Maurice E. Levit, superintendent of the mission. The camp is located at the northwest end of the lake. Other groups of boys will go to the lake later. Camp Friendship has been so named because of the friendship that made it possible, Mr. Levit said. The house which has been erected was built of lumber cut on the site. The bark from the trees that were cut was saved and has been placed in strips on the house, giving it the appearance of a log cabin. A porch ten feet wide surrounds three sides of the house. The interior consists of a long dining room and a kitchen. In event

of bad weather the dining room can be used as a sleeping room. The porch is screened and will be used for sleeping quarters in fair weather. A dock 150 feet long runs out over the shallow beach, allowing motor boats to reach the camp. Fishing, swimming and eating will be the chief diversions of the camp, Rev. Levit said. Money raised among the business men of the city provided the fund to purchase provisions. The daily routine of the camp will consist largely of play periods, but there will be police work in the mornings. Several Sioux City business men give short talks during the evenings. Mothers of the children will be invited to visit the camp. The health of the children will be watched. Dr. John W. Shuman will make regular visits to the camp for the purpose.

Sioux City Journal, 20: Crystal lake, Sioux City's summer resort, was opened Sunday with a program of sport events, including lunch races, row boat contests, a special tournament at the Crystal Lake Gun club and a base ball game between the Crystal lake team and the New Method laundry. The lake team won 6 to 5. Herman Wester won the row boat race, with Charles Savidge finishing second. The launch event was won by Charles Wester, LaVelle & Hogan won the detachable motor race. Fishing, which was one of the diversions of the day, attracted hundreds. Chas. Savidge caught six large black bass, and one large pickerel. Julius Fachman hooked an 8-pound pickerel. Numerous other good catches were reported....The wedding of Miss Elizabeth A. Nixon to Claude Heikes, of Dakota City, Neb., will take place tomorrow evening in the home of the bride's mother, Mrs. Julia Nixon, 2015 South St. Mary's street. Grace Nixon will attend her sister, and Ray Heikes, of Dakota City, brother of the bridegroom, will be the best man. Lawrence Nixon will carry the ring in the heart of a rose, and Evelyn Heikes, of Ponca, and Fay Heikes, of Wayne, Neb., will act as flower girls. Following the ceremony a wedding luncheon will be served. The list of out of town guests will include: Mr. and Mrs. George Heikes, Mr. and Mrs. A. W. R. Keckler, of Homer, Neb. The couple will depart for a wedding trip to Omaha, Lincoln and other Nebraska points. On their return they will be at home on a farm near Dakota City....Tony, son of an Italian immigrant, Jacob, of Jewish parentage, and Stanislaus, whose sire was born in Poland, were members of a party of twenty boys, thinly but cleanly clothed, which went to Crystal lake today and established Camp Friendship at the northwest end of the lake. It was a cosmopolitan party which Rev. Mr. Levit, of Wall Street mission, took to Camp Friendship early yesterday morning for a ten days' outing. The boys were from American and foreign families, who live near the mission. They will spend their time at the camp fishing, playing, eating, swimming and sleeping. The big cabin, which will house the youngsters, was built by the boys themselves. It is erected of logs hewn from trees on the ground. The bark, which was saved, was placed on the building and gives it the appearance of a log cabin. A ten foot porch, which surrounds the cabin, will be the sleeping quarters for the campers. It has been enclosed with screen to protect the sleepers from mosquitoes. Each evening a Sioux City business man will address the boys on timely topics. Prayer services will be held each morning and evening. The health of the boys will be looked after by Dr. John W.

Shuman, who will visit the camp daily. The Crystal lake camp, which is an annual event of the mission, is made possible by the generosity of Sioux City business men, who raised a fund to send the boys of needy families to the lake....Actual digging on the drainage ditch near Jackson, Neb., which has been in litigation for several years, was started early last week. For the past four years an injunction against the improvement has prevented the supervisors of drainage district No. 2 from proceeding with the work. A suit is now being prepared by the supervisors against the original signers of the injunction, who were forced to give bonds to the amount of about \$10,000. The supervisors, in their petition, will seek damages and costs from those who have caused the delay in the work, it was stated last night by Dr. C. H. Maxwell, of Dakota City, one of the supervisors. While the amount that will be asked for in the suit has not been given out, it probably will be in the neighborhood of \$15,000 to \$20,000. The injunction preventing the digging of the ditch was issued in 1910. The case was carried to the district court of Dakota county, the supreme court of Nebraska and the supreme court of the United States. The case was heard by the latter court last November and an opinion dissolving the injunction was written by former Justice Charles E. Hughes, now republican nominee for president. Contractors were reluctant to start work on the ditch because of the tedious legal proceedings which have been connected with its construction, but recently authorization to start was given by the supervisors of the district in which the Jackson ditch is located. The ditch in question will be a little more than two miles in length, and when constructed, according to the supervisors, will prevent the inundation of about 7,000 acres of lowland. The outlet will run from near Jackson to a lake or cutoff of the Missouri river. It is asserted that the ditch will catch a vast amount of water which flows from a series of hills near Jackson. The cut will start at the base of the hills and run to the lake. The first work was done at the Jackson end last week.

Boy Scout Camp

The Boy Scouts returned from camp last Saturday after spending two enjoyable weeks at Crystal lake. Fifteen boys and two officials spent all or part of the time there. The weather might have been better but it takes pretty bad weather to scare a bunch of Scouts. They are a dandy bunch of fellows too. I never wish to camp with better. We had all the talents, from a thick set Dutchman who gave Charley Chaplin shows to a tall, fair-haired, bashful fellow who can do anything from holding down Newcastle at a field meet to holding down cake at supper time. Our Patrol Leader nearly rescued a young lady from a watery grave, but she refused to get out, and he was too bashful to dive in and make her.

