Why So Many Warships?

If I could have my way I should build a couple of warships a year less. Perhaps one would do. I would take that \$5,000,000 or \$6,000,000 a year and start at least 1,000 agricultural schools in the United States at \$5,000 a year each, in the shape of model farms. This model farm would be simply a tract of land conforming in size, soll traeatment, crop selection and rota-Captures Stray Bees. tion, and methods of cultivation to modern agricultural methods.
