

REFUSE FLAT RAISE

COMMERCE COMMISSIONERS ARE READY TO ISSUE THEIR RATE DECISION.

SOME BALM FOR RAILROADS

Ruling Authorizes Increases in Class Freight Rates That Will Give Them \$15,000,000 More a Year—Economies Are Demanded.

Washington, July 21.—The decision of the interstate commerce board in the five per cent rate increase case is both favorable and unfavorable to the railroads. The ruling, which was completed at a meeting of the commission, is virtually ready for issuance, though a few changes may be made.

A measurable increase in class rates is granted.

No increases whatever are allowed on commodities.

No flat five per cent increase is granted on any commodity or upon any class rate.

To that extent the decision will be sweepingly unfavorable to the carriers.

Increases in class rates amounting to \$15,000,000 annually are authorized. To that extent the decision will be favorable to the roads.

Economies which will save the eastern lines probably \$25,000,000 a year are insisted upon by the commission.

The financial mismanagement of many of the lines will be cited as a reason why efficiency and economy must take the place of added revenue from rates.

Extravagance and waste in the purchase of supplies are condemned by the commission.

The roads are rebuked by the commission for an attempt to create a public sentiment in favor of an increase.

Any increase, the commission will say, higher than that allowed in the forthcoming order would fall upon the consumer and the consumer will be warned against any dealer who charges more for his goods by reason of the decision.

These in general are the big and important phases of the commission's report as printed. But few if any changes will be made before it is given out. An increase possibly may be allowed on two commodities, but hardly upon more.

CAN'T REACH ARCTIC PARTY

Steamer Kit Gives Up Attempt to Rescue Explorer Stefansson and His Companions.

Nome, Alaska, July 21.—The predicament of the remnant of Explorer Stefansson's party, who have been marooned on ice-locked Wrangell island since the foundering of the Karluk, is growing more perilous, according to the officers of the steamer Kit, which has arrived here from the Arctic. The Kit is a powerful ice breaker yet she was unable to get within one hundred miles of Wrangell island.

The Kit forced her way through heaving strait and brought up at Ice Cape May 27. For the next 14 days she tried every opening lead to reach Wrangell island, but finally gave up the attempt. Her master, a veteran whaler, reports the ice conditions in the Arctic the worst ever known.

Gonzalez Starts an Uprising.

Vera Cruz, July 21.—Two unofficial telegrams received here say Fernandez Gonzalez with 3,500 federal soldiers has started an uprising in Mexico City and sent word to Emiliano Zapata that he will aid him in taking possession of the government. Zapata is reported to have notified the authorities of the small towns around the capital that he will begin hostilities immediately unless they surrender. Gonzalez returned to Mexico about a month and a half ago under the amnesty offered by Huerta to all participants in the previous rebellion who would come back and fight the Carranza forces.

Slaughter by Jealous Man.

Springfield, Ill., July 21.—Jealous because his wife left him a few months after they were married, Charles Jerdes, aged twenty-four years, a farmer of Edinburgh, 18 miles southeast of Springfield, began a murderous assault that did not end until he had killed his wife, Mrs. Hela Jerdes, aged eighteen years, probably fatally injured his mother-in-law, Mrs. Frank Gardner, and turned the gun upon himself, inflicting mortal wounds.

King George to Thank President.

London, July 21.—King George is to thank President Wilson by personal letter for the latter's success in having passed through congress the Panama canal tolls anti-exemption bill.

O. K. Chicago-St. Louis Telephone.

Washington, July 20.—The senate committee on post offices and post roads reported favorably a bill authorizing the post office department to establish an experimental telephone line between Chicago and St. Louis.

Bill Term for Isaac Bond.

Chicago, July 20.—Isaac Bond, a negro, was found guilty of murdering Miss Ida G. Leagon, an art student and dressmaker, on the outskirts of the city on October 4, 1913, and sentenced to life imprisonment by a jury.

CARRANZA DEMANDS ABSOLUTE SURRENDER

General Carranza, here seen at Saltillo receiving the news of the victory of Guadalupe, says the army that has been supporting Huerta must surrender unconditionally to the constitutionalists.

HEADS OF FIRM JAILED

BARR & WIDEN OFFICIALS SENTENCED TO PRISON.

Federal Judge Landis at Chicago Also Fines Men for Defrauding People Out of \$2,000,000.

Chicago, July 20.—Federal Judge Landis sentenced the nine officials of the Barr & Widen Mercantile agency who were found guilty of violating the federal postal laws and of defrauding countless persons out of a sum of money estimated at between \$2,000,000 and \$3,000,000. The court exacted several for the part they took in the frauds.

The sentences follow: Abraham H. Freeman, superintendent of agents of the company, eight years in prison and a fine of \$4,000.

Frederick L. Wendler, general manager of the main office in St. Louis, eight years in prison; fine, \$4,000.

James T. Minehart of Chicago, former Methodist minister and a contractor man, four years imprisonment; fine, \$5,000.

Charles F. Day, Chicago, a contract man, four years imprisonment; fine, \$5,000.

Robert E. Pender, Pittsburgh, a contract man, three years imprisonment; fine, \$2,500.

Joseph F. Finkleman, Kansas City, a contract man, three years imprisonment and a fine of \$2,500.

William W. Fellers, Kansas City, nine months in house of correction.

J. H. Worman, St. Louis, nine months in the house of correction.

Joseph C. Stevens, Kansas City, a contract man, three years imprisonment; fine, \$2,500.

