Sioux City Journal, 28: The funeral of Charles Castle, 6-month-old son of Mr and Mrs R W Castle, of South Sioux City, Neb, will be held at 2:30 o'clock this afternoon at the residence. Interment will be in Floyd cemetery. Following a trail of money and clothing through a corn field near Crystal Lake, Chief of Police A L Mathwig, of South Sioux City, assisted by J W Hazelgrove and Charles Hornett, last night discovered two men who are alleged to have slugged John B Vestel, of Coffeyville, Kan, and robbed him of \$85. The men gave their names as John Gill, of Philadelphia, and Tom Curtis, of Kentucky. They are held at South Sioux City on charges of highway robbery. Chief Mathwig last night slept at the jail to prevent a possible delivery by a third member of the gang, Vestel, with three companions, arrived in South Sioux City at 1:45 o'clock yesterday afternoon. They were trailed during most of the afternoon by Mathwig. The men decided to go to Dakota City and Vestel paid their fares, fishing a roll of bills. When Crystal Lake station was reached Curtis, it is alleged, suggested a walk to the lake. Mr Hornett, who was some distance away, saw the men strike Vestel in the stomach and go through his clothes. He phoned to Chief Mathwig. The scene of the attack was located by \$1.65 in silver that the thugs had dropped in making their getaway. A short distance in the cornfield was found Vestel's cap. Further on was a snuff box, then an empty pocketbook. Following this trail, Chief Mathwig and his deputies came out of the corn field near the railroad tracks and soon overtook Curtis and Gill. The third member of the gang had remained on the car. Hornett and County Judge Daniel Heffernan, who was on the car, identified Curtis and Gill, according to Chief Mathwig. The men probably will have their preliminary hearing this morning.

Perpetual Care

If you were to Purchase a Family Burial Plot, would you give the following points consideration?

- Is the location one that is suitable for all time, or would it be impaired by the dense population of future years?
Is the location one whose natural resources would tend toward the beautiful without the heavy increased expense of maintenance?
Is the "PERPETUAL CARE" Fund sufficient and so safe-guarded that its future uses will not have dependance upon individual integrity?
In the guaranteeing of "Perpetual Care" does this fall upon the individual as a member of the Corporation, or is the guarantee backed by sufficient valuable real estate and he assume none of the obligations attendant?
These questions and many others may come to you some time; why not investigate conditions now and avoid future complications that might arise?
We ask that you visit Logan Park and see nature in all its beauty; you will then comprehend its future possibilities as one of the finest Burial Parks in the West. We have Free Auto Service Sunday afternoon from 2 to 6, week days by appointment.
