Readers of the Sioux City Journal are pleased to know that John W. Carey, formerly on the Journal's editorial staff but later with the News, has returned to his first love—the Journal. His writings were always pleasing.

A decision handed down in the supreme court recently in the court house controversy in Burt county, puts the prospects for a new court house in that county to the bad. The decision holds that the law of 1913, under which the county board made the levy for a new building to take the place of the antiquated structure now used for a court house, was unconstitutional in that it did not mention the sections amended nor provide for their repeal.

OLD TIME HAPPENINGS.
Items reproduced in the Sioux City Journal from files of forty and twenty years ago:
March 8, 1894: Capt Talbot, of the Pontoon Bridge company, will put a number of men at work in a few days making some improvements on the boats used in the bridge, which will greatly increase its strength. He will also put in new cables to hold it in place. It has not been decided yet as to whether the bridge will be replaced before the spring rise, but it is probable that it will be, as there are no means of crossing the river now, owing to the condition of the ferry boats.
March 9, 1894: Marion Weigle, a farmer living near Sloan, endeavored to cross the Missouri river below the city on the ice. The ice gave way, and his team and wagon were swept under and lost. Weigle and his wife were thrown into the water and it was with the greatest difficulty that they managed to get on land.

GOD OF THE BIBLE VS. GOD OF CREEDS

Creed Idols of Christendom More Horrible Than Idols of Heathendom, Says Pastor Russell.

The Bible Opposed to All Idols—God Must Be Known to Be Appreciated and Truly Worshiped—Misunderstandings of the Divine Plan Have Confused Us—Ignorance the Mother of Superstition—The Morning Dawns. The Shadows Flew—True Knowledge of God Will Soon Fill the Earth and Carry Blessings to All.

Madison, Wis., July 6.—The INTERNATIONAL BIBLE STUDENTS ASSOCIATION have been holding a convention here for eight days, closing today.

text the words, "The Father of mercies, and the God of all comfort."—2 Corinthians 1:3.
The Pastor stated that when in India, China and Japan last year he was impressed with the intelligence of many amongst those peoples. He visited their temples to ascertain the status of the worshippers. Many seemed sincere, absolutely unmindful of anything except their own worship. He made inquiry as to whether the idol was regarded as the god, or merely as a reminder of their god. He was assured that the idol was known to be metal, stone, etc., and was used in much the same way that Catholics use the crucifix—not as worshipping the image, but merely to assist in fixing reverence and the spirit of worship.

Our Creed Idols Worse.
Pastor Russell said that at first he felt disposed to chide the heathen for the hideous features which they give their idols. But a little reflection brought him shame and confusion: He perceived that the creeds of Christendom are idols, set before our mental eyes, with exactly the same hideous features as the tangible idol before the natural eyes of the heathen. Each creed shows a slightly different image of God, but all picture Him as a most atrocious character, more hideous by far than are the idols of heathendom.

How could anybody make an idol that would speak such horrible things as all of our creeds portray by description? What artist could picture a God deliberating upon the creation of the human family with procreative powers, and before beginning His work planning and arranging a great place called Hell (and some say another called Purgatory), creating fire-proof delects to man these, laying up fuel to last throughout eternity, and then starting humanity, with the foreknowledge that thousands of millions would spend eternity in those horror chambers? No heathen was ever capable of such imagination, and hence none ever pictured such a God, either in clay, metal, stone or with pen. It remained for the most cultured and civilized peoples, who had most enjoyed God's favors, to misrepresent Him most, and then to carry those misrepresentations to the heathen.

The Heathen Know it, Too.
Missionaries have indeed reached a few, said the Pastor, but their number is small; so also their intelligence; and while we have the best intentions, Satan has kept Christendom in darkness, and led us to picture in our creeds a God who was unjust, unloving, and using His Power contrary to every principle of righteousness.

He told them, further, that the dawn of the New Age is upon us, the thousand years of Christ's Reign. God's faithful people are gradually coming to a better understanding of the Bible. We urged them to cling to the Bible, and assured them that he was endeavoring to arrange so that they may get a better understanding of what the Bible really teaches.

Good Tidings to Every Nation.
Pastor Russell's visit to foreign lands was strictly in the interests of the true Gospel—"Good tidings of great joy." The Association has had sermons translated into Japanese, Korean, Chinese, and the six principal languages of India, and millions of copies are in the hands of the people. Considerable fresh interest has been aroused. People in those lands have begun to study their Bibles.
