SHERIFF'S SALE.

Notice is hereby given that by virtue of an order of sale issued by Geo. Wilkins, clerk of the district court in and for Dakota county, Nebraska, and directed to me, Geo. Cain, sheriff of said county, commanding me to sell the premises hereinafter described to satisfy a certain judgment of the said district court of said county and state, obtained at the September, 1914, term thereof, in favor of Howard N. Rogers, administrator of the estate of Harriet A. Ayres, deceased, and against Catherine E. Goss and Dudley Scheffer for the sum of One hundred eighty dollars and Twenty-five cents (\$180.25), with interest thereon at the rate of six per centum per annum from November 24, 1914, and his costs taxes and Twenty-seven dollars and ten cents (\$27.10), besides a prior lien of taxes amounting to Nine dollars and Thirty-two cents (\$9.32). I have levied upon the following described property, to-wit:

Lot six (6) in block Eight (8) in block One Hundred Sixty-nine (169) in Dakota City, all being located in said Dakota County and State of Nebraska.

And I will, on Tuesday, the 23rd day of March, 1915, at 10 o'clock A. M. of said day, at the south front door of the court house in Dakota City, Dakota county, Nebraska, proceed to sell at public auction to the highest bidder, and best bidder, for cash, all the above described property, or so much thereof as may be necessary to satisfy said order of sale issued by Geo. Wilkins, clerk of the district court in and for Dakota county, Nebraska, the amount due thereon in the aggregate being the sum of \$180.25, with interest, and prior taxes costs amounting to \$27.10, and accruing costs.

Given under my hand this 9th day of February, A. D. 1915.

GEO. CAIN,
Sheriff of Dakota County, Nebraska.

Miss Mary McKinley, of Ponca, died in a Sioux City hospital Saturday where she had been removed for treatment. She was a prominent school teacher and served as county superintendent of Dixon county for two years. She had many friends and acquaintances in this county.

W. S. Baughman returned last Thursday from a trip into South Dakota as far as Bonesteel, where he found the railroad blockaded with snow. Between Colome and Winner the drifts were measured by the train crew and a depth of 35 feet recorded. It has been the snow in the memory of the "oldest inhabitant" in that locality.

George W. Bliven, the 22-month-old son of Mt. and Mrs. C. E. Bliven of South Sioux City, died Saturday. Funeral services were held Monday from the Lutheran church at South Sioux City. Interment was in Graceland Park cemetery. The bereaved parents have the sympathy of their many friends here in their hour of sorrow.

Mrs. J. N. Hamilton and daughter, Miss Blanche Hamilton, departed Tuesday for Oakland, Cal. where they will make their future home, and where Miss Ruth Hamilton is now teaching in the public schools. Mrs. Hamilton and family have been prominent in church and social affairs during their long residence among us, and leave many friends who sincerely regret their departure. The Herald joins in wishing them happiness in their new location.

The Oakland high school debating team won over the South Sioux City high school debating team last Friday night at the former place. South Sioux City was represented by Clarence Gasser, Gladys George, and Byron Dorn. Oakland was represented by Walter Christensen, Victor Westmark, and Clyde Moseman, with Harold Holmquist as alternate. The question, government ownership and control of railroads, was decided in favor of Oakland, who had the affirmative. Dr. J. T. House, and Prof. J. G. W. Lewis, of Wayne, and Prof. C. E. Persinger, of the University of Nebraska, were the judges.

Emil Young moved with his family into the Hamilton residence Saturday.

Mrs. Mason will join her father, A. H. Baker, who is at the Will Eckhart home at San Diego, and Mrs. Crozier will make a trip to Spokane where her brother, Robert A. Woods, is operating the Holiday hotel.

Even an island in the Missouri river is not so isolated but that it can be reached by an advertisement in the Herald. A party living southeast of this place on the made land across the river channel lost a hog recently, and while scouring the county east of his place in Woodbury county, he was informed by a Herald subscriber that an animal answering the description of the lost porker could be found at the Jake Hager home in Dakota City, where it had been taken up as an stray and advertised. He came over Friday and got his hog. The animal had strayed across the river on the ice.

