ARMY DEFEATS NAVY

SOLDIERS SPRING SURPRISE OF YEAR BY WINNING FROM SAILORS.

ARE OUTCLASSED AT START

Cadets Change Style After First Period, Using Open Plays to Turn Tide—President Wilson Attends Game in New York.

New York, Dec. 2.—The president of the United States and members of his cabinet, together with 42,000 patriotic Americans, surrounded the gridiron in the Brush stadium on Saturday and saw the West Point football eleven furnish a stunning surprise by conquering the midshipmen from Annapolis by a score of 22 to 9.

From the standpoint of the spectator, the game and its setting lost nothing of its thrilling grip and interest as a result, and the 42,000 persons present gasped and cheered by turns at the kaleidoscopic playing scenes depicted. The uses of the forward pass repeatedly by the cadets opened up the play to a far greater extent than the more conservative line attack and runs of the midshipmen.

In the opening quarter the two elevens played the usual eastern game, with the attack directed principally at the line and outside tackle. At this period the advantage lay entirely with the midshipmen, who used their weight and speed for consistent gains. Near their own goal line the army held firmly and Brown, the midshipmen's right guard, was called back to the cadets' 20-yard line, whence he kicked a placement goal. In the second period he duplicated the feat, after Hodgson dropped one of Nicholls' punts and Gilchrist recovered.

The army got into action in this quarter also, and sent the score leaping with a field goal and touch-down. Early in the period the soldiers gained the ball on the navy's ten-yard line as a result of a blocked punt from Nicholls' toe. The West Point backs could make no impression on the navy line, and Woodruff, who replaced Joutet for the occasion, kicked an easy goal from placement on the navy's 25-yard line. Just before the quarter ended Prichard caught one of Nicholls' high punts at midfield and raced 15 yards toward the midshipmen's goal before he was downed.

Three times in succession, then, Prichard hurled a forward pass. The first two were uncompleted, but the third shot squarely into the hands of Merrill, the army right end, who had run across the midshipmen's goal line, thus West Point registered the first touch-down of the game, leaving the score at the end of the first half 9 to 6 in favor of the soldiers, for McEwan failed to kick the goal from touch-down.

The navy added another goal from placement in the third period when Nicholls, by clever running back of Joutet's punt, placed the ball on the army's 25-yard line. Checked by the soldiers' defense, Brown scored his third and last goal from placement, kicking from the 30-yard mark.

With the points nine all the cadets opened another brilliant attack. Merrill, with little or no interference, ran from the army's 45-yard line to the midshipmen's one-yard mark before he was tackled from the rear by Gilchrist. Two line plunges, with Captain Hoge carrying the ball, scored the second touch-down, and McEwan kicked the resultant goal, making the score, army 16, navy 9.

Immediately following the opening of the final period Captain Hoge caught one of Nicholls' low punts on the army's 45-yard line and ran unaided to the midshipmen's 20-yard mark before Brown pulled him down.

On the next line-up Hoge tore through the fast weakening soldiers line for eight yards. Again Prichard elected to try a forward pass and again it was Merrill who caught the flying spheroid behind the navy goal line for the third touch-down of the game. The ball was downed to the extreme right of the goal posts and the punt out was a failure, leaving the final score: Army, 22; Navy, 9.

WARSHIPS RAZE CITY

FEDERAL GUNBOATS DESTROY EVERY BUILDING IN ALTATA, SINALOA, MEXICO.

TO ATTACK MAZATLAN NEXT

Dictator Adopts Drastic Measures to Secure Funds to Operate Government—Villa's Troops Ready to Advance.

Mexico City, Dec. 2.—The Mexican federal gunboats Tampico and Guerrero bombarded the port of Altata, in the state of Sinaloa, again Sunday and destroyed the entire city, not a building being left intact.

The rebel force, which had remained in the city throughout the heavy bombardments of the previous days, fled to the interior. The gunboats thereupon steamed for Mazatlan to join in a land and sea attack on that port, which is occupied by a large rebel force.

General Huerta's friends hold that unless President Wilson's forthcoming message to congress urges steps beyond the continuance of the financial blockade the provisional president is prepared to maintain his resistance. They point out that although the government may be bankrupt the provisional president is far from being without funds and is not likely to be so as long as private institutions and corporations possess funds.

Juarez, Dec. 2.—Northern Mexico, embracing the states of Sonora, Chihuahua, Coahuila, Nuevo Leon and Tamaulipas, and including the territory from the border to a line 500 miles southward, within two weeks will be wholly under the authority of the rebel forces, which will then join at Guadalajara with a view of marching on to Mexico City. General Francisco Villa, the rebel leader, so announced on Sunday.

Vera Cruz, Dec. 1.—Admiral Craddock, on the British cruiser Suffolk, came from Tampico in an acute hurry Friday. It is learned he arrived at Tampico in cock-of-the-walk fashion, but Admiral Fletcher "put a kink in his game." Admiral Fletcher, accompanied by John Lind, went aboard the Suffolk and in no uncertain way advised Craddock that the American government would not countenance the landing of British marines at any Mexican port where the United States was represented. The two admirals crossed severe words.

