DAKOTA CITY, NEBRASKA, THURSDAY, JUNE 11, 1914.

NO. 41.

TO BLOCKADE PORT

ORDERS ZARAGOZA AND BRAVO FROM PUERTO MEXICO—U. S. SHIPS NOT TO INTERFERE.

CARGO OF ARMS UNLOADED

Rear Admiral Mayo Decides Authority Is Limited and Refuses to Stop Captain—Carranza Offers Peace Terms to Mediators at Niagara.

Tampico, Mex., June 9, by way of Brownsville, Tex., June 9.—An official notification was sent to Consul Clarence A. Miller by Gov. Luis Caballero that he had received information of the intention of the federal war vessels Zaragoza and Bravo to come to Tampico for the purpose of bombarding or blockading the port.

For this reason Governor Caballero said he thought it proper to notify the American consul so American war vessels lying off the port might keep out of the line of fire.

The constitutionalists have made all arrangements for the defense of the port. Several hundred troops with artillery are on the way to La Barra. They will throw up earthworks and place cannon in an effort to prevent any attempt by the gunboats to enter the river.

The American gunboat Dolphin left for Vera Cruz in pursuance of orders from Washington on account of the serious outbreak of malaria.

On the arrival here of the American schooner Sunshine from Galveston with 3,000,000 Mauser and Winchester cartridges for the constitutional authorities, Admiral Mayo sent Flag Lieut. Arthur B. Cook to learn the character of the cargo.

Vera Cruz, June 9.—Late advices from Puerto Mexico say the Mexican gunboats, the Zaragoza and Bravo have sailed to carry out President Huerta's blockade decree against Tampico. American warships are trailing them.

The steamer Antilla, with a large shipment of arms and ammunition for the constitutionalists, is approaching that port.

Rear Admiral Badger's orders, however, are only to keep the ships under observation, and not to interfere.

Washington, June 9.—General Carranza's reply to the last communication of the mediators has been received by the constitutionalist junta in Washington and will be sent to Niagara Falls this week. General Carranza expresses his willingness to enter the Niagara Falls conference, but on his own terms. The rebel chief will not consent to enter into any armistice. He still stands out against any attempt on the part of the United States or the A-B-C diplomats to interfere with Mexico's internal affairs, but he gives evidence of a willingness to let down the bars slightly in regard to this question of a settlement of Mexico's own differences through peaceful conferences. Carranza is willing to mediate the international questions involved in the present situation, and it is understood that he acknowledges that it may be necessary in this connection to discuss some phases of Mexico's internal affairs.

The stand that Carranza has taken was communicated to Secretary Bryan and it was apparent that the administration found ground for hope in it that the mediators might finally admit Carranza to the proceedings. Carranza's reply to the mediators, as received in Washington, consists merely of certain instructions to his agents here. The mediators' communication was addressed to Senator Zuberan, Carranza's representative here, and the reply based on the first chief's instructions, will be sent over the signature of Senator Zuberan. It is understood that the Zuberan note will seek to minimize the question of an armistice, at the same time giving no indication that Carranza will ever consider yielding on that point.

Niagara Falls, Ont., June 8.—General Huerta authorized his delegates to the peace conference to say Friday that he will accept in its entirety the plan agreed upon here and submitted to him and to President Wilson nine days ago.

One word from President Wilson approving the agreement reached here would conclude the conference and avert war, but that word is not forthcoming.

The Express adds that this communication, "decorated with all the trills and embroidery of diplomatic usage and couched in language emphasizing Great Britain's good will toward the United States, places President Wilson in an awkward position."

"Diamond Jim" Brady Better. New York, June 8.—Although still confined to his room, it was reported that James B. Brady, "Diamond Jim," who suffered an attack of stomach trouble recently, was greatly improved.

Convicted; Ends Own Life. Dayton, O., June 6.—The body of Arthur Fowler, a British subject, found guilty of the murder of John Jeames, was found in the county jail. Fowler had secured a strap and hanged himself to the bars in his cell.

Drought for Muncie. Muncie, Ind., June 6.—Muncie, a city of nearly thirty thousand population, will be without saloons after Saturday, according to the ruling of Judge Frank Ellis in the Delaware circuit court. An appeal will be filed at once.

ANNUAL BUDGET IS BIG

SUNDRY CIVIL BILL IS REPORTED TO HOUSE.

