AT SALEM

On Thursday night, February 8, at Salem Lutheran church, there will be a lecture by our neighboring pastor, Rev. H. Wennermark of Oakland. His subject is "Dabbling in Everything." Rev. Wennermark is quite a vigorous speaker and a thorough feeler and he will entertain the audience while he is on the platform.

Interested in the admission price? Well, lets' say the admission is free, but you pay to get out. How much? We'll leave that wholly with you. We want to serve the community and so you are welcome without price. What we are particularly interested in is to have a house full, clean back to the doors. The big price for the address the pastor will pay by giving Rev. Wennermark a return date the latter part of the month.

An offering will be taken to defray railroad expenses and all above that will go into our benevolence funds. Remember February 8.

Farm Profits

Do favorable or unfavorable climatic conditions determine them? Yes, but more often the proper application or misapplication of generally recognized farming principles evolved by successful farmers and breeders and the government experiment stations: Farmer and Breeder is a compendium of the best ideas and successful methods employed by successful farmers and breeders. It is issued semi-monthly at Sioux City, Ia., and deals with farming conditions as they are here found. Its subject matter is strong and appetizing both to the farmer and stockman. You want to farm profitably—every intelligent farmer does. Farmer and Breeder will help you to do this and more too.

"Holco" Seeds
Our seeds are carefully selected to produce profitable crops in the severe climate of the North.
They are thoroughly re-cleaned, and tested for purity and germination. Because of their real merit, the demand is steadily increasing.
Our facilities for quick and accurate distribution were never so complete as this year. We expect the demand to be very heavy on Garden, Flower and Field Seeds and to avoid disappointment in not being able to secure desired stocks, we advise planters to list their requirements and place early orders.
