Official Paper of Dakota County

The county judge of Thurston county received a horse-shiping recently by an irate woman at a public sale near Pender. He will probably keep his gab to himself after this when in the presence of ladies.

The railroads of the world, it is estimated, annually kill less than one-fourth as many people as the mosquitoes. As there is no way of suing the mosquitoes, there is a great deal of profitable business lost to the lawyers.

Gov Chester H Aldrich, who wrestled the governorship from the boozing element of Nebraska in the last state campaign, is again in the race for re-nomination at the coming primaries. Do your duty and we will have a governor that we can be proud of for another two years.

The Nebraska Experiment Station has just issued Bulletin 123, which includes the results of several years' work in fattening hogs on alfalfa and corn, and on alfalfa, corn, and other grains and mill products, at the North Platte Substation. The results of feeding alfalfa hay in the rack, chopped alfalfa and alfalfa-meal, and of feeding various proportions of corn and alfalfa are compared. This bulletin follows Bulletin 121, which shows the cost of keeping brood sows, the cost of the pig when it has reached the weight of 50 pounds and the cost of growing pigs during the summer. This bulletin may be had free of cost by residents of Nebraska on application to the Agricultural Experiment Station, Lincoln, Neb.

One of our exchanges, in speaking of Senator Norris Brown's candidacy for reelection, pays him the following tribute:

"While Norris Brown continues to attend to his official duties in Washington in a dignified manner, his friends in Nebraska still see to it that his political interests in Nebraska do not suffer and that he is accorded the endorsement of a renomination to the senate. The senator is one of the true progressives who stood for progressive policies in Nebraska when such a stand meant something, and when so doing, he was compelled to battle with some of the place hunters who are today hurling the epithet of a 'standpatter' at him. There is not a man in public life anywhere in the nation who has had more continuous and consistent record of progressiveness than Senator Brown and through it all he has been a steadfast, loyal republican preferring that the needed reforms should be brought about through the party, rather than by the destruction of it. The republicans of Nebraska are grateful to Senator Brown for the position he has maintained, and they will endorse his candidacy at the coming primaries."

Siox City Daily News, 5: Sylvester Carney, junior partner in the firm of Carney Bros, liverymen and stockmen of Homer, Neb, was shot in the back by accident last night at Homer, while assisting Jeff Taylor, constable, to incarcerate three tramps whom they had arrested. The bullet came from a .32 caliber revolver carried by Jeff Taylor. The fact that it passed through the back of the buggy seat and through the heavy clothing which Carney wore and then finally struck one of his ribs accounts for the fact that he was not killed. Carney was brought to St Joseph's hospital this afternoon and operated upon. The physicians took an x-ray photograph and located the bullet at the right of the spinal column and near the fifth rib. It had struck a rib and had not penetrated into any of the vital organs. Taylor had received a call to go to a schoolhouse two miles south of Homer to arrest three tramps who had broken into the house. Carney drove and Taylor sat behind the men and held the gun. They reached Homer without any trouble. As Taylor got out of the buggy the automatic revolver went off. The bullet went through the back of the seat and lodged in Carney's back. Carney is 45 years of age and has five children. Taylor accompanied Carney to Siox City for the operation. He was greatly grieved over the accident and was relieved when the x-ray photograph showed that it would not result fatally.

Winnebago Chieftain: Mr and Mrs M S Mansfield were Homer visitors last Sunday, at the home of Mr and Mrs Audrey Alloway... Mrs Thomas Ashford and Mrs D B Stidworthy, both of Homer, were guests at the John Ashford home yesterday afternoon... On last Wednesday morning, February 28, promptly at 10:30 o'clock at the home of the bride's parents, Mr and Mrs Jas C Foltz, Miss Mollie Foltz was married to Mr Claud Thacker, Rev R O Shupe officiating. Those present at the wedding were: Mr and Mrs George Thacker, of Homer, parents of the groom, and the Misses Mattie and Gertrude McKinley, of Homer. The bride has a host of friends in and around Winnebago and also in the vicinity of Homer, in both of which places she has filled positions in business houses. Only recently was she an employe of the C J O'Connor store of this place. The groom is an industrious young man engaged in the farming business midway between Winnebago and Homer, where he has been keeping "bachelor's hall" for the past couple of years. Both are held in the highest esteem and respect by all who know them and will be noble companions for each other. After performance of the ceremony which made this happy couple man and wife, those present sat down to a bountiful wedding supper. The couple took their departure for Lincoln and Omaha and other immediate points for a visit, to return in a few days. We presume that Mr and Mrs Thacker will make their home at the farm upon which the groom has been living. Heartly congratulations are extended by the Chieftain, and we believe we voice the wishes of their many friends in wishing them every success in life.