Carried Appropriation of \$107,696,759—Largest Item, \$20,718,000, is for Panama Canal.

Washington, June 6.—Chairman Fitzgerald of the appropriations committee reported to the house the sundry civil bill Thursday, one of the largest of the annual budgets, which carries for the next fiscal year \$107,696,759.20.

The committee slashed the estimates more than \$17,000,000, and the bill is approximately \$16,500,000 less than the sundry civil bill for this year.

The largest item in the bill is an appropriation of \$20,718,000 for continuing construction on the Panama canal, which now is nearing completion. For fortification of the canal, \$1,125,000 is appropriated.

The interstate commerce commission receives a total appropriation of \$3,650,000, and of this amount \$1,900,000 is to be used in making the physical valuation of railroads.

The estimates for the Ellis island immigrant station were cut \$500,000, leaving an appropriation of \$133,500.

The board of mediation and conciliation receives the \$50,000 asked for, and a \$200,000 appropriation is allowed the commission on industrial relations.

The customary item of \$25,000 for the traveling expenses of the president is included.

The sundry civil bill carries a legislative rider providing that any railroad whose property is being valued by the interstate commerce commission shall transport free of charge the agents of the commission to the point where the survey is being made.

The sum of \$200,000 is appropriated for the customs service at the Panama exposition of 1915.

The president is given a special fund of \$50,000 to aid the states in checking any actual or threatened epidemic of contagious diseases.

U. S. SEEKS NO WAR, WILSON

President Tells Graduates of Annapolis That Mission of America is That of Service.

Annapolis, Md., June 8.—President Wilson on Friday told 154 graduates of the Naval academy, many of whom leave shortly for Mexican waters, that the mission of the United States is one of service to humanity, not of aggrandizement or conquest. He spoke at the annual academy graduation exercises, and later delivered the diploma to the young midshipmen. He declared the duty of the United States is to serve the world.

Speaking of the Vera Cruz situation, the president reverently declared that "I pray God the boys there will not have to fight any more." He added that the real good they will do will be their impression on the Mexicans.

EX-MAYOR IS FATALLY SHOT

"He Refused to Treat My Sick Child," Says Assassin of Doctor Dunn

Duquoin, Ill., June 9.—D. D. Winton Dunn, formerly mayor of Duquoin, was shot and fatally wounded here Sunday by Jesse Joplin.

"He refused to treat my sick child because of an unpaid bill," said Joplin in extenuation of his act.

News of the shooting so inflamed the community that the authorities took the precaution of hurrying Joplin to Pinckneyville, where he is held in the Perry county jail. Doctor Dunn was taken to St. Louis on a special train soon after the shooting, but died in a hospital later. He had been wounded in six places by Joplin, none of whose bullets failed to hit the physician.

36 PLUMBERS ARE HELD

United States Grand Jury Indicts Members of Body at Des Moines, Ia.

Des Moines, Ia., June 6.—Indictments were returned on Thursday against 36 officials and members of the National Association of Master Plumbers and Associates of state organizations in Illinois, Wisconsin, Minnesota, Michigan, Missouri, Nebraska and Iowa by the federal grand jury here. The indictments charge conspiracy in restraint of trade, in violation of the Sherman anti-trust law.

It is specifically alleged that the National Association of Master Plumbers has been operating in violation of law ever since its organization in 1884, and that it has continually conspired to interfere with the business of plumbers and plumbing supply houses.

No Hope for Stevenson. Chicago, June 9.—Adlai Stevenson, former vice-president of the United States, remains in a critical condition at the Presbyterian hospital. Physicians admitted there was little hope of recovery.

Man Killed in Auto Crash. Rochester, N. Y., June 9.—Harry Baker was killed and Bertha Kester, twenty-one years old, was terribly injured when Baker's automobile turned turtle when the steering gear broke on Friday.

FIANCEE OF MORTON F. PLANT

Mrs. Seiden H. Manwaring, a young widow of Groton, Conn., whose engagement to Morton F. Plant, the wealthy railroad man, has been announced. Mr. Plant is sixty-two years of age. With Mrs. Manwaring is her son.

3 KILLED IN A STORM

SIX HURT IN CYCLONE WHICH DESTROYS IOWA TOWN.

Electrical Storm Does Great Damage to Northern Indiana—Loss Will Reach \$100,000.

