About two hundred Masons, Eastern Stars, their wives and husbands, attended a meeting of the Masonic order in their new hall in this place last Friday evening. The occasion was a sort of informal dedicatory service, the ritualistic work being omitted and in its stead an address by Rev D R Huber, of Sioux City, was the feature of the evening's entertainment. Mr and Mrs S T Trum favored the audience with two vocal selections. At the close of Rev Huber's address A H Baker, the oldest member of Omadi lodge No 5, was presented with a Jordan medal, a badge adopted by the Nebraska grand lodge to be worn by the oldest member of each lodge in the state. Judge R E Evans made the presentation and explained the origin of the medal. A luncheon in the banquet hall followed the exercises, and was served by the ladies of the Eastern Star.

For the third time in the last twenty years, the dreaded European foot and mouth disease has broken out in the United States. The trouble this time is in northern Indiana and southern Michigan, and it is believed that the disease was brought in through hides imported from Europe. The only way to successfully fight this disease is to establish a rigid quarantine, and completely destroy all of the cattle and sheep within the affected area. The last outbreak, which occurred in 1908, was stamped out within three months by prompt action on the part of Secretary of Agriculture Wilson. It is likely that this outbreak will be more serious than any of the other two. The government can afford to spend as many millions of dollars as may be necessary to hold this disease in check and completely eradicate it.—Wallace's Farmer.

Oscar H. Lake, Civil War Veteran, Dies.

Oscar H Lake, a pioneer resident of Dakota county, was born at Wauconda, Lake county, Ill, September 19, 1849, and died at the home of his son, V O Lake, at South Sioux City, Nebr, November 12, 1914, aged 65 years, 1 month and 23 days.

He was united in marriage to Meronah I Hepburn at Dakota City, Nebr, May 29, 1872. To this union six children were born—Orville S Lake, of Omaha; Jasper B Lake, of this precinct; Vernon O Lake, Merion H Lake, Chester W Lake and Mrs Sylvia E Blacketer, of South Sioux City. All the children, together with one brother, A L Lake, of Homer, Nebr, survive him.

He was a veteran of the Civil war, having enlisted in Co G, 134th regiment Illinois infantry, from which he was honorably discharged at the close of the war.

Late in life he united with the Methodist Episcopal church, being an active and zealous worker in the cause of christianity. On March 27, 1892, after a brief illness, the partner of his joys and sorrows answered the final summons, and the loss of a devoted wife and mother so weighed on his mind that each succeeding year saw a gradual failing in health.

He loved to tell of the wonderful saving power of the Master, and through his final illness reposed his trust in the promises of Him who hath said: "When thou passest through the waters I will be with thee and the rivers shall not overflow thee."

The funeral services were held Saturday and were conducted by Rev O F Luscher, of South Sioux City, assisted by Rev Keckler, of Homer. Interment was in the Grove cemetery west of Homer, near the former home of the deceased.

We desire to express our sincere appreciation and to thank the kind friends who so willingly assisted us during the sickness, death and burial of our beloved father, O H Lake. Especially do we wish to thank the D of H, W R C, also the Ladies Aid, Epworth League and Methodist Brotherhood of Boals M E church for the beautiful floral offerings.

The Children.

Isn't that a neat story about that French gun which shoots a gas which kills the enemy so quickly that he hasn't time to fall.

After "Buy a bale of cotton" has run its course, will some charitable inclined gentleman kindly start the slogan, "Buy a year of this paper."

Oats deteriorate in three or four years. Fresh northern seed should be sown every third or fourth year, in order to keep up the quality of the berry and keep a healthy, strong straw.

Alfalfa is the coming crop. We are just beginning to find out that it can be grown over most of the country. Ohio is the first to start an alfalfa train across their state. Get into line. Sow alfalfa.

A card from Mrs E A Woodward, formerly Miss Nellie M Kinkead of this place, states that she and her husband have returned to Chicago to reside, from Meridian Miss, where they spent the past two years.

At the social to be held in the Elk Valley church next Tuesday evening November 24th, the articles on which numbers have been sold will be distributed that evening. Everybody is invited and a pleasant time is assured.

An exchange says: "Who is the greatest living man?" To which the Los Angeles Express replies: "It is our opinion it is the fellow who never knocks, takes his sorrows with a smile, pays his bills and does all he can to help someone else." Name a greater man if you can.

You may find honesty among thieves, truth among liars and wisdom among fools, but you will never find a spark of manhood, womanhood or principle in a meddler. The thief may chronicle the truth by mistake, the fool may say wise things by accident, but the man who noses around and mixes up in other people's affairs will ever remain the same unprincipled cur and there are a few of the brand running around loose in Dakota City.

A Yale graduate, member of a number of fraternities and living at home, reached the age of twenty-five and as he had failed to obtain a job, since his graduation, blew out his brains. This happened in Chicago last week and we want to go on record as commending the young man's course, although as a believer in Christian faith, we are opposed to suicide. The brainless yep who has had the advantage of a college education and the backing of well-to-do parents, must be a freak indeed, if he cannot find an opening to earn an honest dollar. This fop took the proper route as he would have been a nuisance to his friends, his relatives and the general public.

Listen, daughter. Your mother tells me that the honey boy who has been festooning the landscape hereabouts for the past month has retreated to a position previously selected. In other words, he has gone and got another baby. Well, don't cry. There's no reason and besides it washes off the powder. Honey boy spent about four bits a week on you. Here's a dollar a week to take its place. Every time he called he cleaned out the refrigerator. Your mother will see that your brothers do this in the future. He kept you up late nights. Your baby sister is teething and she has kept me up late, but I'll resign in your favor so it won't seem strange for you to go to bed early. He took possession of the most comfortable rocker in the living room. When you look at that rocker in the future it will not bring a pang to see it empty, for it will be full of little old George B. Father. Your ma and I stayed by you through teething, colic, measles, croup and whooping cough and we're going to see you through this if we have to take turns at spanking you. Take your eyes off the moon, daughter and look at the dust around you.

SCHOOL NOTES.

How shall we measure the efficiency of a school? At present the only available measure of the success of work done in a school is to be found only in the changes that are brought about in the boys and girls, young men and young women during the period of their school life.

Miss Shriener attended the Minnesota-Wisconsin foot ball game last Saturday at Minneapolis.

In a hotly contested game in which both teams played like tigers, Dakota City high school defeated South Sioux City by a score of 19 to 6. The local boys did not put up their usual brand of foot ball, and had to be contented with a comparatively low score. Chester Antrim, Scott Neiswanger and Keith Evans were the ground gainers for Dakota City. Warner was the mainstay for his team and beyond a doubt the best player on the field.
