Official Paper of Dakota County

Wayne Herald: W. P. Warner of Dakota City, who has filed for the republican nomination for congress, is considered one of the strongest men the party could name to go up against the present incumbent, Congressman Dan V. Stephens. If Warner can't defeat Stephens, it can't be done. The congressional campaign promises to be a lively and interesting one with no assurance of victory on either side.

Thos. Long, of Hubbard precinct, who has served on the board of county commissioners for the past several years, and whose name was again filed by his friends for the same position, withdrew the petition and filed for the republican nomination as state railway commissioner. Mr. Long has made a very efficient officer for the county, and if the voters should choose him as railway commissioner he would give that office the same unbiased attention that has marked his career as a county official.

A. M. CHAMBERS

Candidate for the republican nomination for representative from the Thirteenth representative district, comprised of Thurston and Dakota counties. Mr. Chambers served as representative at the last session of the legislature and made a splendid record, on which he stands for reelection. His home is on a farm near Walthill.
