SAXON \$395

The Car That Makes Both Ends Meet

This Saxon Roadster has removed the last objection anyone ever had to owning an automobile—the price reason.

For the first cost of the Saxon places it within the reach of everyone. Its price is \$395.

And the after cost of the Saxon KEEPS it within the means of everyone. Saxon's average half a cent a mile in operation or one-fourth of a cent per mile per passenger.

And the Saxon STANDS UP. It endures the heaviest kind of usage without flinching. Many thousands of Saxon's now in use have proved its sterling goodness of Saxon construction.

The 1915 Saxon is a st. lish, snappy car, with a beautiful type of the genuine stream line type, wood or wire wheels and many other refinements. Electric lights and starter, \$70.

When will you have your Saxon demonstration?

DOUBLE SERVICE AUTOMOBILE TIRES

Guaranteed 7,000 Miles Service

ABSOLUTELY PUNCTUREPROOF

Double Service Tires are double the thickness of the best standard make tires.

The 100 per cent greater wearing surface naturally gives them much more mileage and service. The average of 12 miles of tough fabric and one inch surface tread rubber makes these tires absolutely puncture proof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on. Any tire troubles cannot be tolerated. Many Double Service tires are in use in the United States government and European War services.

Our output is limited to certain amounts, but for a short time we offer the following reduced special prices as an introductory offer:

Table with columns for tire sizes (e.g., 28x3 1/2, 30x3 1/2) and prices. Includes a note: 'All other sizes not included in above list also furnished. Non-skids at 10 per cent additional.'

Terms: Payment with order at above special prices, a 10 per cent discount allowed on orders for two or more tires. All personal checks must be certified.

Try these tires and be convinced of their very high quality. Sold direct to the consumer only. DOUBLE SERVICE TIRE & RUBBER CO. AKRON, OHIO.

A manual block system has been installed by the C. St. P. & O. system on their main lines on the Nebraska division, which will be operated by telephone. A semaphore signal tower has been erected at the depot here and the necessary apparatus installed for the operation of the system. Hereafter before a train can be cleared from this station a phone from the agent at Coburn or Perry Switch, whichever way the train is bound, must state that the train will be blocked at that point. This must be done from every station on the line for every train in operation, and practically eliminates all chances of accidents from collisions. The telephone system is so arranged that an operator can only call one station in each direction.

COUNTY SCHOOL NOTES

WILFRED E. VOSS, SUPT.

Since several new school laws have been enacted by our last legislature, new copies of the school laws will be furnished to all of our school boards. This will be done as soon as they are delivered from the publishing house, which is to be in time for use at the annual school meeting. The date of the annual meeting has been changed from the last Monday to the second Monday in June. Another change effect this year. Another change of immediate interest is that the price of tuition under the free attendance law is changed from seventy-five cents to one dollar per week.

No doubt the directors will become anxious for their supplies at this time. There will be no special need for this, because all needed supplies (and information) will be distributed as soon as they are available. However, your county superintendent will be glad to have you call at the office or write whenever he can be of service to you.

In Annual Field Meet

Fully five hundred people turned out to witness the sports in the second annual field meet held in Dakota City last Saturday by the high schools of Dixon and Dakota counties. The weather was extremely disagreeable—a forty-mile wind was blowing and clouds of dust greatly hindered the athletes in putting up their best performance. However, fast time was made in some of the races and the two ball games were thrillers.

The schools represented in the meet were Newcastle, Ponca, South Sioux City, Homer and Dakota City. The visiting teams each brought a crowd of rooters along to boost for their schools, and though their enthusiasm ran high at times, it was shown in a spirit of good feeling.

Professors Jacobson, Rogers, Englemann, Demme and Richardson, who conducted the meet, deserve great credit for the manner in which everything was handled.

ENTRIES Newcastle—George Richardson, Melvin Gibbs, Dean Ehle, Tony Engle, Thaddeus Curley. Ponca—M. Townsend, C. Mahoney, L. Harney, A. Scheffel, C. Adams, O. Peterson, E. Gibbs, J. Gould, A. Bray, N. Hines, A. Carter, J. Wickstrom. Homer—Norval Church, Tilden Goodsell, Turner Ross, David Nelson, Jas. Blanchard. Dakota City—Chester Antrim, Samuel Heikes, Stott Neiswanger, Ed Annes, Paul Mason, Keith Evans.

South Sioux City—Blessing, Metz, McPherson, Warner, Fouts, Anderson, Gasser, Dorn, Cowan, Monahan, Green, Pilgrim.

