### "Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets.

After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures.

Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money.

The Bears garnered 5 hits but could only chalk up two scores on them.

The new city hall and fire house has been completed by the contractor, H D Wood, and the building has been accepted by the village board. A box containing the key to the room where the fire apparatus is stored has been attached to the door near the padlock. In case of fire the first one to reach the firehouse is instructed to break the glass in the little box containing the key, unlock the door and sound the alarm by grasping both bell rope and jerking first one then the other. Go and take a look at the arrangement, and in case of fire you will understand better what to do.

Chas Hall met with an auto accident last Thursday, which might have proved disastrous, but for the fact that the party riding with him was out of the machine when the trouble occurred, and was able to release him. He was taking a passenger to the Knudsen place south of Hubbard where the hills are pretty nearly straight up, and nearing the top of one of them his engine stopped and before he could apply the brakes and get control of the car it started down the hill backwards and upset, pinning Mr Hall beneath it in such a manner that he could not even speak. The passenger who had slight-ly summoned help and Mr Hall was released. He came out of the fracas with two broken ribs.

### Barnum & Bailey Circus

Great Spectacle of "Cleopatra" Begins Regular Performance.

In Sioux City, Iowa on Tuesday, August 5th. The spectacle in itself is an attraction that should fill the big tent at each performance and draw thousands of visitors from the surrounding districts. It is beyond question the greatest production of its kind ever seen in America.

The worlds most skillful scenic artists, costumers, property builders, chorus directors and stage managers were engaged to mount the production.

A stage bigger than a hundred ordinary theaters was built and made portable so that it can be conveyed from town to town and erected each day in the main tent.

The circus proprietors have thus made it possible for those who live in contributory towns, even farmers and their families to see the magnificent wordless play that is an immense attraction in the largest cities. It is enacted with a cast of 1,250 actors, a grand opera chorus, an orchestra of 100 soloists, a ballet of 350 dancing girls, 650 horses, five herds of elephants, caravans of camels and a trainload of special devices, costumes, and scenery and electrical mechanism for producing such effects as lightning, thunder, sand storms on the desert, volcanoes in action, sunrise, floods, and mirages.

The regular circus program is the finest the Barnum and Bailey management has ever offered. Thrilling acts are presented by Miss Bird Millman, the strangest and most beautiful woman before the public; Mac Wirth, the greatest of all riders, a company of Japanese wrestlers, athletes, sword-dancers and jiu jitsu experts, the Five Balloons, strong women. There are 400 performers. In the menagerie will be found the only baby giraffe on exhibition in the world. There will be a parade at 10 o'clock in the forenoon.

## Glacier National Park Newly Revealed Wonderland

This region of majestic, glacier-capped mountains—the climax of the rugged grandeur of the Rockies—is reached by the Great Northern Ry. from Glacier Park Station, at which point the Railway Co. has constructed a \$100,000 hotel. An automobile road has been built from this station to the interior of the Park. A detour of from 1 to 4 days can be made at the very moderate cost of from \$10 to \$25, including hotels, autos, launches and coaches, covering distances of from 40 to 150 miles.

As all hotel and transportation arrangements in the Park are under the supervision of the Great Northern Ry. Co., the comfort and enjoyment of tourists is assured. In making a tour of the Pacific Coast, a detour into Glacier Park will prove to be one of its most interesting features.
