

Watch Out for Tainted Reading Matter

The National Wholesale Liquor Dealers' Association of America has sent out a general letter to the saloonkeepers, bootleggers and hotel men in Nebraska outlining one plan of the coming campaign. It is so interesting and definite in its instructions that we give the letter in full. It is sent from the office of the secretary at 301 United Bank Building, Cincinnati:

"Dear Sir:
"We are sending you under separate cover marked copy of the NATIONAL MONTHLY containing article entitled 'Hobson's Proposed Raid Upon the United States Treasury.'

"As a part of the campaign against prohibition which is now being conducted in your State, we would respectfully suggest that you place the magazine in a conspicuous place on your reading table or where it will attract attention from as many patrons of your hotel as possible.

"We believe we are justified in saying that your interests and ours are very closely allied in the coming campaign.

"It has also been suggested that the hotel men could distribute to good advantage the enclosed slips which the distillers and wholesale liquor dealers are getting ready to use as bottle wrappers.

"If you can dispose of any of these to good advantage we shall be glad to hear from you. We shall appreciate any suggestions you may have to offer.

"Very truly yours,
"JOSEPH DEBAR, Secretary."

This is fair notice. If you see a copy of this particular magazine on the hotel reading table or other public place, you will know that the suggestion of the wholesalers is being heeded. The letter we have before us does not include one of the "enclosed slips which the distillers and wholesale liquor dealers are getting ready to use as bottle wrappers," but they will no doubt be easily recognized when they appear.

This is only one sample of the campaign that is to be waged in Nebraska. The minds of the voters are to be poisoned with all kinds of liquor reading matter. Sheets like the "Rural Weekly" are already in circulation with the idea that the farmers are easily fooled by such dope. Plate matter has already appeared pretending to be farm information. More will appear soon, like the stuff sent out by one Haynes for the liquor dealers three or four years ago. Look out for all of it, and note carefully who is attending to the local circulation.

The liquor men will also from time to time issue revised lists of the papers they have "arranged" with to fight their battles. The first list sent out included English speaking papers at South Omaha, Hastings, Lewiston, Arthur, and foreign papers at Grand Island and Clarkson as the ones especially entitled to support of the wets.

Tens of thousands of dollars will be spent by the liquor dealers in printed circular matter and in the subsidizing of the few newspapers venal enough to take their money. It therefore behooves the dry people of Nebraska to lend their support to the fullest extent to the newspapers that fight the battle against the saloon.

FEED 3 PER CENT GRAIN RATION

Pigs on alfalfa pasture will return more profit per pig if fed a grain ration equal to three percent of their weight, according to data of the North Platte Experimental Station. The pig is a pork producing machine and like other machinery is most profitable when run at full capacity. A pig's stomach is so small that it will not digest enough alfalfa alone to make a profitable growth. Pigs cannot produce the best gain when on pasture alone or when on pasture supplemented by only a small amount of grain. Tests made at the North Platte Station show clearly that two and one-half to three pounds of corn daily per 100 pounds of live weight of the pigs produced not only the greatest gain but the greatest profit. The higher the price of corn, the smaller the profit in favor of the heavier ration. However, on a market quoting corn at 70 cents and hogs at 7 1/2 cents, the three per cent ration is still the most profitable.

BLUE OINTMENT FOR LICE

Blue ointment, a preparation which may be procured at any drug store, is suggested by the College of Agriculture as a very effective agent in completely ridding chickens of lice. To cheapen the preparation, as good results may be had by adding one-half part of vaseline. Apply a small amount, such as a thimbleful, of the grease just below the vent of each bird. Do not attempt to grease sitting hens with this preparation. The blue ointment contains mercury and is poisonous with the mercury. This method of treatment is more effective than dusting, inasmuch as it remains intact longer and not only kills the lice that are alive, but also catches those that hatch out later.

BOYS' CORN CONGRESS

Members of the state boys' corn club will be eligible to attend a Boys' Corn Congress which will be held annually at the College of Agriculture, beginning next spring. The congress will last four days. The College will give instruction, which will include lectures and laboratory work on corn and corn growing, along with some other branches of agriculture. Only members who have successfully completed the season's work and made proper reports may attend. The Union Stock Yards company of Omaha offers each county club champion a free trip to the Boys' Corn Congress with all expenses paid, if the county or someone within the county will do the same for the winner of second place.

GOOD TIME TO PRESERVE EGGS

There is still time before the hot days come to pack eggs for winter use. One of the ways for preserving eggs suggested by the College of Agriculture is to add one pound of air-slacked lime to five gallons of cooled, boiled water and stir well. Only clean, fresh eggs with sound shells should be used. Enough of the solution should be left over the eggs to allow for evaporation. The jar should be kept in a cool place. Eggs may be "put down" as gathered. Those laid in the spring and early summer, however, are more likely to be of good quality than those laid later.

