Lutheran Church Notes

DAKOTA CITY-SALEM
REV. C. R. LOWE.

Emmanuel Ladies' Missionary society will meet at the parsonage, Friday, May 11, at 2:30.

You do not want to forget the concert by the State University ladies at Salem, Saturday, May 19. Music, vocal, instrumental, and reading. These ladies are on a lyceum tour and they are at least semi-professional. You will not be disappointed when you hear them. If you are you do not need to pay anything. It is a pay as you come out, not as you enter. They come to us for what may be offered them on the plates. Salem expects to do the right thing by them when they came. We all enjoy high class entertainment, especially when we can have it at our own price.

We will have with us on Sunday, May 27, Rev. Walter, the superintendent of Tabitha home at Lincoln. He will speak to us concerning that work, caring for the orphans and aged and helpless. We will be glad to have him. We have been contributing much more than our apportionment to that institution and will be glad to see the superintendent. Brother Frank told me he had seen Rev. Walter at the German conference at Papillion and arranged to have Rev. W. speak at 10 o'clock at St. John's church and then he can come over to Salem at the 11 o'clock hour. It is very convenient to work together in this way. Rev. Walter will be at Emmanuel in the evening.

And after all why shouldn't the churches work together? Does any one put his particular church before the kingdom of God? If he does he ought not and he is narrow. It is right according to the scripture to put the church first in the kingdom of God, but a church is not the church. I have heard men say in the pulpit that no one could be saved except through their particular denomination, but happily that sort of thing is surely disappearing in protestantism. We are still and probably always will be zealous for our own, but we are learning to recognize one another more in our different churches. If we recognize others as christian people, why shouldn't we treat them as such. That is what your pastor believes in. So strong is it in him that occasionally some will tell him he was not cut out to be a Lutheran preacher. The popular idea of the Lutheran church is that it is exclusive, that it claims to be the only church, etc. That it is too much so we must admit. Our own general synod is at the extreme liberal wing, but tremendous outside pressure is being exerted to "clamp down the lid." It is a mistake for us to yield. It is not a matter of doctrines but of practices. Our doctrinal basis is unassailable and the pastor could not preach anything else. We cling to that tenaciously. Anyhow the similarities are many more than the differences and unfortunately they are what is magnified. Miles of good road are enjoyed and perhaps spoken of, but a single chuck hole will bounce you against the bows and make your head hurt, and you remember that one hole after you have forgotten the other.

The fact that churches do not get together is an outstanding fact in the eyes of the non-church people. And the church alone can remedy it. All should have the mind of Christ toward one another and it should be so between churches of the same denomination above all. One of the finest things I have heard in my nineteen months pastorate was the very favorable comment on the personal and pastoral relations between Bro. Frank and myself. Here's my hand, Bro. F. We can't disappoint that brother. As the pastors are toward each other so will the congregations be, largely.

And now to practice what is above preached. There will be no service at Emmanuel next Sunday evening, but instead there will be a union service at the Methodist church in honor of the high school graduating class in which the pastor will have a part. This is a good thing.

County officers—the sheriff and clerk, have received orders from the war department to arrange plans for a registration of all residents of the county for military purposes under the new draft law that is now before congress. The officers have been instructed to appoint a registration board for each voting precinct and have everything in readiness so that when the law is finally passed, a day for registration can be set and the report made immediately.

Work on the signal tower at the crossing of the Burlington and Omaha roads at this place is progressing rapidly and the system will be in working order in a short time. The foundation was finished Tuesday and the frame is now up for the tower.

Officers for the ensuing year were elected at the regular meeting of Omadi Lodge No. 5, Saturday evening. They are—Sidney T. Frum, W. M.; Fred A. Wood, S. W.; Elmer H. Bierman, J. W.; George Wilkins, treasurer, and John H. Ream, secretary.

Raymond and Harry Broyhill enlisted this week, the former re-enlisting in the navy and the latter in the army. Harry will probably be sent to some training camp this week if he passes the necessary examination. Raymond may not be called upon for some time yet, as the navy is full at present.

D. M. Neiswanger has added a new section of shelving to his pharmacy, and brightened up the ceiling with a new coat of paint. He will also partition the prescription room off with handsome lattice-work which will add greatly to the appearance of the room. Mr. Neiswanger believes in having things up to date.

How about your alley and backyard? The city ordinance requires that all alleys and vacant lots should be cleared of manure and rubbish by May 1st, and if not done by the property owner the village marshal is authorized to do it at the expense of the property owner. Marshal Lahrs has orders to look after these conditions, so you had better clean up and avoid expense.

Readers of The Herald who keep horses will find in this issue of the paper a special illustrated communication from the United States department of agriculture telling how to care for the animals when they are sick. Cut out the piece and keep it for future reference.

Tons and tons of fish are being taken from Crystal lake by a force of seiners under the supervision of the state game warden. Several spoonbill cats were captured on Monday that weighed as much as 90 pounds each. A big batch of year-bass was planted in the lake one day last week by W. J. O'Brien, superintendent of the state fish hatchery at Gretna.

