### Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often be-lore a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Anna Kounz, 211 Mechanic St., Pueblo, Colo., says:

"For many years I suffered from aervous prostration; I was unable to do any house work and doctors failed to help me. Remedies I tried from druggists did not do me a particle of good. A neighbor told my husband about

#### Dr. Miles' Nervine

and he procured a bottle. After the first few doses I showed a marked improvement and after taking two bottles I was entirely cured. I have been perfectly well for years and cannot praise Dr. Miles' Nervine too highly."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

### Dr. Miles' Nervine

has proven its value in nervous dis-orders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sole by all druggless. If first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.