Mason City, Ia., June 9.—Three persons were killed and six injured by a cyclone which partially demolished the town of Sanborn, near here, and caused considerable damage in the territory surrounding that place according to advices received here. Telegraph and telephone communication with Sanborn was destroyed by the storm and only meager details have been received here.

Automobiles loaded with food and medical supplies and clothing were dispatched to Sanborn. According to reports received here, ten residences, four business buildings, two grain elevators and the Chicago, Milwaukee & St. Paul roundhouse were razed. Scores of other buildings in the town and in the surrounding country were damaged.

Mrs. B. L. Fisk and P. W. Yotum, sixteen, were killed when their homes were demolished. Patrick Doherty was missing today and it was believed his body was buried in the debris. Among the severely injured were J. B. Long and Mrs. G. W. Bonner, both of whom were struck by falling wreckage.

Laporte, Ind., June 9.—The electrical storm which passed over northern Indiana did great damage. The losses are the heaviest in the rural districts where a number of barns and farmhouses were struck by lightning and burned to the ground. The Pine Lake summer residence of C. M. Hyde, Chicago, architect, containing many valuable curios and elaborately furnished, was struck by lightning and destroyed, insurance men say the losses in the northern Indiana tier of countries may reach \$100,000.

FLASHES OFF THE WIRE

Omaha, Neb., June 6.—Fifty people were stunned by a lightning shock when a bolt struck the Collins apartments and set fire to the building. Firemen carried all to safety and saved the building from destruction. None of those stunned were badly injured.

Philadelphia, June 6.—George Crossin, nineteen years old, a messenger for the Corn Exchange National bank of this city, was robbed of over \$5,000 in cash, drafts and checks in a crowd on Market street.

London, June 6.—The suffragette who appealed to King George at the court levee to stop the forcible feeding of women prisoners was identified as Miss Mary Blomfield, daughter of Lady Blomfield. Miss Blomfield's sister was also present when the appeal was made.

Montreal, Que., June 6.—The commission to investigate the Empress of Ireland wreck will open its sessions at Quebec June 16.

San Francisco, June 8.—Taraknath Das, a Hindu postgraduate student at the University of California, was admitted to citizenship. He is the fourth Hindu to become an American citizen.

Woman Wins Big Love Suit. Chicago, June 9.—Miss Georgia W. Jay, pretty stenographer, who sued Homer Rodeheaver, choirmaster for Billy Sunday, the evangelist, for alleged breach of promise to marry, was awarded \$20,000 damages by a jury.

Dr. C. B. Walcott to Marry. Philadelphia, June 9.—The engagement was announced of Miss Mary Morris Vaux, daughter of Mr. and Mrs. George Vaux of Bryn Mawr, to Dr. C. B. Walcott, secretary of the Smithsonian institution of Washington.

CLAYTON BILL WINS

ANTI-TRUST MEASURE CARRIES EXEMPTION FOR LABOR AND FARMERS' SOCIETIES.

ONLY 2 DEMOCRATS OBJECT

Provision in Document Against Interlocking Directorates Expected to Open New and Larger Opportunities to Men Long Subordinates.

Washington, June 8.—The administration's anti-trust legislation passed the house of representatives by a decisive vote on Friday. The three bills carrying plans for further reforms of big business and an issuance of securities will be rushed to the senate.

On the Clayton general trust bill which carried the labor and farmers' organizations exemption clause and limitations on the power of courts to issue injunctions in labor disputes the vote was 275 to 54. A roll call on the stocks and bonds bill resulted 325 to 12. The federal trade commission bill passed without opposition.

The Clayton bill, besides the pro-labor amendments, carries legislation against the use of unfair methods by large corporations and seeks to restore competition. It provides also against interlocking directorates among competing concerns and between corporations and their supply companies. It is believed this provision will bring to the front a number of new men now held in subordinate positions because of the enforced retirement of directorates, besides opening to individuals opportunities in the supplies contract field.

Opposition to this bill came largely on the labor exemption and the injunctive and contempt sections. Only two Democrats went on record as opposing this legislation. They were White of Ohio and Geary of Rhode Island. The latter announced a pair with another member and withdrew his vote. All the Progressives except Chandler of New York voted for the bill.

