

How long since you gave your sweetheart a good valentine? Why not make Valentine Day, 1912, a big day of lasting enjoyment in your home? You can do it easily—you can do it economically—let us tell you how—make your valentine a

# Monarch Malleable Range

Let us tell you why— It will mean shorter hours in the kitchen for your sweetheart. It will mean less work and drudgery for her every day for years to come. It will mean always satisfactory results in her cooking, and it will mean much less fuel to do the same work. Moreover, in ten, fifteen or twenty years from now, the Monarch will do the work, with just a little work, in just as little time and with just as little fuel as it did at first. Come in and let us show you just how the Monarch is different than any other range—just how the Triple-wall Construction, the Duplex Draft and the Hot Blast Firebox operate to make perfect baking and small fuel consumption. Let us show you the Polished Top and show you how it needs no blacking. There are lots of other good things that

we can show you and you owe it to yourself and your family to investigate. We can show you a big saving and how you can better afford to have a Monarch right now than you can afford to try to do without it. Don't think that because the range you have is pretty good that you can let this go by. You will quickly see the difference if you come in—do it. Investigate—bring Mrs. Sweetheart with you. You will be surprised at the many improvements you can have the use of, and have them at a great saving of time, work and fuel.

**Items of Interest from our Exchanges**

**Waterbury Items in Ponca Journal:** Charles Tomeson went to Jackson, Tuesday, on business.

**Luton Items in Sloan, Io, Star:** Claude Montgomery, of Dakota City, Neb, visited in Luton the first of the week.

**Lyon Mirror:** Roy Rymill was down from Homer this week hunting wolves with his pack of grey hounds. ... Miss Clara Wilkins spent several days with her parents, Mr and Mrs Fred Wilkins, at Homer, the past week.

**Pender Republic:** Herman Freese transacted business at Dakota City yesterday. ... Henry Bayer was down from South Sioux City, Tuesday, on business. He says he expects to move onto his South Dakota land in the spring.

**Ponca Leader:** Mr Jerry Briney and son Charles will go to Dakota county the latter part of this week to do shelling with the machine they bought from the Case company January 4. They have over 200 acres of corn fodder to shred.

**Pender Times:** J Bliven is enjoying a visit from his parents. ... Miss Lou Hirsch was in town several days this week. She is a full-fledged chicken raiser at Homer, and can talk "chicken" with the best of them. ... Last Saturday's Sioux City Tribune printed the announcement of the engagement of Miss Florence VanEvery, Sioux City, to Mr Eric Kepford Wittse.

Miss Lettie Heikes were united in marriage at the home of the bride's mother, Mrs Jacob Heikes, at high noon Wednesday, January 24, in the presence of immediate friends and relatives. Mr Caldwell officiated. Mr and Mrs W O Harmon will be at home to their friends on the groom's farm northeast of town.

**South Sioux Journal, 30:** The weekly "pay car" of the Consumers Ice company left Sioux City yesterday for Crystal Lake, Neb, under protection of two Sioux City detectives. The employees of the company at the Nebraska harvesting field were paid off yesterday. The policy of using armed officers to protect the coin sent across each Monday has been followed since the work was opened for this season. The amount taken over sometimes runs up above \$5 000.

**Homer Star:** Nels Smith's claim for \$200 for a broken leg, has been rejected by the M B A in which order he held a policy for fifteen years. During this period Mr Smith has paid into that order more than his claim. ... Chas Voss has topped the Sioux City market four successive times with his Hereford cattle. Last Thursday he had nine steers of his own raising and feeding on the market, consigned to T J Steele & Company, commission men of Sioux City, and they topped the market, being sold by this hustling firm at the high mark of \$7.60 per hundred. They were coming three-year-olds and weighed 1408 pounds on an average, and had only been fed ninety days. \$107 per head is what these nine steers brought Mr Voss. ... Miss Bertha Burge and Roy Rymill were married today at Stanton, at the home of a relative of the bride. These young people thought they were slipping it over on their host of friends in Homer by quietly leaving town and taking the vows that bind them till death doth them part. We are informed that they will be home tomorrow or Saturday and will take up their residence with the bride's father until about the first of March. No doubt they will be surprised when they pick up this expounder of truth and see the notice of their marriage staring them in the face. At any rate The Star joins the many friends of this young couple in wishing them many happy days.

