Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedica. Deafness is caused by an inflamed condition of the mucous lining of the Eurtachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will sive One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Q. Sold by Druggists, 780. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

A Lincoln dispatch in last Thurs-day's dailies states: "A Dakota county case, in which the Raapke Grocery company and the Paxton-Gallagher company are seeking to subject land claimed by John P Beacom to judgments they hold against James E Beacom was before the supreme court today. The plaintiffs assert that James E secured credit for goods from them on the representation to the mer cantile agencies that he owned \$0 acres of land, but when they came to collect on their judgments they found that John P Beapom was in possession under a deed executed months before by his brother. The plaintiffs claim there was fraud in the transaction. As one item in the list they cite that the note given by John in part payment does not become due until 1920. Beacom won in the lower court. His attorneys told the court that the sale was made in good faith and at a time when James E Beacom was admittedly solvent and that the full value was paid thereon in cash and notes. It was claimed that he could not possibly have known James was insolvent, and that in fact he was not, as one of the notes executed, for \$1,600, ran to James."