City of Mexico, Dec. 1.—That Tampico is seriously menaced by rebels is indicated by private advices, which say that they are moving southward from Victoria. They cut the railroad 40 miles north of Tampico, wrecking a train of 20 oil cars.

It is reported that after dynamiting the train the rebels attacked the federal troops on guard, who numbered about one hundred, thirty or forty women and children, relatives of the soldiers, killing every one of them.

ASKS BIG MAIL FUND

BURLESON SEEKS \$306,000,000 TO RUN POSTAL SERVICE.

Record-Breaking Estimate for Military Forces Requested of Lawmakers by War Department.

Washington, Nov. 29.—An appropriation of \$306,000,000 for the postal service for the next fiscal year has been submitted to congress by Postmaster General Burleson. This sum, if granted, will be the greatest allowed for this service in a single appropriation measure.

The estimates contemplate a substantial extension of the parcel post service, which is credited with a large part of the surplus of \$4,500,000 earned by the postal service for the fiscal year just closed.

Representative Madden of Illinois introduced a bill providing that the salaries of assistant postmasters and employees above the clerical grades in first and second class post offices shall be based on the gross receipts of their offices. Assistant postmasters in offices where the gross receipts are less than \$40,000 a year would get 60 per cent of the postmaster's salary. Where the receipts are over \$40,000 the salaries would vary in accordance with a schedule prepared by Mr. Madden.

One-cent postage promises to be one of the live issues to be fought out in the regular session of congress. No fewer than a dozen bills on the subject already have been introduced, and it is said about half of these provide for penny postage outright.

Record-breaking estimates for army appropriations were laid before congress by the war department. Secretary Garrison transmitted to the house his estimates for the military establishment during the next fiscal year, aggregating \$106,000,000, which is roughly \$10,000,000 more than the figures submitted a year ago for the army bill.

Secretary Houston wants \$25,000,000 appropriated for the agricultural work of the government. His estimates will be submitted to congress this week.

JOE RIVERS BEATS CROSS

Lightweights Battle 20 Desperate Rounds and Mexican is Given Decision After Sensational Fight.

Los Angeles, Cal., Nov. 29.—Joe Rivers came back splendidly in his 20-round bout with Leach Cross at Vernon on Thursday. At the end of a savage battle Referee Blake held up Rivers' hand in token of victory. That incident ended one of the prettiest fights ever staged in the Vernon arena. Rivers led all the way. He did not lose more than two or three rounds during the fight. He clearly and easily outboxed Cross in 15 of the 20 rounds. Cross threw caution to the winds and had the fans standing and yelling enthusiastically at his sensational finish. Rivers had him groggy at the close, however.

By virtue of this victory Rivers will get the return match with Willie Ritchie.

HANISH FOUND GUILTY

FEDERAL JURY CONVICTS MAN ON OFFENSE BOOKS CHARGE.

Head of Sun Worshipers Accused of Violating Law Through Sending Volumes Over U. S.

Chicago, Dec. 1.—Otto Zar Hanish, the "little master" of the Mazdanan sun cult, was found guilty on Friday by a jury in Federal Judge Mack's court, following his sensational trial on a charge of violating the interstate commerce law through the shipment of his book, "Inner Studies," via express.

Counsel for Hanish made the usual motion for a new trial. The date for a hearing on this motion will be fixed by Judge Mack upon his return to Chicago. Fixing of the penalty rests with the court. The conviction carries with it as a maximum penalty a fine of \$5,000 or five years in the penitentiary, or both.

At the same time that this action was taken in regard to the motions for a new trial the defense asked that the defendant be permitted to remain at liberty on his present bond of \$10,000 until such time as the question of the new trial motion is disposed of. The Mazdanan sun cult, of which Hanish is the founder, long has been before the public eye. It is regarded by the government as one of the most powerful of cults, its membership embracing 14,000 men and women in the United States.

MAYOR S. L. SHANK RESIGNS

Indianapolis Head Was Threatened With Impeachment by Business Men if Strike Was Called.

Indianapolis, Ind., Dec. 1.—Samuel Lewis Shank on Friday resigned as mayor of Indianapolis.

Shank tendered his resignation after he had conferred with a number of union labor officials regarding an impending strike of teamsters, who told him there was little hope of averting the strike. He had announced Wednesday that he would resign if the threatened strike could not be stopped. He was waited upon by a committee of business men Tuesday night and was informed that impeachment proceedings against him were being prepared and would be filed if the impending teamsters' strike could not be averted. His attitude during the recent street car strike, when he let it be known that he did not wish policemen to ride on the cars manned by strike-breakers, caused the resignation of Superintendent of Police Martin J. Hyland and President William E. Davis of the board of public safety.

Lincoln.—The Nebraska Manufacturers' association, in convention here, went on record against taking part in any exhibit at the San Francisco exposition in 1915.

The resolutions committee recommended the active support of the association in securing the funds. The association refused to abide by the recommendation, but compromised that "we trust this movement will meet with the hearty support of the people of Nebraska," referring to "suitable and adequate representation" by the state in that exposition. Immediately after turning down the resolution on the San Francisco exposition the convention enthusiastically endorsed a plan for holding a Nebraska exposition in 1917 in honor of the fiftieth anniversary of its birth as a state.
