SCHOOL NOTES.

The last piece of playground apparatus was installed Monday. It was a slide which has been in constant use since it was set up by Mr. John Foltz.

The school exhibit of the various hand products of the year will be held Friday, May 8th. A patrons' meeting will be held that afternoon and a speech given by some prominent school man on some educational topic. Watch for further announcement.

Charles Riley McCalley and Miss Kelley have been engaged to give an entertainment at the school auditorium Friday evening, May 11. Mr. McCalley is a reader and entertainer of high merit and will read from James Whitcomb Riley Friday evening. His selections are accompanied and interspersed with violin and other musical selections. Miss Kelley is a soloist of reputation, and the combination assures us a very rare treat. The admission will be 35 cents and 25 cents. The program is given under the auspices of the playground committee. In order to complete the apparatus as planned it was necessary to exceed the fund previously raised. It is hoped that this deficit may be made up by this program, and we feel confident that all will be highly satisfied.

The final eighth grade examinations will be Thursday and Friday of this week. Emma Schmidt, Lottie Hileman and George Lahrs passed all subjects at the first writing. Good marks have been made by others with a very few exceptions. This speaks well for Miss Follett's work, because there has been very general complaint of the examinations this year being too hard for eighth grade people. The highest mark in arithmetic in the county was made by Dorothy Barnett. Her grade was 96.

The seniors will be excused from class work after this week.

The program for commencement week follows:
Baccalaureate sermon, Francis J. Aucock, Sunday, May 13.

Class play, the Elopement of Ellen, Tuesday, May 15.

Dinner for Seniors at home of Miss Shreiner, Wednesday, May 16.

Commencement—address by Rev. Huber, Thursday, May 17.

Alumni banquet, Saturday, May 17. Class motto: Don't wait for opportunity. Make it.

Class colors. Maroon and white. Class flower: American Beauty.

A scholarship to Nebraska colleges, granting \$25 of tuition free for each of four years was awarded to Marguerite Schriever.

The graduating class was fortunate in securing Rev. Huber, of Trinity Lutheran church of Sioux City, to give the commencement address. The exercises will be given at the M. E. church.

The junior-senior banquet was held Wednesday evening of last week at the home of Miss Lola Heikes. Individual favors of red and white roses, which were the class colors, marked the places. A four course dinner was served in which the colors were cleverly carried out. The class voted the juniors royal entertainers.

Soldiers' Letters

From Dakota City Boys Now Stationed at Ft. Winfield Scott, Cal.

From Harold Antrim to his mother, Mrs. Chas. Antrim.

Ft. Winfield Scott, Cal., May 3, '17. Dear mother: I have not received your letter, but thought I would start writing so I would not have so much to write about when I do. We have been in California now a week and one day, and think as much of it now as we did when we first came. We are getting along just fine. We are real soldiers now, and know how to march, turn all corners, and how to handle our guns so well that they are going to put us to guarding the batteries, the big guns, the guard house, and things like that. When on guard we are supplied with a gun and ammunition, and if a fellow comes along we are supposed to tell him to stop and if he don't do it we are supposed to use our rifle. I guess we don't need to worry as nothing of the kind has happened for a long time. We will not have to drill now except when we change guard and go out for parade.

Our guns weigh about eight pounds, but that is nothing to what the big 12-inch guns weigh. It took all of us that could get around it to move a shell about ten feet—it weighed 1050 pounds. We were all excited and wanted to get our guns when they took two German prisoners past us today. They have over 80 of them in prison on Angel Island, about two miles from us. We all like soldier life fine. We have a fine sergeant. Everybody is good to us and tell us things we want to know, and show us how to make our beds for inspection and fold our clothes. The most important thing is to keep clean. We have inspection every week, and must keep our guns, belts and bayonets shining all the time.

