Free of Charge

The United Doctors, licensed by the state of Iowa for the treatment of deformities and all nervous and chronic diseases of men, women and children, offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of medicine. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in every city and locality that at last treatments have been discovered that are absolutely sure and certain in their effect.

These doctors are considered among America's leading stomach and nerve specialists and experts in the treatment of all chronic diseases and so great and wonderful have been their cures that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, or bladder, rheumatism, sciatica, diabetes, bed-wetting, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call.

Many Wonderful Cures.  
According to their system no more operations for appendicitis, gall stones, tumors, goiter or cancer. They were among the first in America to earn the name of the "Bloodless Surgeons," by doing away with knife, with blood and with all pain in the successful treatment and cure of these dangerous diseases.

If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination.

Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit this time costs you nothing and may save your life.

## ANOTHER PIONEER GONE.

John Blessing Answers the Final Summons.

After a gradual failing in health for a year or more, John Blessing, one of the earliest pioneers of Dakota county and a prominent farmer of Brushy Bend neighborhood, passed away Sunday night just before midnight, at the age of 79 years. His death was attributed to hemorrhage of the brain.

Mr Blessing had been a resident of Dakota county since 1857, coming here with his wife from Erie county, N Y. His early life, like that of the other persons who came in those days, was spent in developing a wild and primeval country and was fraught with many trials and hardships. He served his country in the war of the rebellion, enlisting in 1862, and served thirteen months.

He took an active interest in the Pioneers and Old Settlers association of Dakota county, and his familiar

face was always to be seen at the annual reunions of that body.

The following sketch of his life is taken from Warner's History of Dakota County:

"John Blessing began his career in Dakota county in the spring of 1857 and by hard labor and living an honest and upright life has furnished us with another example of what pluck will do. He was willing to work and wait—"Rome was not built in one day"—and lived on corn bread in the hope that a better day was coming and as the years went by it came, just as it always does to those endowed with courage and energy. He located in Omaha precinct. In 1862 enlisted in Company I Second Nebraska Cavalry, served thirteen months, then returned and located in Dakota precinct, settled on his present farm in Brushy Bend in 1864. Mr Blessing was born April 14, 1832, in Westenberg, Germany. In 1850 came to Erie county, New York, where he learned the carpenter trade there he worked about five years and then came west. Was married in 1856 to Mary Willyoung, of Ellice, New York."

Besides his wife Mr Blessing is survived by eight children. They are: Mrs A Nash, of South Sioux City; Mrs J Allen and Mrs R Twomey, of Allen, Neb; Mrs L H Armbricht, Miss Beatrice Blessing, George A Blessing, Chas Blessing and Elmer Blessing, all of Dakota county.

The funeral services were held Tuesday from the Salem Lutheran church, at 12 o'clock, conducted by Rev S L Keller, pastor. Interment was in the Taylor cemetery.

Henry W. Peters and Miss Mary E. Reninger Married.

Tuesday, February 14, proved to be a day long to be remembered by the friends of Mr and Mrs William Reninger, when their daughter, Mary E, was united in marriage to Henry W Peters. This day was also the silver anniversary of the parents of the bride.

At high noon the bridal procession marched down stairs to the strains of the wedding march, played by the bride's aunt, Mrs A D Carter, of Elk Point, S D. They marched to the southeast corner of the parlor, where the ceremony was performed by Rev Mr Attenstadt, of Emerson, Neb, as the bridal party stood beneath a large white veil. The color scheme, blue, white and silver, were carried out throughout the house. The bride was becomingly gowned in Alice blue silk and wore a beautiful white veil caught at the crown with a wreath of orange blossoms. She carried a bouquet of roses and carnations. The groom wore conventional black. The bridesmaid, Miss Gertrude Corkery, of Sioux City, cousin of the bride, was attired in pink silk. Earl McAfee acted as best man. The bride's traveling suit was old rose, with hat and gloves to match. After congratulations the party repaired to the dining room, where a sumptuous wedding dinner was served. Many useful and beautiful presents were given to the young couple, and also to the host and hostess. The bride threw her bouquet from the upper window, which was caught by Miss Tema Bonnicksen. The bride and groom left on the evening train for Omaha amid a shower of rice and best wishes. The bride is well and favorably known, having resided in this county all her life, and the groom is a prosperous young farmer residing near Emerson, where they will make their future home where a host of friends wish them as happy a life as that of the older ones.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free, and get name of Dr. J. C. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

## HIGH SCHOOL NOTES

Some people are so narrow and selfish that they oppose a movement for the betterment of the whole community to satisfy some particular whim which they foster. Such people always stand in the way of progress and are an unwelcome burden.

A few men of district No 13 have accused Dakota City of using underhanded methods in getting district No 2 to consolidate. Why did the accusers from No 13 go to the meeting in No 2 Saturday night? Did anyone from Dakota City go? No. So then used uncalculated tactics after being invited to stay at home? Some few men are either laboring under a false illusion or are intentionally misrepresenting a movement that is for the good of all concerned. One thing is certain, they have misquoted what was said at the joint meeting February 15th.

You who reside in district No 13 should inform yourselves as to the true conditions of affairs. Do not take any body's word but read the school laws and the books published by both the state and national educational departments. If you are not supplied call at the county superintendent's office and ask him to let you read the above mentioned. Those of you who are interested in improving your surroundings, increasing the value of your land, and educating not only your children but their children as well will take steps to investigate the merits of the proposition. We want you to consolidate for our mutual benefit and will not persuade you further than to say that now is the time to act for in two weeks it will be too late.

By all indications district No 2 is going to consolidate with Dakota City whether any other does or not. This alone would make a district of over 200 school population and a probable enrollment of 180. The assessed valuation would be over \$300,000, and that is enough to maintain a full accredited school and free conveyance at a levy of 15 mills. If district No 12 should also consolidate the enrollment would be over 300 and the assessed valuation over \$375,000, thus making a high school possible with a twelve mill levy. Each additional district that would consolidate whether it be number 3, 4, or 23 would not materially increase the expense but would increase the assessed valuation thus lowering the levy proportionately. In addition to the school tax there would be a state apportionment of \$700 which has not been mentioned.

In the writers opinion there are a few who have an axe to grind and it is up to you to find out who they are. The number thirteen is considered unlucky and superstition will prove itself unless a radical change soon takes place in district 10. Before carrying this feud any farther, why not think it over from every possible standpoint.

School Notes will no longer be devoted to consolidation. In closing will say that we favor an up to date consolidated school, where each and every pupil receives all his grade and high school work in the same school; where facilities and conditions are such to make the best and most thorough results possible.
