Dakota County Herald

JOHN H. REAM, PUBLISHER. Subscription Price, \$1.00 Per Year. A weekly newspaper published at Dakota City, Nebraska.

Official Paper of Dakota County

Farm Notes.

Issued by the University of Nebraska College of Agriculture.

CURING MEAT ON THE FARM

In curing pork on the farm, the College of Agriculture says to be sure that the hog has been properly slaughtered and then chilled without freezing for at least twenty-four hours.

CHICK AND EGG CONTEST

A junior poultry project has been organized as a part of the Boys' and Girls' club work of the Extension Service of the College of Agriculture for 1916.

INDICATIONS OF TENDER POULTRY

Smooth skin and scales, soft cartilage at the end of the breast or keel bone, and tender skin under the wings, which is easily torn by bending back the wing, indicate tenderness in poultry.

OFFER TO PLAN FARMSTEADS

Most farmers prefer field work to chores. While chores can never be eliminated from farm work, the time spent upon them may be shortened by a good arrangement of the farm buildings.

SELF-FEEDER FOR PIGS PAID

A daily gain of 2.02 pounds was made by 14 spring pigs in a six weeks' test with a self-feeder at the College of Agriculture this winter.

LEAST EXPENSIVE DAIRY FEED

If clover or alfalfa hay is used in the dairy ration, little of the expensive protein feeds such as oil meal or cottonseed meal need be added to balance the ration.

MATCHING CLOTHES WITH YOURSELF

The girl with dark brown hair and eyes usually can wear the darker browns, according to the Home Economics Department of the College of Agriculture.

MONEY-SAVING OFFER

The Herald has made special arrangements with Farmer and Breeder which enables us to offer you The Herald and Farmer and Breeder both for one year for only \$1.00.

NOTICE TO THE PUBLIC.