The first event on the forenoon program was the baseball game between Homer and Dakota City. The boys played air-tight ball with the exception of one inning on each side when errors and loose playing let four scores across for each team. Otherwise the game was fast and clean, considering the gale that was blowing. Following is a summary of the game:

HOMER.....0 1 4 0 0 0 2 0 1—8 7  
Dakota City.....0 0 0 2 4 2 0 1 X—9 9

Home run, Antrim; struck out—by Heikes 12; by Bristol, 12. Bases on balls, off Bristol, 2; off Heikes, 2. Hit by pitched ball, by Bristol, 1; by Heikes, 2.

A prize, consisting of a handsome pennant, went to the winners in this event.

AFTERNOON EVENTS After a picnic dinner on the court house lawn and at the school house by the visiting teams and their friends, the crowd again assembled at the ball grounds and race track for the track and field events. These were under the supervision of E. H. Hunter, of Wayne, assisted by the superintendents of the different schools.

Following is a list of the events and the winners: 440 yard run—Ray Warner, 1st; M. Gibbs, 2nd; O. Peterson, 3rd; Keith Evans, 4th.

12-lb hammer throw—Ray Warner, 1st; Chester Antrim, 2nd; Sam Heikes, 3rd; Jac. Blanchard, 4th.

100-yard dash—M. Gibbs, 1st; Ray Warner, 2nd; O. Peterson, 3rd; A. Bray, 4th.

High Jump—A. Bray, 1st; Metz, 2nd; D. Ehle, 3rd; E. Gibbs, 4th.

220 yard dash—Ray Warner, 1st; M. Gibbs, 2nd; O. Peterson, 3rd; A. Scheffel, 4th.

12-lb shot put—Sam Heikes, 1st; Tony Engle, 2nd; Ray Warner, 3rd; E. Gibbs, 4th.

Half mile run—Ray Warner, 1st; Keith Evans, 2nd; George Richardson, 3rd; C. Adams, 4th.

Running broad jump—Ray Warner, 1st; M. Gibbs, 2nd; Tony Engle, 3rd; C. Adams, 4th.

Mile relay race—Ray Warner, 1st; O. Peterson, 2nd; M. Gibbs, 3rd; Ed Annes, 4th. In this race each team, with the exception of Homer, had four runners entered, and the winners were the men who finished the last lap of the race.

Pole vault—M. Townsend, 1st; C. Mahoney, 2nd; George Richardson, 3rd; Peterson and Gasser tied for 4th. A coin was tossed for 4th place and Peterson won.

Mile run—Dorn, 1st; Ray Warner, 2nd; Fouts, 3rd; Keith Evans, 4th.

SUMMARY POINTS

Table with columns for event, points, and winners. Totals: 1 88 58 32 40

By winning the greatest number of points in the field event the South Sioux City team carried home the handsome silver loving cup provided as a trophy for the winners.

The basket ball game between Homer and South Sioux City was postponed from the morning hour until 4 o'clock, in hopes that the wind would subside, which it did to some extent. The game was played at the school ground and was hotly contested from start to finish, as the score of 5 to 0 would indicate. Homer won this event by superior play, and carried off the handsome pennant provided for the winner.

The excellent showing made by the South Sioux City team is credited principally to Ray Warner, whose superior track work won 46 of the 58 points credited to the team. Byron Dorn, however, surprised the spectators in the mile run—the last event—when he took the lead at the start and maintained it for the entire distance. He was ably backed by Warner and Fouts, who were ready in case he faltered, to protect first and second places.

Prof. E. H. Hunter, superintendent of the manual training department of the Wayne schools, was

judge in the events and gave excellent satisfaction.

He was assisted in the ball game by Mr. Lynn, of Ponca, and in the races by Judge S. W. McKinley, who acted as starter.

The pool hall man, who is a pretty swift driver anyway, turned the wrong way a few days ago and ran into a wagon which Tim O'Connor was just getting out of, with the result that Tim went on a sky trip but was not injured. The pool hall man was fined \$50 and costs. There is too much carelessness without a doubt and it is surprising there are so few accidents.

YOUR HOMESTEAD CHANCES ARE DISAPPEARING Are you taking advantage of your homestead rights for yourself or your son? The last two years have been the heaviest homesteading years in the history of this country. What does this tell you? At this rate at the end of 10 years there will be only "odds and ends" left. You can yet secure an excellent Mondell 320 acre tract of even, rolling prairie in Northeastern Wyoming—for the dairy business and stock raising. Or, you can take up in the Government Irrigation Project in the Big Horn Basin an 80 acre homestead, close to the town of Powell, Wyo., a district of schools, choice farms, and in a highly developed community. Government permanent water rights \$52 per acre. Land free. Twenty year payments, no interest. About \$100 the good farms left; if you mean business this is the finest gift the Government can today make you. Send for publications. Write me. I am employed by the Burlington to serve you. S. B.
