LOOK WESTWARD!

Are you or your sons using proper energies toward finding land, industrial or professional opportunities in localities adjacent to the Burlington lines through Wyoming, Western Nebraska, Northeastern Colorado or Southern Montana? I can put you in touch with excellent prospects in any of these sections. Mondell lands are going fast—so are the irrigated lands. Deeded lands in western Nebraska are steadily increasing in value. The towns of the North Platte Valley and the Big Horn Basin are all growing and offer good business chances. The oil industry of Central Wyoming and the Big Horn Basin is very extensive. All this new money is greatly widening the scope of business openings. The Burlington now has through service between Nebraska and Casper, Central Wyoming via Alliance and Wendover.

If you have before you the problem of the future, either for yourself or for your sons, let me help you.
