

Boy Scouts from Three States to Hold Outing at Crystal Lake.

Several hundred scouts of South Dakota, Nebraska and northwestern Iowa will gather on the shores of Crystal lake the first week in July for the first annual boy scouts encampment of the three states.

The encampment is expected to surpass anything ever held in the west for young boys. This camp will be conducted according to strict military order, and will be in charge of Scout Commissioner Wolcott.

The order of the day has been arranged as follows: 6 a. m. bugle call and every boy out for a plunge in the lake. The boys will be required to wear bathing trunks; 7 a. m. breakfast; 8 a. m. cleaning quarters; 9 a. m. dress parade; 10:30 a. m. to noon, recreation; dinner; 1:30 p. m. inspection of quarters by officers; 2 p. m. to 6 p. m. baseball games, fishing, bathing, etc.; 6:30 p. m. supper; 7 to 7:30 p. m. address by scout commissioner and others on scoutcraft; 7:30 to 8 p. m. parade and saluting of colors; 8 to 9 p. m. campfire stories; 9:10 p. m. lights out.

A list of prizes will be offered for the patrol making the best drill, for patrols showing the best care of quarters, and for scout work. The boy scouts' band probably will be on hand and furnish concerts morning, noon and night.

We intend to make the camp the biggest thing for the scouts of the west," Mr. Wolcott said. "The boys will be offered the best that can be had in the line of health giving sports and entertainment. We have employed a cook and the boys will have substantial food three times a day. The boy scout movement will be given a great boost by the encampment.

The new arrangement was entered into Monday morning and began by taking an inventory of the stock. The new firm will continue under the old name of The Golden Rule and both members of the firm will be in active connection with the business. Mr Gorman is engaged in general merchandise in Homer, in the Farmers' Exchange, but expects to make his headquarters in Walthill and will move his family here as soon as he can find a dwelling.

Sioux City Journal, 30th: In order to save delay by changes of venue, summoning of a jury, and the like, George Kirschbaum, accused of bootlegging, was allowed to plead guilty to a charge of disturbing the peace in police court yesterday morning, and was fined \$50. Kirschbaum was caught by the officers with liquor in his possession at 804 Clark street. House-movers were saved a task at Crystal lake yesterday morning when fire burned to the ground the summer cottage of Mrs O A Talbot. The cottage was to have been moved by June 1, as it stood on ground leased from eastern interests. The origin of the blaze is unknown. It was discovered at 4 o'clock, after it had too much of a start to be extinguished by the inadequate fire fighting facilities of the lake. The cottage stood north of the lake and the old ball park. It was one of the first cottages to be built at Crystal lake. The loss will be about \$400. John Payson has been living in the cottage.

Homer Star: M J Herman will leave Monday night for St Paul where he will pay tribute to his deceased loved ones buried in that city. A boy was born to Mr and Mrs Arthur O'Connor Tuesday evening. Mrs O'Connor is staying with her parents, Mr and Mrs Albert Johnson. Miss Lorraine Murphy is again back to her duties as bookkeeper for the Security State bank, her mother having sufficiently recovered to be able to look after her household duties. John Nixon killed a large black eagle in his pasture Tuesday and brought it to Homer where Undertaker Mungenbald mated it and will probably have it mounted. It is an exceptionally large fellow for this specie and measured six feet two inches from tip to tip of its wings. H A Monroe is in Homer this week making preparations to move his family to Sioux City where he will be close to his duties as auditor of the Edwards & Bradford Lumber company. Homer will be sorry to lose this respected family from its membership. They will leave next week. J V Gorman, of the Farmers' Exchange of Homer, has purchased a half interest in the general merchandise business of C J Harbak, who conducts the Golden Rule store at Walthill. This is one of the oldest stores in Walthill and is doing an enormous amount of business. Mr Gorman is in Walthill this week invoicing the stock and will immediately associate himself with the business. J M King, the popular junior member of the Farmers' Exchange firm, will assume the duties of manager of the Farmers Exchange, although Mr Gorman will still retain his interest in the store at Homer.

Sioux City Journal, 31: The Iowa Telephone company is doubling its capacity at South Sioux City and also is preparing to take care of the constantly increasing telephone business along the shores of Crystal lake. A force of ten men now is engaged in adding to the cable capacity. Five additional trunk lines also are to be laid across the Missouri river connecting Sioux City with South Sioux City. The company already has installed more than 200 phones in the more thickly settled portion of South Sioux City and thirty applications on file are being held up because of the lack of switchboard capacity. C J Welch, district superintendent for the company, in charge of the Sioux City district, yesterday said this increase in capacity at South Sioux City was made necessary by the large number of Sioux City men of moderate means who have moved across the river and are building homes there. He said it would surprise almost anybody living in Sioux City to drive around South Sioux City and count the cottages and small houses which are being built. And Mr Welch says nearly all of them are being built by men who work in Sioux City.

Sioux City Journal, 27: John Kent and Frank Davy were business callers at Emerson, Neb., yesterday. Arrangements for the summer camp at Crystal lake for the boy scouts and newboys will be completed today by E M Wolcott, general secretary of the Y M C A, and H L Houghton, social secretary. Each society will have a week at camp and a program is to be arranged for each day. Miss Alice Malady and George Portis, of Hubbard, Neb., were married in St Joseph's Catholic church at 6 o'clock yesterday. Rev J P O'Connor, officiating. The attendants were Wm Kenneley, of Jackson, Neb., and Mrs Will Gearen. The couple left for Omaha immediately after the ceremony. The notices in Crystal lake are receding so water-

ably that the cottagers along the shores are preparing to put down a pipe line from the Missouri river so as to keep the lake at high water. Since the warm weather set in Crystal lake has lost twelve inches of water through evaporation, and the residents and boat owners along its front are apprehensive that the waters will go much lower unless the June rise helps out or artificial methods are resorted to. The present plan of the cottagers is to be prepared to lay a thirteen-inch pipe from the Missouri river at a point within four blocks of the lake and siphon the water until the lake reaches its normal level. This will be adopted if the usual river rise does not materialize by June 10. The pipe will be equipped with a cutoff so that when the lake is full the water from the river can be held back until an additional supply is needed. The advocates of the pipe line say there will be no difficulty encountered in pumping the water. No power will be required to force the water through the pipe, as the surface of the lake is much lower than the Missouri and the water will easily flow through by natural gravitation.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical community. Catarrh being a constitutional disease, requires a constitutional remedy. Catarrh of the bladder is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proposition here is so much faith in its curative powers that they offer the readers of this paper a guarantee that it fails to cure. Send for list of testimonials.
