

It Could Not Be Safer

A strong statement? Let's see. There's 31 years GOOD Banking—with ample capital—every modern safeguard. All demand deposits are kept READY—in cash—Always. All notes—are SECURED notes, Farmers' mostly, (and they're SAFE.) Back of all these—there are 4000 acres of clear lands—every dollar of owners, ON GUARD for depositors. And yet—with all this MID-WEST Welcome—Service—Safety, 4%, some thousands take 3%.

Lutheran Church Notes DAKOTA CITY-SALEM REV. C. R. LOWE.

"The Sabbath was made for man, not man for the Sabbath." God did not make a system and then put men into the system, he made the system about man as the center. It took a good many years to prepare the world for men to live in.

But is it really true? does it work out in life? We hold to an eight hour day, because it is proven by experience that a man can do as much work in eight hours as in ten. One of our men has proven to his corn huskers that he can shuck as much corn before a six o'clock supper as he can a later one.

Our little city is open up and down the street part or all the day Sunday. I asked one of our merchants as to putting on the lid all day Sunday. He said his customers would go to his competitor in a huff if he did not accommodate them Sunday.

It is God's command to rest on the Sabbath and it is therefore right. It is the best interest of each man practically to observe the day of rest. Therefore the storekeepers should discourage all Sunday buying, not to say they should clamp down the lid and sell nothing, and the people who do the buying ought to get the habit of buying Saturday.

Children's day program at Salem next Sunday. The program at Emmanuel was well rendered last Sunday evening.

Notice To the party who built a fence on part of lot 5, section 27, township 29, range 8, in Dakota county, Neb., you are hereby notified to remove same. All trespassing on said premises is forbidden.

We Want the People to Know the Truth About Our Business

The more information anyone has on a topic, the more correct his opinion is likely to be. We believe that the more our patrons know about our business the greater will be their confidence in us.

We advertise to tell the people the facts about our business. We think the people have a right to know what we are doing and why we are doing it—to know how much money we receive from the sale of service and how it is used.

Our accounts and records are kept according to methods approved by the United States government, and the public may learn at any time the details of how we are conducting our business. We want the people to know the facts about our business, that they may judge impartially as to the propriety of what we are doing.
