

A. M. CHAMBERS
Walthill, Nebr.
Republican Candidate for the Legislature

Mr. Chambers, in soliciting your support, frankly invites your attention to his record in the last legislature, during the winter of 1915, which has been approved by both Republicans and Democrats who followed closely the records of the session.

By occupation he is a farmer, a pioneer of Thurston County, who keeps well posted on living questions. Always consistently republican, he is not offensively partisan, and he enters no entangling alliances. He believes that a law-maker should be governed by the wishes of the people and what is best for the welfare of all.

He cordially solicits your vote and endorsement.

To Farmers Who Understand the Great Value of Government Irrigated Lands

Watch for the expected announcement this Autumn of the opening by the Government of its new 12,000 acre Frannie tract in the Big Horn Basin. 200 reliably irrigated farms. No agents. No commissions. Direct to you from Uncle Sam free home-stead land and actual cost of perpetual water-right, 20 years' time, no interest and no payment between the 1st and 5th year.

If you want to know the future value of these farms, visit the adjacent locality of Powell, Wyo., in the heart of 40,000 acres of irrigated land under this same Government Canal. The Government has now on file more applications than it has farms to allot, but we believe it our duty to let you know of this chance. Write me and I will keep your name on file, to inform you as to the date of this opening.

Board of Directors Meet

Hubbard, Neb., Oct. 20, 1916.

On call of President Leamer the board of directors of the Dakota County Farm Management Association met for the regular business session October 20, instead of the 27th, the regular date. The following members were present: Directors Feller, Cain, Forbes, Beerman, Pres. Leamer, County Agent Beckhoff and Secretary McGlashan.

County Agent Beckhoff gave his report of work accomplished in September and spoke to the board as follows:

Hubbard, Neb., Oct. 4, 1916.

Dear Sir:—

An submitting to you at this time the report of the County Agent's activities for the month of September, so you will have time to go over it and bring anything up at the meeting.

During the past month I have been very busy, most of the time answering calls concerning hog cholera. Fortunately very few of these calls have come from herds which really had cholera, but some other slight ailment. I have not treated many herds for cholera, for I believe in letting well enough alone and so long as hogs have not been exposed and so long as there is no immediate danger. I believe that if by other methods we can help our hogs in such condition as to make treatment unnecessary, we are just that much ahead. There is to my knowledge at present but two live cases of cholera in the county and these have been treated as have the several herds on the farms adjoining these. This is the way we prevent its spread. Cholera is lighter here than in any other similar section I know of. I hope that we can keep it so and am working toward that end. The same might be said of other live stock.

Have completed arrangements for an agricultural short course at Dakota City during the week of December 18-23. Courses in Domestic Science, Live Stock and Farm Motors will be conducted. Have completed arrangements for a week of one day meet short courses in various parts of the county to take place November 13 to 18. Four meetings have been held with an attendance of 280.

Have weighed up hogs and feed on three farms in the past month. Have checked up potato data on two farms and farm record work on seventeen farms. Have been called to look to determine whether hogs had cholera on thirty-seven farms. Checked up value of pruning and spraying on two farms. Five boys and girls plots were visited with suggestions for assistance made. Attended the hearing of the farm loan board and have spoken to two groups of farmers on this question. Assisted as corn judge at the Inter-State Fair two days. (If anything is allowed for this it will be turned to the treasurer of the association.) Have diagnosed three cases of calves and pigs with lockjaw following castration, one herd having lost more than twenty head. Took two tetanus pigs before the Association of Veterinarians at Sioux City, nearly all of whom said it was the first case they had ever seen. Have vaccinated 372 head of hogs. Have persuaded five parties not to vaccinate as there was no immediate danger and their pigs were perfectly healthy.

Miscellaneous: Thirty-two telephone calls, twenty-six office calls, 148 direct and two circular letters sent out. In the work for the month have driven car 640 miles, gone on the train 82 miles and walked 14 miles. Expenses personal for office, etc., \$13.80.