We had heaps of food and deeply regret that our capacity was not large enough to hold all that was sent down. We especially wish to thank Mrs. Johnson, Mrs. Krumwiede, Mrs. Leech, Mrs. Frederick, Mrs. Kinkle, Mrs. Graham, Mrs. Stinson, Mrs. Aucock, Mrs. Anses, Mrs. Antrim, Lottie Hileman, Aileen Stinson, Mr. Neiswanger, Mr. Hanson, Mrs. Seymour, and Mrs. Morrison. If I have missed anybody I apologize now.

We had a field meet all to ourselves. Result: Class A, 1 Johnson, 2 Kinkle, 3 Anses. Class B, 1 Johnson, 2 Hanson, 3 Seymour. Stinson ran second in class B but was disqualified by the Court of Honor for neglecting camp. We feel very grateful to Mr. Krumwiede for the use of his cottage and boat, to Mr. Frederick for use of his team and Ford, to Mrs. Stinson for use of cooking utensils and benches.

We are very sorry that camp is over and look forward to an even bigger and better one next year.

County Agent's Field Notes.

BY A. H. BECKHOFF.

Several weeks ago it was announced that I would be away from the office. This was an error at that time, and instead I will be away from the office the present week for a few days.

Meanwhile, there have come to my attention several cases of hog cholera. Just at this time it is most important that we nip these outbreaks in the bud, and thus prevent any serious spread of the disease in any locality.

My position here is to assist in whatever way I can, and I would urgently request that when any swine show off in condition you let me know, and while you may find it more expedient to have some one else handle a situation like this, your letting me know will put me in touch with it and probably be of service to some one else.

Among smaller swine, especially weanlings, there is a disease which very closely resembles cholera in symptoms, but which differential diagnosis will reveal to be necrotic enteritis. There is quite a bit of this prevalent here, and we can only recommend careful feeding, isolation of the sick ones, and more sanitary surroundings.

A few people have reported cases of hoof and mouth disease in cattle, but which in all cases has proven to be necrotic stomatitis. The sores are similar to hoof and mouth disease but are caused by another germ or bacillus. Its appearance might be expected and need not cause alarm.

M. E. Church Notes.

The people who stayed at home at Sunday morning on account of rain missed a very interesting service. Before the sermon the pastor called upon the True Blues to unveil and present the new pulpit. After the gift had been accepted the pastor dedicated it to the preaching of "the glorious gospel of our Lord and Savior, Jesus Christ." The gift is greatly appreciated by the church, and we rejoice to see the spirit animating the young people.

On Saturday next at 8 p. m., the fourth quarterly conference will be held. This is the most important of the year as many vital matters come up for our consideration. Let every member please be present.

Dr. E. E. Hosman, the district superintendent, will preach on next Sunday at 11 a. m., and the pastor at 8 p. m.

Will every member please return the benevolence cards before Saturday if possible so that a report may be made to the quarterly conference. Remember our aim is "All financial obligations to be met in full."

F. J. AUCOCK, Pastor.

COUNTY SCHOOL NOTES

WILFRED E. VOSS, SUPT.

Two Dakota county pig club boys, Victor Hansen and Lawrence Rasmussen, spent last week in Lincoln attending the State Junior Short Course held at the University Farm.

The boys had a fine time, part of each day being spent in receiving instruction in crops, live stock, and carpentry. Interesting and educational excursions were taken each afternoon and the evenings were spent in playing games or swimming under the direction of Y. M. C. A. specialists.

These boys had their railroad fare and all expenses paid by the Sioux City Stock Yards company as a reward for their good work in raising pigs last year. The same company is offering to pay the expenses next year of two boys from Dakota county who make the best records in pig club work.

The boys who made the trip think that the award is worth working for.

SIoux CITY ROUNDUP TO AFFORD THRILLS

Coming Celebration On July 3, 4, 5 and 6 Will Partake of Blood Letting Character.

Sioux City, Ia., June 15—(Special).—The Mr. Cowboy who wins the world championship and the long end of the \$2,000 purse hung up for riders in the Sioux City Roundup July 3 to 6 inclusive, will know after the contest that he has been doing a "tolerable lot of ridin'."

Joe Morton, manager of the big independence day show, has just framed six separate contracts with parties in Texas, Wyoming, Montana and South Dakota for a string of outlaw and wild horses, which, the owners claim, have never been ridden.

It's to be "seasick time" for Mr. Cowboy and also for Miss Cowgirl, who also is to battle in Sioux City for championship honors. Incidentally the big crowds are to see the old west revived at the Interstate Fair grounds in the most interesting series of frontier day sporting events ever produced in this section of the middle west.

Cowboys will make night shirt rides, battle through potato games, do the Roman standing race of the prairies and even run the chuck wagon contest off in spirited style for the Roundup guests. Bulldogging of steers, roping games, trick and fancy riding events are on the bill, which calls for eighteen separate contests for each day of the show.

The reunion is being hailed as probably the last great assemblage of cowboys and cowgirls in this section of the middle west.

The Mid-West bank of Sioux City, like Silas Wegg of old, lapses into poetry, and a sign in its window says:

May my name—
GOOD banking find.
Keep the Mid-West
Always in mind.