Republicans voting against the bill were: Austin, Bartholdt, Calder, Danforth, Edmunds, Drucker, Dunn, Esh, Fairchild, Foss, Gillett, Green (Vt.), Humphreys (Wash.), Kahn, Keister, Langley, McGuire, Madden, Mann, Moore (Pa.), Paige (Mass.), Parker, Payne, Pratt, Plumley, Sells, Shreve, Stevens (Minn.), Switzer, Treadway, Wolstead, Wallin, Willis, Winslow, Anthony, Britten, Browne (Wis.), Graham (Pa.), Hamilton (N. Y.), Hayes, Hinds, Howell, Johnston (Utah), Kennedy (R. I.), Klees, Mott, Nelson, Sloop and Steenerson.

BOTH DEAD IN BLOODY DUEL

Family Feud in Mississippi Results in Death of Heads of Two Homes.

Poplarville, Miss., June 8.—In a family feud, that started here, John Lee and Boyd Linder killed each other after a ten-minute battle. Linder shot Lee five times, three of the bullets taking effect. Staggering into position, Lee stumbled toward Linder, clasped his throat in death grip, drew a knife from one pocket and cut his throat. Both men fell and died in each other's blood.

Salvation Army Bury Dead.

Toronto, Ont., June 9.—Seventeen Salvation Army victims of the Empress of Ireland were buried at Mount Pleasant cemetery here in the presence of Commissioner McKie and a large assemblage of army people.

Announcement is made by Secretary H. B. Cummins of the state board of health that Dr. X. V. Chapin of Providence, R. I., who is sent out by the American Medical association and the American Public Health association for the United States, Canada, Mexico and Cuba, will visit Nebraska, June 12 to 15, for the purpose of ascertaining what work is being done here of testing the prevention of infectious diseases.

Governor Hughes Wins Case. Topeka, Kan., June 9.—A verdict of \$2,310 damages for paper, ella West, was returned by the other district court here. Liberated one minute.

NEWS FROM STATE HOUSE

George E. Norman, president of the Central Labor union, Omaha, has been named by Labor Commissioner Pool as special inspector for the department.

The work of soliciting money from school children to build and equip a state exposition building at the Panama-Pacific exposition has been abandoned.

J. A. Ollis of Ord, president of the Nebraska Improved Live Stock Breeders' association, has reported several cases of hog cholera in Valley county. The farmers are vaccinating the animals and isolating the sick hogs.

During the month of May the prison population was reduced from 363 convicts to 339, twenty-one being paroled and the others being furloughed or discharged. Eleven were committed during the month.

Upwards of \$2,000 was earned by convicts of the state penitentiary during the month of May, according to Warden Fenton's report filed with the governor. Of the amount, \$1,339 came from the Lee Broom company and \$655 from the Handcraft Furniture company, which operates a chair plant at the prison.

The student council movement in the university has died out. Practically none of the meetings called have been attended by a quorum. General lack of interest in student government is said to be the cause for the failure of the movement to mature. The girls' club is planning to revive the question next fall.

With a large number of first-class bands as applicants for engagements during the state fair, the board of managers of the state board of agriculture has eliminated a large number by ballot. The application of the organizations were read and a series of ballots prepared. The applicants receiving the least number of votes were dropped. The organizations at Oakdale, Nelson, McCook and Tecumseh were selected.

The supreme court has upheld the new insurance code with the exception of one or two minor sections, one of which relates to the percentage of representation which the members of fraternal companies are permitted to have in their supreme governing bodies. It is possible insurance companies who may show that their rights are infringed upon may find an opening for an attack upon the code at some future time.

Action of a number of big implement firms in agreeing to boycott the state fair from an exhibition standpoint threatens soon to vanish in thin air. One of the principal firms subscribing to the agreement has asked for reservation blanks, and in so doing has indicated that his space this year will exceed that of former years. The new turn of affairs pleases Secretary Mellor immensely, and he is confident that the other firms will come in soon.

A two-headed pig is one of the novelties recently donated to the state museum. The animal seems well formed in every way, the two heads extending to the middle of the back. This strange specimen has been donated to the university by George H. Paine of Yankee Hill precinct, and was brought to the museum by E. H. Paine yesterday afternoon. The biology department plans to begin an investigation of the novel animal.