Farm Management Association Hold Business Session

The board of directors convened in regular session for a business meeting at Hubbard Friday afternoon, February 26, 1915. Members of the board present were Geo. Orr, Don Forbes, T. J. Hartnett, John Feller, Martin Hogg, Henry Cain, J. F. Leamer, T. F. McGlashan. The visitors present were Andrew Krampfer, Dan Hartnett and H. F. Williams from the United States department of agriculture.

After the minutes of the January business meeting were read and approved President Leamer called upon the county demonstrator to report the work he had done for the association during the month of February.

Mr. Raymond summed up his work for the month as follows: "During the month I have had 18 inquiries on farm problems over the phone, 6 inquiries by letter, and 55 personal inquiries on farm problems; have received 46 letters and sent out 30 letters and 60 postal cards; have traveled 285 miles on the train and 14 miles with a team. I have also vaccinated 13 hogs.

"A meeting was held February 23 in the court house at Dakota City at which Mr. Williams explained the farm survey work. As the roads and weather were bad very few turned out. Those present, however, enjoyed a very interesting and instructive talk by Mr. Williams.

"At a joint meeting of the Commercial club of Homer and farmers in the neighborhood the Homer Farmers' Institute Association was organized, officers elected and plans made to have a good institute at Homer next fall.

This report was approved, after which Mr. Raymond recommended that the board direct him to carry out and accomplish the following work for the year 1915:

- I. Boys' and Girls' Club work, which includes corn clubs, potato clubs, pig clubs, Gardening clubs, canning clubs, and girls sewing and cooking clubs.
- II. Farm survey work.
- III. Hog cholera work.
- IV. Crop demonstration work, such as the treatment of oats for smut, corn cultivation experiments, testing of varieties, the various methods of seeding alfalfa, and other things that show valuable lessons in crop production.
- V. Farm engineering work, such as silo construction, drainage, planning for farm buildings, water systems, etc. Mr. Raymond further said: "These are the main lines of work I wish to take up. Of course there will be other work at times which will have to be taken care of. I believe if the association can carry out these projects until definite results are secured they will accomplish something worth while to the county. I therefore submit this plan of work to the directors for suggestion and approval."

Director Thos. Hartnett moved that the board approve the recommendations of Mr. Raymond, and instructed him to carry out and accomplish the work he has outlined for the year. Director Martin Hogg seconded the motion and same was approved unanimously by the board.

The consideration of bills was then called for. Director Henry Cain moved that Mel A. Sehmeid's bill of \$4.75 for printing 1,000 orders on May 12, 1914, be rejected. Director Feller gave a second and the motion carried.

The following bills were then approved and the secretary instructed to draw orders on the treasurer for their payment:

- Hugh Raymond, salary for Feb. \$50, expenses for Feb. \$4.25.....\$54.25
- The Homer Star, stamps, \$3; postal cards, \$6.50; printing \$3.40.....7.50
- North Nebraska Eagle, printing 600 circular letters \$4.75, 1,000 receipts, \$4.75.....9.50
- T. F. McGlashan, express on typewriter, 54c; expense 2 trips to Sioux City buying typewriter, \$1.50.....2.04
- D. C. Heffernan, office rent Jan., Feb. \$10; oil, \$1.55; thermometer, \$1.25; coal \$8.20 80

After the consideration of bills H. P. Williams, from the United States department of agriculture, introduced by the county demonstrator, Mr. Williams in his address to the board explained farm survey work and urged that the county agent and the board give a great deal of attention to this work. He stated that farm survey work is getting a business statement from a large number of farms, and was done by taking farm records. He stated that it was his duty to get county demonstrators started and taught how to take these farm records. He further stated that his office would then make up summary sheets and return them to the farmers who had their records taken. These summaries would show the profitability of each farm as compared with the other farms in the county. From a summary a farmer can ascertain whether his farm is a success financially, and if not a paying proposition, where the trouble lies. Mr. Williams stated that every farm should pay five per cent interest on the value of the farm and a net labor income besides.

After the conclusion of this address the board adjourned.

COUNTY SCHOOL NOTES

WILFRED E. VOSS, SUPT.

