"On the fourth of March next I shall have served three and a half years, and this three and a half years constitute my first term. Taft for Peace.

It was only by the exercise of rere discretion and tact that war was averted with Mexico nearly a year ago. ther arrangements, I have decided to Had President Taft yielded to the demands of some of the "Jingoes" of the country the United States might easily have been plunged into a conflict with its neighbor over fancied wrongs. Without permitting the rights of American citizens to suffer in any respect, Mr. Taft handled a ticklish diplomatic situation with such good judgment that trouble was averted and the friendly relations with Mexico were undisturbed.

> Taft's Anti-Trust Record. In the real prosecution of the trusts

the administration of President Taft has established a record that is far neyond that of any of his predecessors. Big combinations have been brought to the bar of federal justice, their promoters have been fined for disobeying the Sherman anti-trust law, and the controlling corporations have been disintegrated. The record of the Taft administration stands unequaled in its curbing of illegal combinations and monopolies.

#### New Land Opened Irrigated . Government Big Horn Basin

The Government will open for entry 6300 acres of choice irrigated farm land at Powell, Wyo., on April 22, 1912, on the ten payment plan without interest.

The Government now allows graduated payments, requiring only a small part of the total, during the first five years; thereby giving the settlers a chance to improve his farm before paying very much of the water charge.

A NEW FOLDER telling all about this opening and containing a map of the Shoshone Project, showing lands filed on and lands to be opened on April 22nd, will be sent free upon request. Don't fail to get this.

If you prefer a 320 acre Free Mondell homestead send for our new Free Government Lands folder. Plenty of moisture this year; now is the time to get a farm. Write today