**New Underwood, S D, Times, 5th:** The A D Joyce hardware and implement stores and the office rooms above are almost a total loss by fire. Fire originated in some unknown manner Monday night about half past eight o'clock while Mr Joyce was at home

and the entire building was empty. It was thought that it began in the Woodman locker where they keep all their paraphernalia, but how it started is still only a matter of conjecture, as the Woodmen have not had a meeting for many months and no one goes into this place. Those who have fought fires heretofore say that it was one of the hardest kind of fires to fight, as the building was very well built and the fire ran between the rafters and the walls, only dense smoke pouring forth with no flames to guide the firemen. Several were overcome from the smoke and gas from the cremote. Floyd Harby was the most seriously affected, being ill all day Tuesday. Will Allen and Will Libertin took a tumble through the roof, falling on the rafters, which jarred them considerably. George Bailey's eyes were affected and for a time Mr Joyce was very ill. It might as well be a total loss to Mr Joyce as the bulk of his stock is ruined by smoke and water and the whole building will have to be rebuilt. Mr Joyce is one of New Underwood's most progressive men; had built and maintained one of the finest little opera houses in the country, which was of great benefit to the town people as a whole and all his organizations had carried on his hardware and implement business in spite of the recent crop failures with courage and ability. The loss is roughly estimated at \$3,500. Some insurance. The country as whole sympathizes with Mr Joyce and family in this added trouble.

**South Sioux Journal, 28:** Frank Resegien has recovered from an illness which confined him to his home at South Sioux City for three or four days, and will resume his duties at the Western Union telegraph office today. ... The grocery store owned by Fred Gordon in South Sioux City was destroyed by fire at 11:30 o'clock last night. The loss on the stock is estimated at \$1,000; insurance, \$600. The building was owned by H O Dorn and was completely wrecked. The loss on the building will be in the neighborhood of \$1,000, partially covered by insurance. The fire originated from a stove. Charles Brunen lived in rooms on the second floor of the building with his two sons, George, aged 10, and Albert, aged 8. They were aroused by James Gordon and escaped from the building partially clad. The little boys went barefooted over the snow to a neighbor's. The burned building, which was an old landmark, having stood in South Sioux City for forty years, was built of cottonwood, and made a stubborn fire. The chemical engine from the Water street fire station in Sioux City, with a crew under Assistant Chief Henry Cecaut, responded to calls for help. The firemen worked for over two hours and practically had to tear the building to pieces. The fire was in between the walls. The chemical tanks gave out repeatedly, and a bucket brigade was formed to carry water from nearby wells to replenish the supply. Not many men were on hand and Mrs Roy Page joined in carrying water, saying she could not bear to see the men stand around and let the building burn. Tom Gordon, who was assisting the firemen on the second floor, had a narrow escape. The ceiling fell, carrying laths and plaster, and in a moment he was entirely enveloped in flames. He leaped through the blaze to a porch, and made his way to the ground. His clothes were slightly scorched. The fire was first discovered by John Morris, a motorman, who gave the alarm. South Sioux City has no fire protection. The firemen from Sioux City worked on the building until after 2 a m and did well to save a part of the building. Mr Gordon has not been in business long and keenly feels his loss. Yesterday he said he felt replenished his stock. He said he left the store about 10 o'clock, when he looked up for the night. ... Driving out of the city in a closed carriage at 2 o'clock yesterday afternoon, circumventing their watchful parents and relatives, Elmer P Sney and Miss Dorothy D Young, and John M Young and Miss Josephine S Wilcox, eloped to Dakota City, Neb, and were married there by Judge O Heffernan. Following out the details of the building, the young women strolled up the street at the appointed hour in the afternoon and met their fiances waiting for them with a carriage near the Sixth street bridge. The drive to the county seat of Dakota county, which has become the Gretna Gr. on of Sioux City, was made without mishap and within a few minutes the two happy couples were united. Mr Sney had previously made sure Judge Heffernan would be present in his office to perform the ceremony, and when the license had been secured in the office of the clerk of courts, the ceremony was witnessed by Miss Gladys DeLong, a cousin of Mr Sney. Upon their return to the city the relatives of the interested parties were informed of the elopement. The brother and sister figuring in the elopement are the children of Jack Young, 125 Kansas street, a former Sioux City saloon man. Mr Sney is a salesman for the Sioux City Gas and Electric company, while the bride of Mr Young is a sister of R V Wilcox, of the Wilcox studio. All of the parties in the clandestine wedding have lived in Sioux City since childhood. Mrs Young has been a resident of Sioux City for a number of years, her parents living on a farm north of the city. All the parties in the wedding are well known among the young people of the city. The elopement came about as the result of the decision by the parents of Miss Young to send her to New York within a few days to study music. The young people had been together a great deal during the winter. Mr Sney is 23 years of age, while his bride is 19. He was born in Sioux City. In 1904 he enlisted in the navy, serving in the Asiatic squadron at the time of the war between Japan and Russia. He made the trip around the world with the fleet under "Fighting Bob" Evans. Since that time he has been connected with Company L as one of the commissioned officers. Mr Young is 22 years of age. He is on the clerical force of the Martin-MeCormack Millinery company. His bride is 19 years old. Mr and Mrs Sney expect to be at home shortly at 1214 West Third street.