Delegates to the boys' state fair encampment should be chosen in the various counties before the close of the school year. Boys between the ages of fifteen and twenty-one years are eligible. Full details may be secured of the county superintendent in each county. The educational value of the boys' school encampment can hardly be overestimated.

The county commissioners of Valley county have reported to Land Commissioner Beckman the reappraisal of the school lands under lease in that county. There are about 4,300 acres of leased school land in Valley county on which the old valuation was about \$19,500. The new valuation is over \$32,500, showing an increase of nearly 70 per cent. Nearly all of the Valley county land is subject to purchase, the leases being dated prior to July, 1897.

Sale of Texas oil stock in this state in 500-foot squares and under promise of later development by the community of purchasers will not be permitted by the railway commission. The blue sky law's provisions were focused on the deal in a case brought to the attention of the commissioners from a Kearney agent.

Governor Morehead has appointed June 17 as "Dollar Day" and those who wish to contribute that amount to the Panama-Pacific exposition can do so on that date.

Announcement is made by Secretary H. B. Cummins of the state board of health that Dr. X. V. Chapin of Providence, R. I., who is sent out by the American Medical association and the American Public Health association for the United States, Canada, Mexico and Cuba, will visit Nebraska, June 12 to 15, for the purpose of ascertaining what work is being done here of testing the prevention of infectious diseases. He will test adulterated survey of sanitary and personal bodies.

Premet Model in Taffeta Silk

TO THE blind there is no color, and for the deaf music does not exist. We may, therefore, assume that when a great designer like Premet turns out a model which strikes us as clumsy, that the fault lies in our inability to "see" it. Or we may conclude that in the effort to be sensationally original the designer has forgotten that it is not worth while to be original at the expense of grace. At all events, here is a Premet model in taffeta silk with under petticoat of plaid silk, a short, ungraceful coat with revers of plaid and a bunched skirt caught up at the side with small loops.

If this model was created for the purpose of attracting attention it has fulfilled its mission. One will look a long time before finding a copy of it. Certain features in it, however, have been utilized by American dressmakers with fine effect, namely, the plaid silk petticoat under plain silk skirts, plaid revers and cuffs on short coats. Roman stripes also are used in the same way and with good results.

The overdress was long ago an assured success, but not the meaning-

Footwear Developed for the Dance

THE dancing madness which has swept over lands and seas has brought out much ingenuity on the part of those who provide apparel for all the needs of city dwellers. This dancing, in fact, is a mere frolic which the hedged-in city folk manage in their crowded quarters, for lack of more space and better sport in roomier quarters. And everybody is dancing. Slim youths and rotund grandfathers, children and youthful maids and matrons, even frolicsome grandmothers on the shady side of fifty. It is a family sport, like sea bathing, and only professionals indulge in acrobatic feats and mad whirlings.

The liking for the new dances is going to survive for some time. At least, that is the faith of those who provide amusement at summer hotels and summer gardens. Danced according to the rules laid down by the foremost authorities, the new dances are far more interesting and pleasing than the plain waltz, equally graceful and not as strenuous as the two-step. Each dancer invents steps and figures for himself, and each dancer seizes to it that his or her feet are carefully shown.

The satin dancing slipper shown here is about the most satisfactory and the most popular for those who are all ready for the impromptu dance, which needs only a little music to start up anywhere.

It is to be worn amply long, dancers often selecting a half-size in length greater than needed in a walking shoe. A careful selection of just the right last and as narrow a shoe as can be worn comfortably, make up the requisite of the good-looking and properly fitting footwear for dancing.

Heels are only moderately high, soles flexible, and fabric in the body of the shoe soft but strong.

Coat Hanger Worth While

A coat hanger may be padded and covered with ermine or chinchilla instead of silk or ribbon. It makes a strong, substantial cover, and if the chinchilla is of a good design the hanger will be very quaint and pretty. This would be an excellent way to utilize small pieces of material.

Wrap the hook with narrow ribbon, matching some shade in the chinchilla. A little different arrangement can be obtained by twisting in the usual way and winding the ribbon around the hanger at the base of the hook, then fastening it securely with needle and thread. A rosette of ribbon can be added to the side of the hook if desired. Scent the padding before covering, or make sachet bags and attach to the base of the hook with long, narrow ribbons so that they will hang inside the garment or coat.

The latter plan of using the sachet is best as the scent can easily be renewed from time to time.

JULIA BOTTOMLEY.