We get a lot of clothes—will name some of them: A blue dress suit and dress cap, two service suits and a service hat, five suits of underwear, nine pairs of socks, three pair of white gloves and one pair of leather gloves, two pair of shoes, two suits of work clothes and two work hats. One suit made of stuff like us scouts had, they are for working, and a lot of other things. We get fed just as good as we did the first day we arrived here. We are all in the same company except Melford Lothrop and Isaac Cooley, but they are only about two blocks away and we see them every day. The rest of us get to eat at the same table and sleep in the same room, and we sure do have a good time. The lights go out at 9 o'clock up stairs and at 11 down stairs, but we have to quit playing the victrola at 9. We have

a library in the day room and one in the writing room, and they are full of books. Last Sunday some of us went to Golden Gate park, and it is sure a nice place, but we missed our supper. We had our pictures taken on a big rock over a waterfall. Chester did not go along, as they wanted to try him out as a catcher on a ball team.

We won't have much gold to send home this month, as we have to buy soap, coat hangers, 40c for tailoring, 40c for gun cover, and \$1.50 for laundry, whether we have that much or more.

We have a place to spend our evenings when we are tired, and go to the Y. M. C. A., that is furnished by the army. They have singing, speakers, motion pictures, and most anything else that you can think of. We are all going there next Sunday night to church.

We took the inoculation over again that we took in Ft. Logan, but it didn't hurt like it did there. Chester weighs 185 lbs., and I weigh 132, gained 10 pounds since I left Omaha. Chester is on guard, so he will write later. We did not get your last letter but got George's and Alta's and glad to hear from them. Tell everybody hello for us. Will have to close for this time. Your son, Harold Antrim.

From Eddie Ansnes to his parents, Mr. and Mrs. Eric Ansnes. Ft. Winfield Scott, Cal., Apr 28, '17 Dear Mother, Father and Brother: We received your welcome letter and were glad to hear what little you had to say. I think you had better keep your stamps and buy more paper so you can write more.

We have Saturday afternoons and Sundays off. This morning we had inspection of rifles, wall lockers, foot lockers and our bunks. I have heard that some of the fellows say that we were the best bunch of boys that came here so far. We intend to go to the Golden Gate park tomorrow, it is just a mile from here, and they say it is a swell place. I was at Frisco last night and the night before.

We have supper at 5:30. It seems funny to look up at the clock and see it 6 o'clock here and it is 8 o'clock at Dakota City. There is two hours difference here and it was one hour different at Ft. Logan.

Emil did not say what part of the team he was playing on. I was going to keep my good suit but after the first of May you can't wear them, even your blue parade suit, nothing

For Sale

A Whiteface Bull, 4 years old, weight about 1400 pounds, eligible to registration. A good serviceable animal. John C. Sullivan, Nacora, Nebr.

but the O. D. suits. If we get \$18 a month I am going to send home \$10 and you can put it in the bank, or buy something useful for yourself. I'll bet a lot of those fellows around there feel rather lonesome. Tell Emil to tell Doolie hello for me and send me out a hair cut once in a while. Good bye, lots of love, from your son, Eddie R. Ansnes.

From Melford Lothrop to Raymond Ream: Ft. Winfield Scott, Cal., Apr. 28, '17 Dear Raymond: We got in here Sunday morning. We are separated again, but we see each other every night. We have an easy time of it, only have to drill 3 hours a day and the rest of the time we can do as we wish. After retreat I usually go over and see the other boys, and we go out and see the country. We can see many of the large buildings in San Francisco from the fort. It is certainly fine out here, but it is so hot that it makes a person feel lazy.

I received my gun yesterday and have drilled with it twice. It is sure some job carrying it around, as it weighs 8.65 pounds. Wilfred Kinkle went to Frisco the other night and saw a genuine Chinaman and he is still talking about it.

I had my second inoculation today. It sure makes a fellow's nose sore for about a week. It is as cold as it is here in the fall. I have got a cold, and aside from that I am feeling fine. I got my cold when we had to stand in the snow and water at Ft. Logan all morning to draw what little clothes we got there, and they are worthless down here.

I am figuring on going to Frisco after pay day and have my picture taken, and will sure send you one. This army life is sure a great thing. I was over to see Isaac Cooley last night and I hardly knew him with his uniform on.

Will close for this time. Tell all the rest hello. Melford Lothrop.
