsuccessfull attempt was made by the prisoners in the county jail to gain their liberty on Monday, but like the one mentioned last week, was nipped in the bud. On this occasion while the prisoners—there being six of them—were allowed the privilege of roaming around in the corridor of the cell room two of them, Dana Sible and Lon Ward, climbed on top of the steel cage and proceeded to cut a hole through the ceiling and the floor above into the court room. One of the other prisoners tipped off to the sheriff's force what was going on, and an investigation disclosed that a hole nearly large enough to admit of a man crawling through had been cut through the floor above, and it was the intention of the prisoners, while the sheriff's force was at supper and before they were looked in the cage for the night, to finish their work and fly, but their plans were again frustrated.

## The Government Irrigated Homestead Lands

of the Big Horn Basin and the Yellowstone Valley  
are today the garden spots of the country. Several farms are now ready to homestead, and the Government surveyors are laying out more new farms for new settlers who are lucky enough to get on the ground in time to get the choice of these new locations. Our new literature just from the press tells how you can homestead these lands and repay the government the actual cost of the water right in ten yearly payments without interest.  
CAREY ACT LANDS—Several thousand acres of Carey Act Lands just opened to entry—only 30 days residence required. The settler buys these lands from the state and the perpetual water right from the irrigation company. Long time given to settlers to pay for these lands and water rights. Join our personally conducted excursions 1st and 3rd Tuesdays of each month. Specially Prepared Wyoming Literature just off the press.
