All owners of automobiles should apply as soon as possible after today, the 25th of November, for a renewal of the license, says County Treasurer Bacon, as the secretary of state will begin the re-issue of license numbers after that date. All licenses will expire at 12 o'clock, midnight, December 31st, and there will be a grand rush on for the renewal of licenses after that date. After January 31st, 1916, all licenses not renewed will be canceled and car owners will have to take whatever number the secretary of state allots them. If you want your old number the proper thing to do is to apply to Treasurer Bacon immediately and there will be no delay in getting your old number.

A number of democratic papers are rushing to the defense of the "war tax" that the coupon people are paying to keep the present administration afloat, but they fail to make plain what imports have been stopped that would cause a decrease in revenue, which without the "war tax" would have bankrupted the nation. The democratic tariff revision act placed practically everything on the free list that produced any revenue, and banked on the income tax to raise sufficient revenue to maintain the government. Falling down on that, the only thing left to do was to levy a "war tax" in time of peace with all nations, and it now follows that a bond issue must be made or the "war tax" doubled to support an extravagant administration.

What might have proven a serious automobile accident occurred on the road north of town in front of the Dan Forbes place last Wednesday evening, when an auto load of Emerson boys and girls returning home from a foot ball game at South Sioux City, turned over in the road. The car was going at a 25 mile clip, and the sandy road where the accident happened is extremely treacherous. It was all over so quick that no one could tell how it happened. However, the occupants of the car—three football boys and two girls escaped without a scratch. Dan Forbes, who witnessed the accident, says the car (a Ford) turned over twice, and he thinks the top being up was what saved the occupants from injury. The car was righted up and continued its way to the garage in this place, where a few minor repairs were made, and was driven on to Emerson the same evening.

The football game with Walthill resulted in a tie score of 6 to 6. The boys feel well satisfied with the success they have had.

During the past few weeks there have been a large number of cases of tardiness and absences, partly necessary, no doubt, but the teachers feel that very many of these cases could be avoided if parents realized how very much this practice breaks into the efficiency of school work. It handicaps the pupil who is late or absent and also impairs the work of the school because of the commotion when he comes in late, and the extra time of the teachers taken to get him started to work when he does come.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedial means. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.
