A Nervous Woman Finds Relief After Many Years

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Daniel Kintner, of Defiance, O., had such an experience, regarding which she says:
"I had stomach trouble when I was eighteen years old that broke down my health, and for years I suffered with nervousness, headache, indigestion and nervous spasms. The spasms got so bad I would have them three or four times a week. After trying nearly every remedy recommended, I began taking Dr. Miles' Nervine, and I must say it helped me wonderfully. I have had no severe nervousness for several years."

MRS. DAN KINTNER,
1002 Pleasant St., Defiance, O.
Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

Wireless Message from Salem, Dec 25th.—It seems that Jacob F Leamer was very much opposed to his son going to "drouth stricken" Kansas to take out himself a bride, but after he attended the wedding and seeing all the fair snowflakes of Sunny Kansas, he came home with another view of the affair. He told a Herald reporter yesterday, that in all his travels the Kansas girls surpass all others in beauty. Mr Leamer is finally convinced even if Kansas is "drouth stricken" she has the most beautiful girls in the land.
What do you think of this? We have before us an announcement from the Grand Island Business and Normal College of Grand Island, Nebraska, stating that five hundred young men and women will be admitted in the College next term and given a full course without the payment of any fees until they have time to graduate, then they will be given a position and allowed to pay in monthly installments. This school has a reputation extending over many states and we advise all who are interested to send for circulars.

Dated at Dakota City, Neb., this 21st day of December, 1911.
WILFRED E. VOSS,
County Superintendent.

With two exceptions all of our schools are having a vacation this week.
Several calls are coming in from the country for teachers, largely because of the fact that the contracts in many cases expired last week. This does not indicate that the present teachers will not continue to hold their positions in almost every instance, but that they and the school board cannot agree on the salary and other minor considerations.
It is fast coming to the point where the teachers, who received their education and training ten and twenty years ago and have not attended normal schools from time to time since, will find themselves, deservedly too, crowded out of the profession. There never were so many normal trained teachers teaching in our county as this year, and we now have several applications on file of this class of teachers desiring positions.
Miss Ruth Lenox has completed her term of school in district No 19, and Mr Evan Surber, of Waterbury, now has charge of the school.
Sanitary drinking jars have been installed in some of our schools. It is the wide-awake fellow on the school board who first takes the hint and falls in line with the spirit of the times. O, for a thousand more such!
Mr Fred Schriever, teacher in district No 25, having completed his term of school, has accepted the deputy county treasurership. This leaves the school, as yet, without a teacher, but, no doubt, will soon have one, for, in many respects it is a very desirable school.
Notice to the Public.
All rewards offered by me as sheriff of Dakota county, Neb, are hereby withdrawn. J P ROCKWELL, Sheriff.
