Sell the Champion Cream Saver THE NEW DE LAVAL BEFORE you buy a separator, there are certain things that you ought to know about it.

The man who is using a machine is the man who can tell you the truth about it. We'll be glad to give you the names of a number of De Laval users right around this town—some of them men who formerly used separators of other makes.

The Reason for Toll Charges

Less than one-fourth of our subscribers make three-fourths of all the long distance telephone calls. The long distance lines are used only occasionally by the large majority of telephone subscribers.

For this reason a charge is made for each long distance call rather than cover the expense of providing this service by increasing the local telephone rates.

It would be very convenient not to have to pay extra to talk to neighboring towns. If we gave free long distance service, however, it would mean that all telephone subscribers would pay the cost of maintaining the long distance lines which are used generally by only a few.

Lutheran Church Notes

DAKOTA CITY-SALEM REV. C. R. LOWE.

As for the concert which was announced for next Saturday night, it is off. Miss Flavel Bollman writes that only two places which had agreed to give them a night held to their promise and that they did not feel justified in going out for only two concerts. We should like to have had them.

Sunday evening, May 27 there will be a union memorial service at the Lutheran church, to which all are cordially invited, at which the pastor will speak. This is no assumption on the pastor's part, but an arrangement between Bro. Aucock and him. It has been a number of years since such a service has been held in our little city, and while it is a good thing not to neglect it, it is especially fitting for us in our present times. As our patriotism rises for our country and her traditions and institutions, we must never forget that the hand of God is over it all and that the "nation that forgets God shall be cast into hell."

A number of our Salem people were present at the class reunion last Sunday night, and we appreciated this. Rev. Aucock preached us an excellent sermon.

No practice for children's day was announced for Friday night but we will practice any way.

The pastor enjoyed preaching to about 50 people at Homer Sunday afternoon.

SCHOOL NOTES.

By Clarence Linton.

The last week of school has arrived, before we were expecting it, and almost before we wanted it.

Kathryn Ramsey, Mrs. Ed Frederick and Mr. Voss were visitors at school during the past week.

The entertainment given by Mr. McCalley and Miss Kelley was not what was expected and proved a disappointment to most of us. The total amount added to the playground fund was \$7.70.

The school exhibit for the year will be held Friday afternoon of this week. No school will be held that afternoon and playground athletics for the children will be planned instead. A patrons' meeting will be held at 3 o'clock in the school auditorium. Prof. A. U. Teed, of the Wayne State Normal school will give an address on a present day educational problem. Special invitations are being sent to the parents and friends of the school in the hope that a good audience will be present. This is an exceedingly busy season, but try to plan your work so you may be able to visit the school Friday afternoon. Come at 2 o'clock and see the children at play and the exhibits before the speech.

Wednesday evening Miss Shreiner will entertain the seniors and Mr. and Mrs. Linton at a 6 o'clock dinner at her home in Sioux City.

The commencement exercises will be given at the M. E. church Thursday evening. Rev. Huber, of Sioux City, will give the address of the evening. An admission of 25 cents will be charged all.
