Remarkable Success of these Talented Physicians in the Treatment of Chronic Diseases

These doctors are considered by many former patients among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard indeed to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidney, or bladder, rheumatism, sciatica, diabetes, bed-wetting, leg cramps, weak lungs and those afflicted with long standing, deep-seated, chronic diseases, that have baffled the skill of the family physician, should not fail to call.

According to their system no more operations for appendicitis, gall stones, tumors, gonor or certain forms of cancer. They were among the first in America to use the name of the "Bloodless Surgeons," by doing away with knife, with blood and with all pain in successful treatment of these dangerous diseases.

If you have kidney or bladder troubles bring a two ounce bottle of your urine for chemical analysis and microscopic examination.

Deafness often has been cured in sixty days.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians, it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit this time may help you.

Married ladies must come with their husbands and minors with their parents.

Offices at Mondamin Hotel, Sioux City, Iowa. Hours 10 a. m. to 8 p. m.

Below are the names of a few of the many patients that have many good things to say for these doctors:

South Shore, S. D., Jan. 11, 1911. Uited Doctors.

Dear Sirs:—I thought I would write a few lines to let you know how we are getting along because I think you would be glad to hear. My wife is feeling lots better than she has felt for 8 years after taking about 3 months of your treatment. I will have you give her 4 months more after these 4 run out if I can rattle the money. I am feeling good myself after your 4 months treatment. I think a little more treatment is necessary. Please inform me in regard to this matter if you think it is best.

Yours truly, E. van Meredith.

Mrs A G Olsen, of Clark, S D, catarrh and nervous trouble.

**Sloan, Io, Star:** Orrin Garwood, who came from South Sioux City, Nebraska, two weeks ago to work in the Star office, left suddenly Friday evening without turning in his time or handing over his key. He wanted to go to a town in Nebraska to visit his father, saying he would return Sunday evening, but his wife came from South Sioux City Sunday evening to go to housekeeping with him here, and he was not in town and she was not aware that he had left. He left in the lurch with lots of work on hand and no help in sight with which to get it done. He has left his young wife before, and she traveled clear to California and just brought him back to Nebraska a week before he came to Sloan to work. We understand the fellow has gone to some place in Nebraska where he accepted a position. Our exchanges should remember this incident when he applies for a job.

The car which was out of commission leaked and the "tourists" got a slight drenching. The South Sioux City council has turned down Otto Dahms' second petition for a site for a rendering plant. Dahms made a visit to all the members of the South Sioux City council, and each of them discouraged his plans. Dahms is the city scavenger, and he would use the rendering plant for manufacturing fertilizer.

Last week Postoffice Inspector Thompson dropped into town and remained several days. Mr Schumacher always has been regarded as a model citizen and so far as this community knows, has been leading a clean, upright life. He has a wife and children. R Frank Lamson, who was injured by falling under the train, at Uehling last week, died in the St Joseph's hospital, Sioux City, Tuesday afternoon, April 25, 1911, as the result of the shock on his debilitated system. About three days previous to his death he lapsed into unconsciousness in which condition he continued until his death. The body was shipped to Walshill, Wednesday, and escorted to the home by members of the order of Owls, of which the deceased was a charter member. The funeral occurred yesterday (Thursday) at the Presbyterian church, at 2:30 p. m., in charge of the Rev. Wm A. Johnson, pastor, and took charge of the burial service at the cemetery according to their ritual. Members of the order acted as pallbearers. Benjamin Franklin Lamson was born November 24, 1863, in Dakota county where he grew to manhood. He was married to Elizabeth Harvey, June 17th, 1889, by whom he is survived. Five children are living, and three brothers and four sisters. Mr Lamson's kind hearted and genial disposition placed him on a friendly basis with every one he met as was attested by the large congregation present at the church and by the beautiful floral offerings which covered the casket. The interment was at the cemetery of the church, conducted by Rev Wagoncraft, was appropriate to the grief of the friends, the conscience of the community and the ethics of his creed.
