

SCHOOL NOTES.

The Physics class are taking double periods in laboratory work. They are studying specific gravity.

The fifth and sixth grade have learn ed a very pretty Christmas song and they sing it well.

The pupils are all jubilent over the prospects of a two weeks' Christmas vacation and none of the teachers are objecting to the vacation.

We notice from one of the Omaha papers, that over 600 pupils of the Omaha High School failed in their work the first semester. This is a much greater percentage of failures. we believe, than the percentage of the one cause for so many failures is the Emma Harden. very numerous high school "functions" so often found in large high schools.