Prof. C. Jacobson of Bancroft, was an over Sunday visitor with friends in this place. Mr. Jacobson informed The Herald that he would not teach school the coming year, although he had been tendered his present position at an increase in salary, but had decided to accept a position with the Equitable Life Insurance society, with headquarters either at Lyons or Wayne.

The high school ball team went to Newcastle and Ponca Tuesday and played the high school teams—losing to Newcastle by a score of 20 to 1, and winning from Ponca 13 to 7. Newcastle had about the same team they used last year, while our boys had to substitute four little shavers from the kid team to fill the vacancies made by those who enlisted in the army. The Ponca team was in about the same condition as our boys, and the latter score was much closer.

A very pleasant evening was spent at the home of Mrs. Eva L. Orr last Wednesday when a number of relatives and friends of the family assembled to pay their respects before the departure of Mrs. Orr and daughter, Gladys, to South Sioux City, where they will reside in the future. This had been Mrs. Orr's home for half a century, and it is with feelings of regret that the people of Dakota City anticipate their removal from our midst. A handsome silver gravy ladle was presented to Mrs. Orr during the evening.

Ben Haaker, arrested at South Sioux City last week for the illegal sale of liquor, was given a hearing before County Judge S. W. McKinley Monday and was bound over to the district court under bonds of \$200. About seventy-five cases of beer and a quantity of whisky was confiscated in the raid of Haaker's place. Some of the liquor was bottled in the cellar under a bin of potatoes, the balance being buried in a hen house in a hole several feet deep, covered with straw, in which setting hens were on guard. Enough liquor was found on the Haaker premises to last an ordinary man forty years, if he used it judiciously.

Mrs. Harriett Cain Age 91 Dies

Mrs. Harriett Cain, mother of Sheriff George Cain, and probably the oldest resident of Dakota county, died Monday at the home of her daughter, Mrs. Charles Skidmore, in South Sioux City. Mrs. Cain was born November 27, 1825, near Quincy, Ill., and was 91 years, 6 months and 3 days old at the time of her death. Deceased was a kind, motherly woman, with a pleasant word for every one, and will be missed by one and all alike.

She is survived by three sons, John Cain, of Homer, Neb.; George Cain, of Dakota City, and Allen Cain, of McIntosh, Wis.; and two daughters, Mrs. Chas. Skidmore, of South Sioux City, and Mrs. Margaret Van Cleve, of Augusta, Wis. She is also survived by thirty-six grand children and ninety-three great grand children and several great great grand children.

Deceased located in Dakota county thirty years ago, and had made this her home since, and during that time had witnessed a wonderful transformation in the development of the county and state.

Funeral services were held Wednesday afternoon at 2 p. m. from the Methodist Episcopal church at Homer, Neb., Rev. Pendell officiating. Burial was in the Omaha Valley cemetery.

Telephone Company Hit Hard by Sleet Storms

The damage caused by the sleet and wind storm that swept over western Nebraska the afternoon of April 19 cost the Nebraska Telephone company more than \$40,000, according to a statement by Vice Pres. and Gen. Mgr. W. B. T. Belt received by Manager O. L. Randall, of this place.

From Kearney west to the Colorado line and nearly across the state north and south the telephone company had about 250 miles of long distance wire down.

The afternoon of April 19, about 3 o'clock, the mist and light rain began to fall and freeze as it struck the wires. Soon the wires were weighted with ice nearly half an inch thick. This load broke many of the wires, and with a rising wind that night the poles began to snap off until so many lines were down that it was almost impossible to get a long distance call through anywhere in the western part of the state.

As soon as it was learned what damage the sleet was causing, the telephone company rushed men there from Omaha and other Nebraska towns and within 24 hours several hundred men were at work throughout the storm-swept area repairing the damage.

Between Dakota City and Sioux City there were 56 poles broken off by the sleet storm of March 15th, throwing out of service twelve of the most important toll circuits in the district, where service was temporarily restored within 48 hours by a score of men. The entire cost of this work to rebuild was approximately \$9,000.

Sell the Champion Cream Saver THE NEW DE LAVAL

BUTTER made from De Laval separated cream has won first prize at every convention of the National Creamery Buttermakers Association for the last twenty-five years, as well as in every other important contest, and you must admit that this fact can mean but one thing—

The De Laval user gets not only more cream, but better cream

De Laval separated cream is better simply because the construction of the De Laval bowl makes close skimming possible at a speed so low that the butter-fat globules are delivered from the cream spout unbroken.

If you make butter yourself, or if you ship to a creamery and want the highest rating for your cream, you cannot afford to use any separator but the De Laval.

Have you seen the NEW De Laval? The new self-centering bowl with its patented milk distributor is the greatest improvement that has been made in cream separator construction in the last thirty years and we'd like to have a chance to show you how it works. The NEW De Laval also contains many other important improvements that we know will interest you.