Some of the work for October: Hog cholera control, finish farm record work. Hold fourteen evening meetings and six afternoon school house meetings. Work up coming short course and institute and arrange for November corn shows.

Sincerely,
A. H. Beckhoff, County Agent.

The board on motion made and seconded by Directors Forbes and Beerman, approved the following bills:

Tolls telephoning to directors on Aug. 29..... \$ 1 05
D. G. Heffernan, office rent \$15, gasoline and oil \$9.20.. 24 20
J. W. Rooney, storage on car, \$10, oil and repairs, \$24.75.. 34 75
Renze & Green, repairs on car

GEORGE CAIN
Republican Candidate for Re-election as Sheriff.

PROHIBITION

Does Increase the Tax Burden

Absolute proof is at hand that prohibition has enormously increased the tax burden for the Kansas farmer and property owner. So great is the burden of taxation in prohibition Kansas that half the counties in that state find themselves in serious financial difficulties.

HERE IS THE PROOF:
(From the Topeka "State Journal" of Dec. 7, 1915)

"MUST RAISE LIMIT"

"One-Half of Kansas Counties in Financial Mire"
"Bond Issues, Economy or Legislative Relief Only Hope"

"Fifty per cent of the counties of Kansas will be forced to adopt sweeping economy measures or issue bonds to cover deficits in their general revenue funds, unless the next legislature raises the limit of the general revenue tax levy, according to men in touch with the financial condition of counties over the state."

The reason for the heavy tax burden under prohibition is not far to seek. Under prohibition, it becomes necessary to prosecute in court every year thousands of persons having alcoholic beverages in their possession. Each such case costs the county about \$50, according to the Topeka, Kan., "State Journal" of August 29, 1916. This paper also states in the same issue that in Topeka alone, there are 106 such cases docketed for the September term of court. This is the condition in one Kansas county, at one term of court alone.

Kansas spent \$701,944.40 in the last two years to maintain the inmates of her state prisons, while Nebraska spent less than half that sum.

WHO CARRIES THE TAX BURDEN?

It is interesting to observe how the prohibition politician always manages to unload the increased burden of taxation on the farmer and on the property owner. In Kansas the state tax levy for 1916 is equal to 6.5 mills on a one-fifth valuation, and in Nebraska it is only 6.1 mills on a one-fifth valuation.

In order to deceive the people and keep the state tax levy from mounting sky-high, the prohibition politicians in Kansas simply raised the assessed valuation of farm lands many millions of dollars this year.

HERE IS THE PROOF:
(From the Topeka "State Journal" of Oct. 5, 1916)

"Twice has he (Governor Capper, the prohibitionist) handed the FARMERS a package, by raising the valuations of their farm land, in order to raise more taxes, yet he permitted the railroads and corporations to go at the same old rate."

GOVERNOR CAPPER OF KANSAS HAS PUBLICLY ADMITTED THAT THE VALUATION OF KANSAS PROPERTY WAS BOOSTED \$79,000,000 IN 1915 FOR PURPOSES OF TAXATION.

THIS IS TYPICAL OF THE PROHIBITION POLITICIAN EVERYWHERE. HE RIDES INTO OFFICE ON THAT ISSUE, AND THEN PROMPTLY PUTS THE BURDEN OF INCREASED TAXATION BROUGHT ABOUT BY PROHIBITION, ON THE FARMER AND ON THE PROPERTY OWNER.

The squares shown below will appear at the TOP of the ballot. An X marked in square 301 is a vote AGAINST PROHIBITION.

Yes		}	Shall the above and foregoing amendment to the Constitution be adopted?

By order of board President Leamer appointed Directors John Feller and C. C. Beerman a committee to fix up or dispose of County Agent's car.

It was further moved and carried by the board that Treasurer Harry H. Adair send out another statement and letter to all delinquent subscribers, stating that if said subscribers do not remit in 30 days their amounts pledged to the association the same will be placed in the hands of an attorney for collection.

Meeting then adjourned to meet at call of committee on car.