CARPENTIER WINS ON FOUL

Heavyweight Champion of France Given Decision Over "Gunboat" Smith on Sixth Round.

London, July 18.—Georges Carpentier, heavyweight champion of France, defeated "Gunboat" Smith, the American, before a tremendous crowd on Thursday. The Frenchman proved himself to be a great fighter, clever and with a punch capable of delivering grueling punishment. The sixth and last round of the fight opened with a clinch. Carpentier missed a left to the jaw. Smith was very slow, and Carpentier landed him in the eye with his left. Smith began to jab wildly with his right. Smith knocked Carpentier down and hit the Frenchman while he was down. Referee Corri disqualified Smith for hitting Carpentier while he was down and declared Carpentier the winner.

The trouble is the result of the climax to a strike called in progress at mine 4 since last April, when the company substituted union miners for the open shop policy.

Prior to the opening of hostilities, all telephone wires in the strike district were cut, and the women and children in the danger zone were removed to safety.

According to well founded reports, the trouble came as a sort of reprisal for the alleged shooting up of Frogtown, a union mine camp near mine No. 4. It was reported to the authorities that on Sunday and Wednesday night of this week, the non-union employees of mine No. 4 shot up the town. This is emphatically denied by the operators.

AFTER BIG SWINDLERS

GOVERNMENT WILL PROSECUTE SEVERAL COMPANIES.

Worthless Tracts Along the Rio Grande, Title to Which is in Dispute, Sold to Investors.

Washington, July 21.—Several companies and corporations that have been fraudulently selling lands along the Rio Grande are soon to be prosecuted by the federal department of justice. The lands are practically worthless and title to them is in dispute between Mexico and this country.

The operators are said to have made millions out of the fraud. A special investigation of the matter was made by W. W. Follett, consulting engineer of the international boundary commission, Gen. Anson Mills, chairman, which is seeking to settle by agreement the claims of the two governments to lands created by changes in the course of the river. His report to the commission shows that the fraud was extensive. More than one thousand of the claims secured by innocent parties have been invalidated by the commission.

The operators in these sand lots obtained some color of title to the property, presumably from Mexican claimants, before the commission had decided to which country the land belonged. Through enticing literature and by other means the speculators unloaded the land at cheap prices to reckless investors on representation that they were fertile and well watered. Investigation by Mr. Follett developed that much of the lands so sold were non-productive, even though the title to them could have been sustained.

The board of educational lands and funds has decided to reimburse Con Murray of Hay Springs for a shortage in half a section of land in Section 36-22-46, Sheridan county, which he has leased from the state. A survey shows that it contains 213.86 acres instead of 320 acres. The south half of the section, leased by Mack Linden, is also short. It contains 264.18 acres. The board will readjust its accounts with these two lessees by remitting a portion of the payments still due.

Governor Morehead and others interested in the Meridian road, which runs from Winnipeg to Gaveston, met the promoters of that road, who are going over the line in automobiles, at the Kansas state line and accompanied them through the state to the South Dakota line. The company, which is traveling in ten automobiles, will be accompanied through Kansas by Governor Hodges and turned over to Governor Morehead at Chester.

A pair of personal injury cases was appealed to the state supreme court by the Omaha & Council Bluffs Street Railway company. The first was that of Herman Pieper, an employe, who sued for \$15,000 for injuries sustained when a pile of sacks of cement fell upon him in the company's storehouse. A verdict for \$1,220. Jane M. Flood, a furniture dealer at Battle Creek, was injured at Hafers' landing place, near Council Bluffs, when the car on which she was leaving started up suddenly and threw her to the ground. She sued for \$20,000, and was given a judgment of \$5,500.

Tax of five per cent on the gross earnings of water power concerns of the state for the benefit of the permanent school fund was proposed by William Ritchey of the state school law revision commission at a meeting of that body here. Mr. Ritchey proposes that the state shall let out the water rights under new laws and that the state treasurer shall be given power to invest limited amounts of the permanent school funds in securities of companies that are given right to develop the power.

Formal request for a physical valuation of the property of the Union Stock Yards company of South Omaha by R. S. Howell of Omaha has reached the state railway commission. He urges this step in connection with the log rate complaint of the State Grain and Live Stock association against the yards. The commission has not decided what it will do in the matter. A decision is looked for soon, however.

State railway commission members of Nebraska are exercised over any proposition to raise freight rates and charge for special services now free. The total increase of freight rates annually is roughly estimated at \$1,000,000. These raises were recommended by chief traffic officers of roads in the Western Trunk line committee, Trans-Missouri bureau and Southwest Tariff committee.

Premium on \$50,000 of the state treasurer's bond rewritten by the National Fidelity and Casualty company at the request of the Lion Bonding company, is the bone of contention in an appeal from Douglas county, filed in the supreme court. The Lion won out in the lower court. The sum of \$250 was involved.

Next November a junior agricultural short course will be held in Madison county. Delegates will be sent from Madison, Wayne, Pierce and Stanton counties. The program

Reports from Sheridan, Box Butte and Brown counties indicate that the potato crop in the northwestern part of the state will be up to the usual standard. The vines are in healthy condition, the field good and the crop has come through remarkably free from disease. Sheridan and Box Butte counties are close rivals in the matter of production. Brown county does not grow as many potatoes, but manages to turn out an early product. In Hamilton county the potato crop is an important factor. Several days ago the reports indicated a good crop.
