The one who administers the dose must make a report to the Live Stock Sanitary Board at Lincoln immediately, and the owner of the hogs must make a report at the end of thirty days. The Live Stock Sanitary Board furnishes blanks for making these reports free of charge to owners and

It would be well for the swine owners who contemplate vaccination to look up this law before vaccinating and to make sure that they procure the right kind of serum by buying only from companies licensed in Nebraska. If they buy from companies licensed in Nebraska report blanks are sent out with each lot of serum sold by such company.