The Union Stock Yards company of South Omaha, through Professor Skinner of Lincoln and me, has just distributed its vouchers for the Dakota county prize winners in the payment of the premiums in the 1914 corn club contests. Frank Brown of Dakota City won the first prize of \$10.00, Arthur Lamp of Emerson the second of \$5.00, and Walter Stecke also of Emerson the third of \$3.00. Dakota county has reason to be proud of these boys, who, because of their worthy efforts, were able to have a donation of prize money directed to them; and who, better still, created an incentive to continue to do well for themselves and for the cause of agriculture.

The case of school district No. 39 et al vs. Blanche Riley was decided in favor of Miss Frieda Harrigfeld by Judge Guy T. Graves last Friday. This case has been in court since last October, when an order was allowed to restrain and prohibit Miss Riley from teaching and from interfering in any manner with Miss Harrigfeld's conduct and control of the school. A temporary injunction was then issued about the first of December, and made permanent last week. Miss Riley is reported to be teaching in some county west of here.

The time for the regular eighth grade examination is drawing near. Now is the time for teacher and pupil to be busy clinching the salient points of the work they have covered. They should eradicate every handicap which hinders materially in giving an explicit oral or written recitation. To give monosyllabic answers is certainly one of them. Such events must necessarily be considered as one of the essentials in the scheme of reviews and preparation for an eighth grade examination. The course of study should be made good use of by both pupils and teacher.

For the convenience of all concerned, and to save much correspondence, it is possibly well to include the regulations governing pupils' eighth grade examinations under these new items:

1. Eighth grade examinations shall be held in each county at the county seat and at such other convenient places as the county superintendent may direct.
2. No pupil shall be admitted to the final examination except on written recommendation of the teacher.
3. No pupil shall be admitted to the final examination in any subject who has not completed the full work in that subject as outlined by the course of study. Where in order to facilitate the work of the school seventh and eighth grade pupils are permitted to take examinations in such subjects and the grades earned may become permanent.
4. No pupil shall leave the examination room after the opening of the examination until the close of the quarter concerned.
5. Pupils are not permitted to communicate with each other during the examination nor to give nor receive aid of any kind. The county superintendent shall cancel the grade of any pupil violating this rule.
6. The examination papers shall be marked by the county superintendent or by a committee appointed by him. Under no circumstances shall the papers be marked by the pupil's teacher.
7. The average passing grade shall be 75 per cent with a minimum passing grade of 65 per cent in any subject. No pupil will be permitted to retake a subject in which he has earned a grade of at least 80%.
8. The eighth grade examinations will be held in the following places: Dakota City, Homer, Jackson, Hubbard and South Sioux City.
9. All grades earned on previous examinations may become permanent grades if approved by the county superintendent.
10. It is recommended that in each county two examinations be held but the county superintendent is privileged to use any of the following dates for 1915. Should it appear desirable the May examination may be condensed into a Friday examination. The condensed examination dates shall be as follows: Thursday and Friday, March 11 and 12; Thursday and Friday, April 8 and 9; Thursday and Friday, May 6 and 7.

The examination program shall be as follows:

- THURSDAY FORENOON
 - 9:00 to 10:30 Grammar.
 - 10:30 to 12 U. S. History and Civics.
- THURSDAY AFTERNOON
 - 1:00 to 2:30 Orthography, Writing Drawing.
 - 2:30 to 4:00 Physiology.
- FRIDAY FORENOON
 - 9:00 to 10:30 Arithmetic.
 - 10:30 to 12:00 Reading.
- FRIDAY AFTERNOON
 - 1:00 to 1:30 Mental Arithmetic.
 - 1:30 to 4:00 Geography, Agriculture.

SUPPLEMENTARY EIGHTH GRADE REGULATIONS.

1. A seventh grade pupil, who is at least 15 years of age by September 1, 1915, may take the eighth grade examination in May in not more than three subjects in which he has completed the full work as outlined by the course of study. The pupil must be recommended for the subjects to be taken by his teacher.

2. A pupil of compulsory school age having an average grade below 85 per cent must attend his school regularly to the close of the school year in his district, and do satisfactory work, to receive his eighth grade diploma, a high school admission certificate or both.