RECORD CLASS TO GRADUATE

Forty-five students will be graduated from the College of Agriculture this year at commencement in June. This is the largest class from this college in the history of the institution. In addition to this number, eight were graduated in February, making a total of 53 for the year. An examination of the record shows that 31 men and 22 women will be graduated this year, representing 27 counties. At the recent graduating exercises of the School of Agriculture, 98 students received diplomas.

FARMERS WILL SPEAK

Rural organization are now contributing such a notable part to the life of various communities of the state that the leaders of two of these organizations have been invited to speak and lead in some of the discussions at the Rural Life Conference to be held at the College of Agriculture at Lincoln from June 13 to 23 inclusive. C. H. Gustafson, state president of the Farmers' Union, and J. D. Ream, state master of the Grange, will both speak on the relation of the organizations which they represent to the rural community. Farmers, teachers, pastors, and all interested in the betterment of rural social conditions are invited to be present.

Looking Backward.

Sioux City Journal, May 18, 1876: The new democratic organ, the North Nebraska Eagle, is expected to start up this week... The general office of the Covington, Columbus and Black Hills Railroad company has been moved from Sioux City to Covington. It is estimated that there is over 200 men at work on the grade of the Covington, Columbus and Black Hills between Dakota City and Jackson, Neb.

Sioux City Journal, May 18, 1896: In anticipation of a big rise in the river, Capt. Dick Talbot had his men at work yesterday removing the pontoon bridge. Last evening the flooring had been removed and the barges were in shape to be towed in. Immediately after the June rise the captain will build out a bridge on piling until he reaches deep water, and from there on across the Nebraska channel he will extend the barges so the ferry boat will not have to be used.

Sioux City Journal, May 19, 1876: S. M. Lampion, who left this city for the Black Hills in March in company with several others, returned home yesterday by the Dakota Southern train from Yankton, having left his team in charge of parties who came through to that point with him and who will drive them down to Sioux City. Mr. Lampion was on the road with the Wither boys, Pecaut, of Covington, and others who are now on the way by team to Sioux City.

Sioux City Journal, May 21, 1896: J. H. Quick was at Dakota City yesterday filing a bill of exceptions for James E. Moore, of Mason City, in a case which involves the ownership of about 1,300 acres of land in the southeastern part of Dakota county, near Blyburg lake.

No Fake War News

—IN—
Sioux City Journal

During the present European War you want facts—not rumors. The Sioux City Journal receives Both Day and Night reports of the most reliable news-gathering organization on the face of the globe—The Associated Press. This organization has its staff men in all the capitols of Europe. Its chief concern is to send facts, not rumors. It seeks to make certain that its dispatches are authentic before they are placed on the wires.

The desire of The Journal at all times is to give its readers the facts—not to mislead them with false, distressing and unconfirmed reports—and it will adhere to that policy during the present course of events in Europe.

The Journal, in receiving both Day and Night Associated Press Reports, gives its readers a twenty-four hour service. In publishing Morning, Evening and Sunday Editions, The Journal is prepared to give a service that cannot be equaled by that of any other newspaper in this section.

Probate Notice to Creditors
In the County Court of Dakota County, Nebraska.

In the matter of the Estate of George A. Blessing, deceased.
Notice is hereby given, that the creditors of the said deceased will meet the administrator of said estate, before me, county judge of Dakota county, Nebraska, at the county court room in said county, on the 1st day of July, 1916, and on the 31st day of August, 1916, at 10 o'clock a. m. each day for the purpose of presenting their claims for examination, adjustment and allowance. Six months are allowed for creditors to present their claims and one year for the administrator to settle said estate, from the 1st day of May, 1916.

This notice will be published in the Dakota County Herald for four weeks successively prior to the 1st day of July, 1916. Witness my hand, and seal of said court, this 2nd day of May, A. D. 1916.

1916 A National Park Summer

This is going to be a gala season for Rocky Mountain Parks,—Glacier, Yellowstone and Estes Parks—all on the Burlington's through service lines. These Parks, with their wealth of scenery, their magnificent "out-of-doors," have gotten their grip on Eastern people.

Then we have nearby, the Black Hills with their forests and Hot Springs the Big Horn Mountains about Sheridan, with their picturesque old ranches given over to modern tourists, also the ranch resorts beyond Cody in the Absarokas.

The whole Rocky Mountain country has so many vacation spots to offer and the Burlington has so many attractive circuit mountain tours, that it is impossible to describe them in detail.

Send for booklet of the locality and the tour you have in mind. Shall it be Yellowstone, with its 90-mile auto scenic tour via the Cody Gateway? Shall it be Glacier Park, the climax of the scenic grandeur of the Rockies?

The Burlington is Essentially the Circuit Tour Route for all Rocky Mountain Park Travel. Let the Map Show You.
