VETERAN IS RELEASED

Bobby Wallace Was Oldest Active Player in Major Leagues.

Let Out by St. Louis Browns as He Was Entering Twenty-First Year In Fast Company-Always Popular With the Fans.

Baseball lost one of its most popular idols when Robert J. Wallace, shortstop of the St. Louis Browns, was given his unconditional release. Wailace was the oldest active baseball player in the major leagues. He was entering this year on his twenty-second season as a professional player and his twenty-first as a major leaguer.

Had it not been for the baseball war and business conditions which have hit the aport hard, Bobby Wallace probably would have been carried by the Browns the remainder of the season, or, at least, until a berth as a minor league manager could be found for him. The necessity of cutting down, however, left Hedges little alternative but to let Wallace go at once.

Wallace, in his day, was considered by many critics to be the premier shortstop of baseball. He had a wonderful arm, and his ability to throw from any position and at almost any distance from short probably was unexcelled.

It was with Cleveland, in the old National league, that Wallace broke into big league baseball, 1895, and his most noteworthy feat was a throw in the final series between Cleveland and the Browns, in 1908, which cost his old teammates the flag. It was the third out in the ninth inning. A bit would have won for the Naps. Lajoie drove a sharp grounder over second. Wallace

got the ball with his left hand on the dead run and, without stopping to set himself, threw Lajole out at first, ending the game, which cost Cleveland

the flag. Wallace always was popular, even in 1910, when, as manager of the Browns, he was a failure. Wallace was born in Pittsburgh

November 4, 1874. He began his professional career at Franklin, Pa., in 1894.

TOO' ANXIOUS FOR \$10 BILL Youngster, Just Breaking Into Game, Might Have Broken His Back

Reaching for High Ones. Johnny Evers is authority for the statement that once upon a time a \$10

bill cost a ball game. "There was a certain player-he is still in the game, so I won't mention his name-who was sitting on the bench one afternoon," says Evers. "He was a youngster just breaking in. The game was a close one. It was the last of the ninth, and there were runners on second and third. The club needed those two runs to win the game. A hit of almost any kind would turn the

trick. It was the pitcher's turn to bat. "The manager looked along the bench and spied the rookie. The opposing pitcher had never pitched to him. He didn't know the youngster's weakness. "Go up to bat, Blank, and if you score those two runners I'll make you a present of a \$10 bill," said the manager. The 'kid' went up and struck out.

"On the way to the clubhouse the manager turned to him and said: What was the matter with you? You might have broken your back reach ing for those wide ones."

"'That's just it,' replied Blank. T guess I was reaching too far for that ten spot."

Matty Through Years Ago.

Christy Mathewson was "through" as a major league pitcher thirteen years ago. If you don't believe it, read what was printed in Sporting Life in the fall of 1901: "Danny". Green, of the Chi-

cago White Sox, who was out on a barnstorming trip with Christy Mathewson, the Giants' youngster, declares that he is afraid the use of a snap in delivering curves may have given the New York twirler a permanent injury. "All he could do was to lob them over," said Green. To this Clark Griffith added this safe reflection: "If Mathewson loses his ability to pitch it will be an exemplification of the old saying that a pitcher with speed is foolish to use curves '
